A MESSAGE FROM BARCELONA

For more than five decades, the LGBTQIA+ movement has demonstrated an extraordinary capacity to expand rights, transform societies and create spaces of freedom for millions of people around the world. None of these achievements were inevitable. Every one of them was made possible through the commitment of generations of activists, organisations and communities who chose to take action, even when doing so was neither easy nor safe.

Today, we continue to be heirs to this collective effort. We are living through a moment marked by profound contradictions. Never before have so many LGBTQIA+ people been living with recognised rights in so many countries, while there are still communities where being LGBTQIA+ can lead to persecution, imprisonment or even the death penalty. At the same time, we have not witnessed such intense challenges to these very rights in different parts of the world for decades. The challenges faced by our communities are diverse and complex, but they

share the same reality: no progress can ever be taken for granted.

It is from this conviction that Barcelona's bid for WorldPride 2030 emerges. We present this proposal with humility, recognising that no city holds all the answers on its own, with responsibility, understanding the significance of the trust placed by InterPride, and with ambition, because we believe that WorldPride 2030 can become an exceptional opportunity to strengthen the global LGBTQIA+ movement.

Barcelona aspires to host a WorldPride that goes beyond celebration. A WorldPride capable of listening to the diversity of experiences that shape our communities, fostering spaces for international cooperation, and promoting initiatives whose impact will continue long after the events of 2030 have concluded.

The proposal you will find in this Bid Book has been built through dialogue between community

organisations, public institutions and individuals committed to the promotion of diversity and human rights. It reflects an understanding of WorldPride grounded in listening, collaboration and shared responsibility, but also in the belief that meaningful change always begins when communities choose to work together.

That is why we are presenting this bid. Because we believe that celebrating Pride remains as essential as ever. Because we believe that international cooperation is more necessary than ever. And because we are convinced that WorldPride 2030 can help us build stronger, more connected and better-prepared movements capable of meeting the challenges of the future.

With this commitment, we respectfully submit our candidacy for the consideration of InterPride.

Pride Barcelona Team.

STRONGER TOGETHER: SUPPORT LETTERS

1. WHY

2030 AND FORWARD

Celebrating 25 years of marriage equality and 50 years since the legalisation of Spain's first LGBTQIA+ organisation.

A COMMITTED & SECURE BID

Backed by Barcelona City Council, the Government of Catalonia and Spain's Ministry of Equality.

POWERED BY ACTIVISM AND DEMOCRATIC VALUES

Developed in partnership with more than 40 LGBTQIA+ community organisations.

PROVEN CAPACITY AND MANAGEMENT EXPERTISE

Drawing on more than 20 years of experience delivering large-scale events through Pride Barcelona.

BARCELONA, WHERE DIVERSITY IS CELEBRATED

Home to one of Europe's leading environments for LGBTQIA+ rights, consistently recognised by ILGA-Europe.

BARCELONA?

BARCELONA IS HOPE

Why Barcelona? Barcelona is a diverse, forward-looking city and a recognised cultural and artistic hub. Above all, however, it is a city shaped by a strong tradition of social activism and civic engagement. Barcelona offers an ideal setting for a transformative social movement where everyone can advocate, be visible, and celebrate in safety. This means not only creating an environment where LGBTQIA+ people can express themselves freely, but also providing the infrastructure, experience and resources required to host an international event on the scale of WorldPride.

Barcelona and its people have long demonstrated leadership in social movements and the advancement of human rights. We believe there are several reasons why the global LGBTQIA+ movement has a unique opportunity to drive positive social change through Barcelona, a trusted and proven host city.

ACTIVISM AND DEMOCRATIC VALUES

The LGBTQIA+ movement has deep roots in Barcelona, from the historic 1977 Barcelona Pride demonstration to the ongoing work of more than 40 LGBTQIA+ community organisations. Together, these organisations are ready to open their city, their networks and their experience to the world.

A STRONG INSTITUTIONAL FRAMEWORK

Spain and Catalonia have developed progressive legal frameworks to combat LGBTQIA+ discrimination and promote equality. Supported by public policies and institutional commitment, these mechanisms help protect rights, address discrimination and strengthen inclusion across society.

A CITY THAT CELEBRATES DIVERSITY

Neighbourhoods such as the historic “Gaixample”, events including Pride Barcelona, and the visible presence of diversity throughout the city’s cultural life all contribute to Barcelona’s reputation as a place where people can be themselves.

Speaking about safety does not mean claiming that challenges no longer exist. Rather, it means recognising the existence of

a social, political and community infrastructure that actively works to confront them and create safer, more inclusive spaces for all.

CAPACITY TO WELCOME THE WORLD

For a global event such as WorldPride, logistical and organisational capacity are essential. Barcelona offers a strong foundation for welcoming participants from across the world, including:

- Extensive tourism, hospitality and cultural infrastructure.
- Proven experience in delivering major international events.
- Excellent transport connections and global accessibility.
- A vibrant civil society with extensive experience in activism, volunteering and community organising.

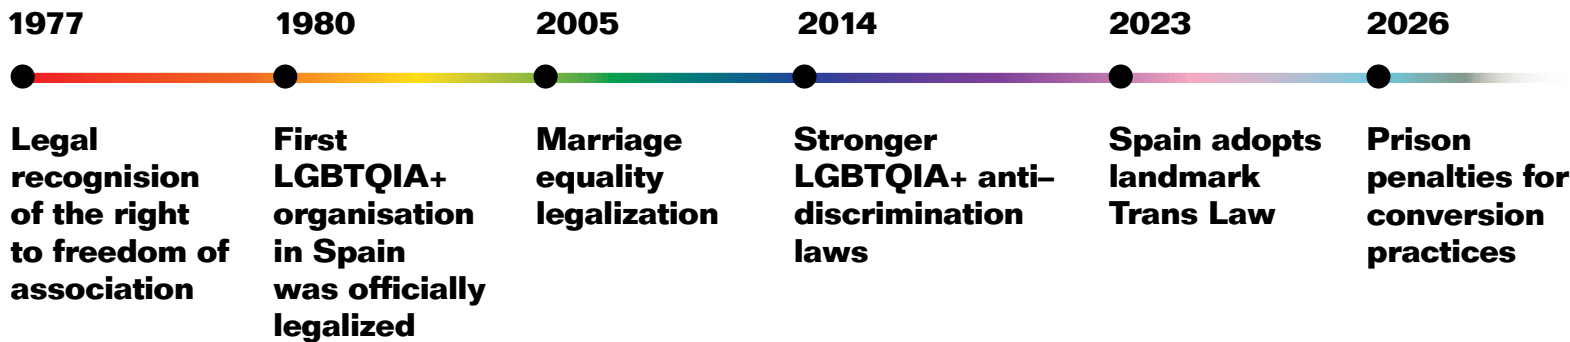

A BID ROOTED IN RESPONSIBILITY

Our bid is founded on a simple principle: placing Barcelona’s resources, expertise and commitment at the service of the global LGBTQIA+ movement.

Activism takes many forms and can create change through many different channels. We believe that by bringing together voices, experiences and collective energy in a welcoming and well-prepared city, WorldPride 2030 can become:

- An international platform for LGBTQIA+ visibility.
- A meeting point for activists from around the world, strengthening collective action and solidarity.
- A powerful space to amplify the defence of human rights.
- An intersectional forum that elevates and celebrates the full diversity of LGBTQIA+ communities.

1.1.1 RIGHTS IN BARCELONA

The history of the LGBTQIA+ movement in Barcelona is closely linked to Spain’s democratic transition and the recovery of civil liberties. One particularly symbolic moment was the Barcelona Pride Demonstration of 1977, widely recognised as the first major public demonstration for LGBTQIA+ rights in Spain following the end of the dictatorship. From that point onwards, Barcelona became one of the leading centres of LGBTQIA+ activism in Southern Europe.

The progress achieved since then has been driven by collaboration between public institutions, community organisations and the LGBTQIA+ movement itself, resulting in legal reforms, specialised services and stronger community networks. Key milestones include:

- In 1977, following the end of Franco’s dictatorship, Spain introduced legislation recognising the right to freedom of association. That same year, Barcelona hosted the country’s first LGBTQIA+ rights demonstration. In 1980, the first LGBTQIA+ organisation in Spain was officially legalized, the Front d’Alliberament Gai de Catalunya (FAGC), the Gay Liberation Front of Catalonia. In 2030, we will commemorate the 50th anniversary of this historic milestone in the movement’s history.
- In 2005, Spain became one of the first countries in the world to legalize marriage equality, granting same-sex couples the right to marry and adopt on equal terms. This legislation marked a profound step forward in both legal and social equality. In 2030, we will celebrate the 25th anniversary of its adoption.
- In 2014, Catalonia strengthened legal protections against discrimination affecting LGBTQIA+ people in education, healthcare, employment and sport, introducing prevention, reporting and response mechanisms for cases of LGBTQIA+ discrimination. In 2025, the legislation was further updated to reflect evolving social realities, reinforce legal safeguards, strengthen the sanctions framework, incorporate an intersectional approach and introduce specific measures for trans people. The reform also extended protection to organisations working in support of LGBTQIA+ communities.

- In 2023, Spain adopted the landmark Trans Law, recognising the right to gender self determination and removing requirements for medical diagnoses or hormonal treatment. The legislation prohibits conversion practices and establishes specific measures to combat discrimination and hate crimes. Widely recognised as a significant international milestone, the law strengthens equal rights across multiple areas of public life.

- On Thursday, June 25, 2026, the Spanish Congress approved legislation that criminalizes LGBTQIA+ conversion practices with prison sentences. The new law seeks to incorporate so-called conversion practices into the Criminal Code. These practices aim to change a person's sexual orientation or gender identity and will now be punishable by prison sentences ranging from six months to two years for anyone who "applies or carries out" them.

- Promoting conversion practices was already classified as a very serious administrative offence under Spain's 2023 Trans Law, carrying fines of up to €150,000. However, the new legislation is intended to strengthen the legal response by making these practices a criminal offence, recognizing them as one of the most serious forms of discrimination and abuse against LGBTQIA+ people.

Alongside these legal advances, a range of services and institutional mechanisms are available to support LGBTQIA+ people and respond to discrimination:

- Rainbow Line and 028 Service, a comprehensive support

service providing information, legal advice and psychological assistance, particularly for those experiencing discrimination or violence. Available free of charge, confidentially and 24 hours a day, it serves as an entry point to specialised resources and contributes to the prevention and reporting of hate crimes.

- Hate Crime Prosecutor's Office, a specialised judicial unit responsible for investigating and prosecuting crimes motivated by discrimination, including LGBTQIA+ hate crimes. Its work strengthens institutional responses, improves victim protection and reinforces legal recognition of these offences.

- LGBTQIA+ Training for Law Enforcement, dedicated training programmes for police officers and other security services aimed at improving support for LGBTQIA+ victims and enhancing the identification and reporting of hate crimes. These initiatives contribute to increased trust in public institutions and more effective responses to discrimination.

- Purple Points (Punts Lila), safe spaces established at public events and nightlife venues to prevent, identify and respond to gender-based and LGBTQIA+ discrimination. These services provide direct assistance, guidance and referrals to specialised support services, while also carrying out awareness and prevention activities.

Catalonia also benefits from a comprehensive network of public services that provide direct support, guidance and assistance to LGBTQIA+ individuals and their

families. Among the most significant resources are the SAI, Integrated LGBTQIA+ Support Services. This public network operates throughout Catalonia, ensuring local access to services in municipalities across the territory while supporting the implementation of LGBTQIA+ public policies.

Services provided include:

- Information on LGBTQIA+ rights.
- Guidance and support for LGBTQIA+ people, families and professionals.
- Assistance for victims of LGBTQIA+ discrimination.
- Support in filing administrative complaints.
- Accompaniment throughout legal and institutional processes.
- Emotional support, family mediation and social guidance for individuals in vulnerable situations.
- Advice regarding administrative name changes.
- Assistance with recognised names on healthcare cards and disability accreditation documents.
- Guidance on legal procedures related to gender identity.
- Training for public officials and public administration staff.
- Support for the development of local LGBTQIA+ public policies.
- Awareness campaigns, support groups and the integration of LGBTQIA+ perspectives across municipal initiatives.

Finally, Catalonia also provides specialised programmes such as Servei Trans, a dedicated service delivered through the Department of Health that supports and advises trans people, and SOC Trans, a programme led by the Department of Business and Employment that promotes workplace inclusion and employment support for trans communities.

Centre LGTBI of Barcelona

The City of Barcelona has developed a wide range of policies and initiatives aimed at ensuring the rights of LGBTQIA+ people in everyday life. These include municipal strategies on sexual and gender diversity, awareness and training programmes within public services, anti-discrimination measures, promoting LGBTQIA+ culture and historical memory, and policies designed to strengthen social and economic inclusion.

One of the city's most significant and pioneering initiatives is the

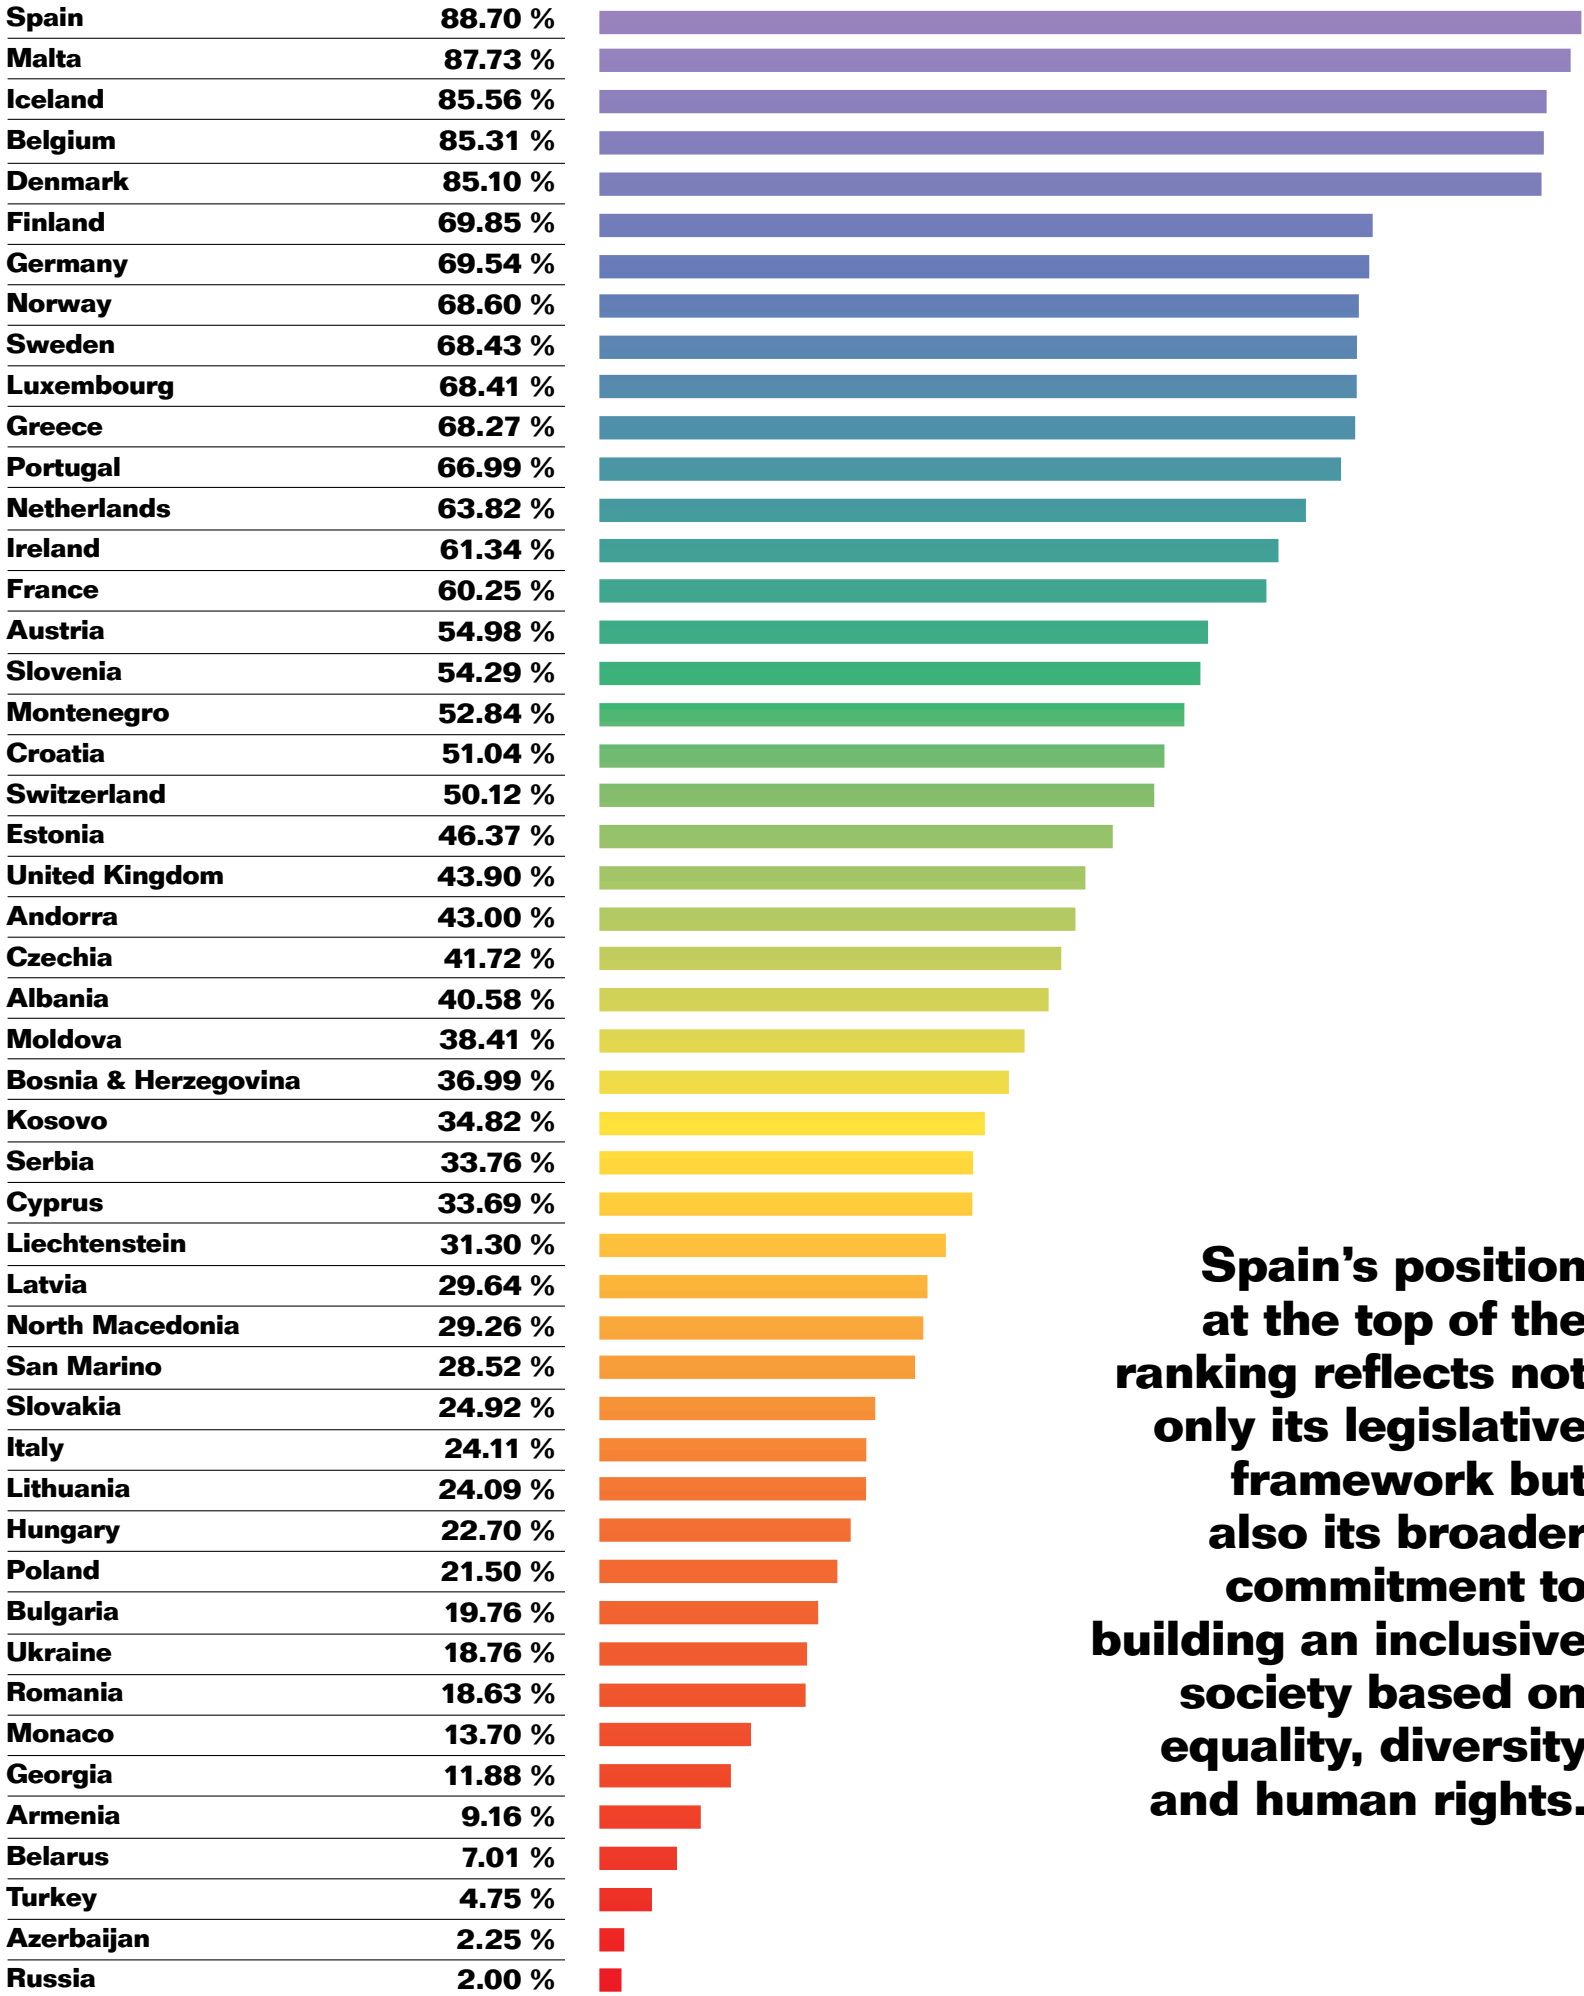

Barcelona LGBTQIA+ Centre. Here, rights extend beyond legislation and policy, taking shape through a community-led space that provides direct support to LGBTQIA+ people and their families.

The Centre has also become the home of many of Barcelona's LGBTQIA+ community organisations, which use the facility as their day-to-day base of operations. Through a shared governance platform, these organisations actively participate in the management and development of the Centre, making it a unique example of collaboration between public institutions and civil society. Opened in 2019, the Barcelona LGBTQIA+ Centre offers a wide range of free services for LGBTQIA+ people and the wider community, including:

Here, rights extend beyond legislation and policy, taking shape through a community-led space that provides direct support to LGBTQIA+ people and their families.

- Welcome, information and guidance services.
- Psychological support.
- Legal advice and assistance.
- Dedicated services for trans people.
- Social support for individuals facing challenges related to employment, housing or social exclusion.
- Community and cultural spaces hosting support groups, workshops, talks and exhibitions.

Since its opening, the Centre has supported thousands of individuals and hosted hundreds of cultural and community activities. Today, it stands as one of the city's most important reference points for sexual and gender diversity, reflecting Barcelona's ongoing commitment to inclusion, visibility and community empowerment.

Spain's position at the top of the ranking reflects not only its legislative framework but also its broader commitment to building an inclusive society based on equality, diversity and human rights.

1.1.2
ILGA-EUROPE
FIRST
POSITION FOR
LGBTQIA+
RIGHTS

According to the latest Rainbow Map published by ILGA-Europe (2026), Spain has achieved the number one position in Europe for LGBTI rights, becoming the highest-ranked country among the 49 European states evaluated. This milestone marks the first time that Spain has reached the top of the ranking, ending Malta's decade-long leadership.

Spain's leadership is the result of sustained political commitment and significant legislative and policy advancements in the field of equality and human rights.

Among the key factors highlighted by ILGA-Europe are:

- The full implementation of the 2023 LGBTI and Trans Laws.
- The effective depathologisation of trans identities within the healthcare system.
- The adoption of national action plans and strategies promoting LGBTI and trans equality.
- The creation of an independent authority for equal treatment and non-discrimination.
- The strengthening of legal protections against discrimination and hate crimes.
- Continued institutional support for diversity, inclusion and equal rights.

The ILGA-Europe Rainbow Map is widely regarded as the leading

benchmark for assessing LGBTI rights in Europe. It evaluates countries across areas such as equality and non-discrimination, family rights, protection against hate crime and hate speech, legal gender recognition, intersex rights, civil society freedoms and asylum policies.

Spain's position at the top of the ranking reflects not only its legislative framework but also its broader commitment to building an inclusive society based on equality, diversity and human rights.

As a result, we are recognised as one of the most advanced and supportive environments for LGBTI people worldwide.

LGBTQIA+ NIGHTLIFE AND ICONIC SPACES

Barcelona is one of Europe's leading LGBTQIA+ destinations, offering a rich ecosystem of nightlife venues, community spaces, cultural institutions, beaches and festivals. The city's LGBTQIA+ scene reflects a diverse, inclusive and creative identity, welcoming both residents and international visitors.

LGBTQIA+ Districts and Iconic Spaces

- 01 Gaixample:** Located in the Eixample district, Gaixample is the main LGBTQIA+ neighbourhood in Barcelona, hosting bars, restaurants, shops, hotels and cultural venues. The area has grown organically as a central meeting point for the queer community.

02 Glorieta de la Transsexual Sònia: Public square commemorating Sònia Rescalvo Zafra, a trans woman murdered in 1991. Now a symbol of visibility, activism and remembrance for the LGBTQIA+ community.

03 Llibreria Antinous: Spain's largest LGBTQIA+ bookstore, offering literature, essays, comics and cultural programming focused on queer identity.

04 Platja de la Mar Bella: Main LGBTQIA+ beach in Barcelona, known for its welcoming and inclusive environment.

05 Platja de les Filipines: Natural beach outside the city with naturist-friendly and inclusive atmosphere.

06 Sitges: Iconic LGBTQIA+ destination 35 min from Barcelona. Highlights include:

 - Parrot Pub & Terrace: central meeting point, lively terrace.
 - Cala Balmins: naturist-friendly, relaxed beach atmosphere.
 - Platja del Mort: the world's first gay nudist beach from the 1930s.

Nightlife and LGBTQIA+ Clubs

- 01 Arena Xperience (Arena Group):** Club focused on commercial gay parties, with regular events and dance floor.

02 Safari Disco Club: Similar to Arena, hosting commercial gay parties and social events.

03 Believe Club: Club with drag shows and animation, for queer audiences, not electronic-focused.

04 Candy Darling: queer and alternative atmosphere with drag shows and performances.

05 Carita Bonita: lesbian club-bar with dance floor spaces.

06 Night Barcelona: Cruising club and social venue with international clientele.

07 The Moon: Club-style bar, dance floor, nightlife for LGBTQIA+ crowd.
- 08 Titanic:** Nightlife venue with social and dance spaces.

09 Moeem: Club with dance music and nightlife for diverse queer audiences.

10 Noa Noa: cultural space, meeting point, no nightlife emphasis.

11 Punto BCN: classic bar, social meeting point in Gaixample.

12 Boys Bar: Gay male-oriented bar.

13 Pink Corner: informal LGBTQIA+ social bar.

14 Bacon Bear Bar: focused on bear community, events, and socializing.

15 Honey: queer/feminine bar, small and friendly.

16 Ken Barcelona: bar with themed nights, social focus.
- 17 Elvira:** social bar with diverse queer audience.

18 Maricón Bar: queer identity, social hub.

19 Salvaje: bar with events and performances.

20 La Chapelle: social bar for community gatherings.

21 Priscilla: Cocktail bar, social venue.

22 La Sastreria: Cocktail bar, drag shows and commercial DJ.

23 Madame Jasmine: Cocktail bar, social venue.

24 Lo de Carmen: community meeting point, cocktail bar.

25 Pervert Club: electronic music for sexual dissidents.

Independent Queer parties

- Churros con Chocolate** (Venue: **Sala Apolo [26]**): One of Spain's most iconic queer parties. Held at Sala Apolo, is known for its inclusive atmosphere, eclectic music and spectacular performances.

Yass! Party (Venue: **Safari Disco Club [2]**): young audience, commercial/pop music.

La Troupê (Venue: **Sala Razzmatazz [27]**): varied music, shows, diverse queer audience.

Circuit Barcelona: one of the most multidinary gay male festivals in the world takes part in Barcelona during a week in different venues in the city,
- including the famous party at the “Isla Fantasía” waterpark.

El Dirty (Venue: **Sala Razzmatazz [27]**): dance and house, young-adult queer crowd.

Loco Bongo (Venue: **La Paloma [28]**): bingo with shows and commercial music, queer-friendly.

Me Siento Extraña (Venue: **Candy Darling [4]**): pop/indie/ nostalgia, relaxed queer socializing.

Manuelas / Las Manuelas (Venue: **Vertigo Club [29]**) lesbi/reggaetón style, feminine queer community.

Maricas x Maricas (Venue: **Sala**
- Upload [30]**: artistic queer parties, music and performances.

Iqonica (Venue: **Razzmatazz [27]**): drag shows and performances, dance-focused.

COÑO! (Venue: **Sala Apolo [26]**): Quality electronic, techno house music, female/FLINTA DJ's.

Futuroa (Venue: **Parallel 62 [31]**): experimental electronic, alternative queer sounds.

Musa (Venue: **Sala Apolo [26]**): artistic clubbing/dance mix.

Pop Air (Venue: **Safari Disco Club [2]**): for bear community, commercial/dance music.

Festivals, Markets and Community Events

- Bonita Festival:** celebrates lesbian music and performance.

BCN Queer Market: queer artists, designers and independent creators with shows and DJ's
- Vermut Trans:** daytime community gathering focused on trans visibility.

WHY 2030?

CELEBRATING
25 AND
50 YEARS

25th anniversary of marriage equality in Spain and 50th anniversary of the legalisation of Spain's first LGBTQIA+ organisation.

Within this context, it is important to highlight two historic milestones that, in 2030, will carry exceptional symbolic and political significance. Together, they strengthen Barcelona's narrative as a city firmly committed to Human Rights, diversity and equality.

The first milestone marks the 25th anniversary of marriage equality in Spain. Approved in 2005, this historic achievement was the result of decades of advocacy and mobilisation by the LGBTQIA+ movement. Beyond granting same-sex couples the right to marry and adopt on equal terms, the legislation represented a profound shift in Spain's legal, social and cultural landscape, establishing equality in relationships and family life as a fundamental democratic principle.

As one of the cities at the forefront of this movement, Barcelona played a significant role in raising visibility, generating political momentum and helping transform public perceptions of diverse families. In 2030, this anniversary offers an opportunity not only to celebrate progress, but also

to reflect on the ongoing importance of protecting and advancing rights.

The second milestone commemorates the 50th anniversary of the legalisation of Spain's first LGBTQIA+ organisation, the Front d'Alliberament Gai de Catalunya (FAGC), the Gay Liberation Front of Catalonia. Founded in 1975 and legalized in 1980, the FAGC represents the beginning of organised LGBTQIA+ activism in Spain during a period marked by political transition, recent repression and the absence of legal protections.

Its legal recognition marked a turning point in the history of collective action, transforming the struggle for sexual and gender liberation into a visible, organised and influential social movement capable of driving public and political change.

That same year also saw the creation of the Col·lectiu de Lesbianes, a pioneering organisation focused on lesbian visibility and advocacy, established within the FAGC promoted by Maria Giralt. In 2030, we will also recognise the importance

Barcelona as an international reference point for a Human Rights agenda grounded in equality, diversity and social justice.

of the first public lesbian manifesto, published in 1977, which marked the beginning of a movement that has played a vital role in advancing LGBTQIA+ rights and visibility throughout subsequent decades.

These anniversaries are far more than commemorative occasions. They represent strategic opportunities to activate collective

memory, honour the legacy of past struggles and inspire future action. Both milestones will be celebrated during the Global LGBTQIA+ Awards, creating a moment not only to recognise the rights that have been won, but also to reaffirm the need to defend them in the face of ongoing discrimination, persistent inequalities and the rise of reactionary narratives.

By connecting history, present-day realities and future aspirations, these anniversaries provide a powerful platform to position Barcelona as an international reference point for a Human Rights agenda grounded in equality, diversity and social justice.

THE POWER OF ACTIVISM

Barcelona, 1977. Thousands of people took to Las Ramblas in the first public demonstration in support of sexual and gender freedom in Spain. This historic mobilisation laid the foundations of LGBTQIA+ activism in Barcelona, opening the path towards the creation of community organisations, safe spaces and public policies dedicated to equality and Human Rights.

The present and future of the LGBTQIA+ movement are inseparable from feminism. If we want to transform the world, we must begin by transforming ourselves.

Barcelona, 1977. Thousands of people took to Las Ramblas in the first public demonstration in support of sexual and gender freedom in Spain. This historic mobilisation laid the foundations of LGBTQIA+ activism in Barcelona, opening the path towards the creation of community organisations, safe spaces and public policies dedicated to equality and Human Rights.

Over time, these struggles evolved into large-scale events that combined celebration, visibility and advocacy. From this legacy, Pride Barcelona was born, promoted by the Cambra LGTBIQ+ de Catalunya, a non-profit organisation established in 2007.

The Cambra LGTBIQ+ was originally created to bring together activists, businesses and professionals providing services to LGBTQIA+

communities. Its mission was to promote joint initiatives that generated collective benefits while serving as a bridge between civil society and public institutions.

Over the years, the organisation significantly expanded both its activities and its scope. Today, it works across multiple areas linked to equality, diversity, inclusion and the defence of LGBTQIA+ rights, while promoting social and economic participation for LGBTQIA+ communities.

Its current programmes include training initiatives, consultancy services, the promotion of diversity and inclusion within businesses, support for local and regional commerce, international partnerships and the creation of professional and community networking opportunities.

Pride Barcelona carries a clear message to the world:

“The present and future of the LGBTQIA+ movement are inseparable from feminism. We must examine the power structures that exist within our own communities and rethink the ways we relate to one another within our organisations. If we want to transform the world, we must begin by transforming ourselves.”

Today, Pride Barcelona continues to reflect the diversity of both the city and the wider world. Barcelona has always been an open-hearted city, a place that celebrates freedom and diversity while honouring its history of activism, resilience and collective struggle. The time has come to reclaim that spirit and once again take to the streets.

Today, Pride Barcelona is built upon three core pillars: Advocacy, Visibility and Celebration.

Protest

Protest is the political and social foundation of Pride Barcelona. It means raising our voices against inequality, challenging discrimination and demanding the full protection and advancement of LGBTQIA+ rights.

This commitment is reflected in the promotion of inclusive legislation, effective public policies, equal access to healthcare and social services, and stronger protections against violence and LGBTQIA+ discrimination. Pride Barcelona serves as a platform for civic engagement and collective action, helping to amplify local, national and international demands.

Through advocacy, we work to safeguard the rights that have already been achieved, support progress where further change is needed and draw attention to the realities faced by LGBTQIA+ communities in places where fundamental rights continue to be challenged or denied.

Together, these principles reflect the organisation's commitment to advancing LGBTQIA+ rights, strengthening community bonds and sharing a global message of freedom, diversity and inclusion through an intersectional lens.

[BACK TO INDEX](#)

Visibility

Visibility is essential to creating lasting social and cultural change. Through the Social Agenda developed throughout Pride Month, Pride Barcelona delivers workshops, educational programmes, community events and public activities that create spaces where LGBTQIA+ people can be fully seen, heard and represented.

This pillar promotes inclusion, education and awareness, helping to challenge stigma, prejudice and misinformation. Visibility is not only about occupying public spaces, it is also about ensuring meaningful representation of the diverse identities, experiences and realities that make up our communities.

By fostering greater understanding and recognition, visibility helps build empathy, strengthen alliances and encourage broader support for equality and Human Rights.

Celebration

Celebration is the emotional heart of Pride Barcelona. It recognises joy, community and diversity not simply as moments of entertainment, but as powerful expressions of freedom and collective achievement.

Concerts, cultural activities, community gatherings and the Pride March itself create opportunities for people to come together, connect and celebrate their identities in an environment of inclusion and solidarity.

Celebration reinforces a simple but powerful message: living authentically and loving freely are rights that deserve to be recognised, protected and celebrated. Through this spirit, Pride Barcelona shares a message of hope, unity and resilience, demonstrating that diversity is not only something to respect, but something to embrace as a source of social, cultural and human richness.

+40 Social
Entities

Organising
Committee

Volunteer
Community

Cambra LGTBIQ+

Pride Board

Technical Team

Pride Barcelona is built on community participation and volunteer engagement. Anyone can contribute their time, expertise and experience to help make the project possible. As a result, many of the people involved in the organisation are volunteers who dedicate their commitment and skills to Pride Barcelona without financial remuneration. Our governance structure is organised around four main decision-making and operational bodies.

- **+40 Social Entities:**
Bringing together all member organisations. It is responsible for defining with the Pride Board, key strategic matters, including annual themes, campaign messages, priorities and long-term objectives.

– **Volunteer Community:**
A diverse community of volunteers who play a vital role in delivering Pride Barcelona, fostering inclusion, welcoming participants, and bringing the event’s values to life.

– **Cambra LGTBIQ+ de Catalunya:**
A non-profit association of business leaders and professionals committed to advancing the rights of the LGBTQIA+ community. Appointed by Barcelona’s LGBTQIA+ social organizations to implement and coordinate Pride Barcelona.

 - **Pride Board:** Made up of volunteers, the Organising Committee leads and oversees the planning, coordination and delivery of Pride Barcelona, ensuring that the project remains aligned with its values and objectives.
 - **Technical Team:** A team of paid professionals responsible for coordinating specific areas of the project and providing the operational expertise required for its successful delivery.

Programming and Artistic Director.

 - **Xavier Estruch** (He/Him), Treasurer and Budget Director.
 - **Michelle Relayze** (She/Her), Communications Director.
 - **Coran Djillali** (He/Him), Director of Production and Operations.
 - **Xavier Saula** (He/Him), Director of Legal Affairs and Compliance.
 - **Pau Pujol** (He/Him), Consultant & PR.
 - **Samuel Rodriguez** (He/Him), Advisor.

Alongside the board, Pride Barcelona is supported by a dedicated Technical Team responsible for implementing the strategic direction established by the board on behalf of the LGBTQIA+ organisations represented within the Pride organisation. Their work ensures that the collective vision, priorities and objectives of the movement are translated into practical action and successfully delivered across all areas of the project.

The **Technical Team** is responsible for ensuring that the strategic direction established by the Pride Board, on behalf of the LGBTQIA+ organisations represented within the Pride organisation, is successfully implemented across all areas of the project. The team is composed of:

 - **Dani Morales** (He/Him), General Coordinator.
 - **Ortésia Cabrera** (She/Her, They/Them), Volunteer Programme Coordinator.
 - **Andoni Ibáñez** (They/Them), WorldPride 2030 Barcelona Coordinator and International Relations Lead.
 - **Marta Sanmartín** (She/Her),

Community Engagement and Social Programme Officer.

 - **Roger Presseguer** (He/Him, They/Them), WorldPride Production Manager and Communications.
 - **Hèctor Inglés** (He/Him), Production and Social Programme Programming Officer.
 - **Isabel Fernández** (She/Her), Pride KIDS Planning and Operations Coordinator.

Pride Barcelona is fortunate to be supported by a diverse and highly committed **volunteer community**. Volunteers play a vital role not only in the delivery of Pride Barcelona, but also in the many activities, initiatives and community projects developed throughout the year. The Volunteer Programme brings together nearly **500 individuals** who actively contribute their time, experience and commitment to the organisation. This network is coordinated by a dedicated team of **Volunteer Champions** who help lead, support and inspire volunteer participation across all areas of the programme:

 - **Xavier Valero** (He/Him), Volunteer Director.
 - **Cristina Ramos** (She/Her), Volunteer Director.
 - **Xavier Fabregat Barrera** (He/Him), Volunteer Coordinator.
 - **Elisabet Fernández Barril** (She/Her), Volunteer Coordinator.
 - **Albert Garrit** (He/Him), Volunteer Coordinator.
 - **Cristina Ramos** (She/Her), Volunteer Coordinator.
 - **Toni Mejías** (He/Him), Volunteer Coordinator.
 - **Alba Guarch** (She/Her), Volunteer Coordinator.
 - **Sandra Mateo** (She/Her), Volunteer Coordinator.
 - **Cristina García** (She/Her), Volunteer Coordinator.

POWERED TOGETHER: 40 LGBTQIA+ SOCIAL ENTITIES

Pride Barcelona is co-organized by approximately 40 LGBTQIA+ associations, which together with the Pride Board, are the decision-making body within the organization. This forum is responsible for discussing and approving the project's strategic priorities, institutional messages, activity formats, and the political and social matters that define the event's identity and positioning. 40 LGBTQIA+ organizations representing the social, cultural, sports, family and healthcare sectors, united in their commitment to ensuring that Barcelona remains a global benchmark for the LGBTQIA+ community.

In its early years, the more than 40 social entities operated informally

and consisted of the associations that promoted the creation of Pride Barcelona. Over time, it has evolved into a structured body for participation and governance. Membership is currently limited to organizations whose primary purpose is the defense and promotion of the rights of LGBTQIA+ people, excluding political parties, trade unions, and public institutions. The admission of new member organizations requires approval by a majority vote of the Assembly.

The executive management and operational coordination of Pride Barcelona are entrusted to the Cambra LGTBIQ+ de Catalunya by agreement of the organizing entities. Although this arrangement is not formalized through a specific

legal instrument, it is based on a longstanding consensus recognized by all organizations involved in the project. In addition, the Cambra LGTBIQ+ de Catalunya provides the legal and administrative support necessary for the organization of the event and is the owner of the Pride Barcelona trademark and the rights associated with it.

Responsibility for defining, directing, and making decisions regarding the WorldPride 2030 bid rests exclusively with Pride Barcelona, which carries out this role with the support, collaboration, and advice of the other participating organizations.

AC BIGAYLES

AC BIGAYLES is an LGTBIQ+ association affiliated with L'Hospitalet de Llobregat (Barcelona's

metropolitan area), focused on defending the community's rights at the local level. Its work is aimed at visibility, awareness-raising, and community action, especially in contexts where the LGBTI associations network is more limited than in the city of Barcelona. It also serves as a reference point for LGBTQ+ people in the area, offering support and a sense of community.

AC BIGAYLES BADALONA

It specifically refers to AC BIGAYLES's local presence and activities in Badalona. Its importance lies in working in a municipality where LGBTQ+ visibility has historically been lower than in Barcelona.

ACATHI: ASSOCIACIÓ CATALANA PER A LA INTEGRACIÓ D'HOMOSEXUALS, BISEXUALS I TRANSSEXUALS IMMIGRANTS

ACATHI was founded in 2003 in Barcelona in response to the need for a space that would address the specific demands of LGTBIQ+ migrants and refugees. It places special emphasis on the intersection of discrimination based on sexual orientation/identity and on immigration status. It provides legal support for immigration and asylum procedures, psychosocial intervention by specialized professionals, and basic assistance such as guidance on housing or health. It creates safe spaces where people can meet and strengthen community support networks without fear of stigmatization. Historically, It has helped make issues that have been less addressed within the LGBTQIA+ sphere visible.

ACGIL: ASSOCIACIÓ CRISTIANA DE LESBIANES, GAIS, TRANSSEXUALS I BISEXUALS DE CATALUNYA

Founded in 1991, ACGIL was one of the first associations in Europe to seek to reconcile Christian faith with sexual and identity diversity without one excluding the other. It offers reflection groups and support for LGBTQIA+ believers who experience tensions between their religion and their identity, promoting respect for each member's personal experience. It also creates dialogue spaces with open religious communities, helping build bridges between churches and LGBTQIA+ people. Its work has had an impact both on the LGBTQIA+ community and on religious sectors that are seeking to be more welcoming and less discriminatory.

AHORA DÓNDE

Ahora Dónde – also known in Catalan as Ara O – is a community initiative created with the goal of building meeting spaces, guidance, and support for people, especially young people, in the LGBTQIA+ community, particularly in contexts where they are seeking social and community support.

ALISE: ASSOCIACIÓ PER LA LLIBERTAT SEXUAL

ALISE, founded in 2015, works to increase visibility of affective-sexual and gender diversity in settings where there is still a great deal of ignorance or prejudice. Its main activities include educational campaigns in schools, workshops for community organizations, and training for teachers and staff in public services. In addition to awareness-raising, ALISE provides community support and ongoing guidance for people beginning their self-acceptance journey through peer support groups and safe

spaces for dialogue. It also publishes educational materials and accessible resources for families, institutions, and professionals who want to better understand LGBTQIA+ realities.

AMPGYL: ASSOCIACIÓ DE MARES I PARES DE GAIS, LESBIANES, BISEXUALS I TRANSSEXUALS

AMPGYL was established in 1994 by mothers and fathers who recognized the need to organize in order to publicly support their LGBTQIA+ children. Since then, it has played a key role in breaking the silence and isolation that many families experience, offering mutual aid groups where families share experiences and strategies for effective support and accompaniment. They also run talks, conferences, workshops, and informative materials on sexual and gender diversity for both families and institutions, such as educational centres and health services. Their work has influenced public policies in education and healthcare, helping promote the inclusion of diverse families in official programs. In addition, AMPGYL acts as a bridge between families and other organizations within the LGBTQIA+ movement, strengthening community and family support networks.

BARCELONA GAY MEN'S CHORUS

It is a community choir composed of people of different ages, professions, and orientations, united by a desire to express themselves through music and singing. They take part in local concerts and festivals, as well as in solidarity events that help raise funds for social causes and sister associations. Beyond music, the group is a space for emotional and community support, where friendships and a sense of belonging are formed.

BARCELONA RAINBOW SINGERS

This choir group is focused on promoting artistic expression from an LGBTQIA+ perspective. Their activities are not limited to musical performances, they also include voice and body expression workshops for community members. They participate in community activities, celebrate LGBTQIA+ festivals, and collaborate with other cultural and social associations. The group promotes intergenerational inclusion by inviting participants of all ages and experiences to join its projects.

BCN CHECKPOINT

A community-based centre dedicated to comprehensive sexual health, focused on prevention, early detection, and treatment of HIV and other STIs. It offers confidential rapid testing, tailored counselling, and

referrals to health services when necessary. The organization carries out public education campaigns, workshops, and talks on safe sex and risk-reduction practices, with a particular focus on gay and bisexual men and other individuals who face higher exposure to HIV/STIs. The staff is trained and committed to diversity, guaranteeing respectful, stigma-free care. Its community action has been crucial for making public health services more accessible to groups that have historically been underserved by traditional healthcare systems.

CAMBRA LGTBIQ+

Founded in 2007 under the name ACEGAL, La Cambra LGTBIQ+ works to build visibility and strengthen the LGBTQIA+ business ecosystem. Through networking opportunities, professional training, and support resources for entrepreneurs, it acts as a sector platform that showcases inclusive businesses and backs enterprises led by LGBTQIA+ individuals. Promoting strong corporate practices around diversity and inclusion, it helps foster safer and more respectful working environments. The organization runs events, training, and outreach initiatives to bring together businesses and professionals from the community. It also seeks to shape economic and business policies that acknowledge the LGBTQIA+ community's contribution to social and productive development.

CASAL LAMBDA

Founded in 1976, Casal Lambda is one of the oldest LGBTI+ associations in Spain and a pioneer in normalizing the community following the Franco dictatorship. Its work combines social support, culture, training, and activism, providing safe spaces where people can express themselves freely and find support through workshops,

talks, and legal and psychological counselling, as well as cultural activities such as theatre, film, and exhibitions. Casal Lambda has also been instrumental in visibility and awareness campaigns related to HIV/AIDS, LGBTQIA+ rights, and diverse family life.

COLORS SITGES LINK

A non-profit association that connects the local LGBTQIA+ community with visitors in Sitges. With an emphasis on an inclusive atmosphere and cultural events, it drives social integration through activities such as workshops, community meetups, and year-round festivals. It also serves as an information and orientation hub for LGBTQIA+ people arriving in the region, providing resources, support, and awareness-raising activities for residents and tourists to advance sexual and gender diversity, acceptance, and respect. Colors Sitges Link has played a significant role in making Sitges a recognized LGBTQIA+ tourist and cultural reference point in Catalonia, Spain, and Europe.

ENTENEM SANTA COLOMA LGTBI

An organization dedicated to community intervention and social support in Santa Coloma de Gramenet, a municipality within the Barcelona metropolitan area. It promotes training, inclusion, and support for LGBTQIA+ people in educational, cultural, and community settings by carrying out awareness-raising activities aimed at citizens, professionals, and public institutions to foster equality and prevent discrimination. Its local impact is reflected in the creation of inclusive municipal policies and in raising visibility of LGBTQIA+ issues in the city.

EUFORIA FAMÍLIAS TRANS-ALIADAS

Support and guidance group for families of trans people and their allies, created to reduce family and social vulnerability and to promote understanding and respect for trans identities. It provides training, guidance, and resources for parents, siblings, and other family members. It runs workshops, talks, and gatherings to strengthen support networks and share experiences related to transition, rights, and overall well-being. It also serves as a spokesperson at events and public forums to raise visibility of the realities of trans people and their families. Its work has helped improve the quality of life of trans people and their family environment, fostering healthy and inclusive relationships.

FLG: FAMÍLIES LGTBI+

Founded in 2001, FLG works to normalize and support diverse families, including families with LGBTQIA+ children and same-sex parent families, offering resources, training, and guidance to families while promoting respect and equality in different areas of social and educational life. It organizes gatherings, recreational activities, workshops, and peer-support groups where participants can share experiences and build community. FLG also actively participates in awareness campaigns and collaborates with schools, social services, and LGBTQIA+ organizations to promote inclusion. In addition, FLG provides legal and psychosocial guidance to ensure that LGBTQIA+ families have access to the rights and support they need.

FUNDACIÓ ENLLAÇ

Foundation that emerged in 2008 to provide support to LGBTQIA+ people in situations of vulnerability,

especially older adults or those at risk of social exclusion. It develops programs focused on personal support, social participation, and intergenerational activities to improve the quality of life of its beneficiaries. It offers safe spaces where people can share experiences and build support networks, with an emphasis on autonomy and emotional well-being. Fundació Enllaç has been a point of reference in caring for groups that have often been overlooked within the LGBTQIA+ movement, such as older people or people with disabilities.

FUNDACIÓ ARENA

A foundation that works as a cultural and social center, aiming to strengthen the LGBTQIA+ community through artistic activities and cultural and educational projects. It organizes exhibitions, workshops, courses, and events that promote cultural diversity and the visibility of diverse identities by combining art, education, and activism, creating spaces where culture becomes a tool for inclusion. It collaborates with artists, collectives, and associations to develop participatory projects open to the public at large.

GAG: GRUP D'AMICS GAIS

An association focused on creating friendship and support spaces for gay men, strengthening community ties, and promoting socializing. It organizes regular activities such as dinners, workshops, and cultural and sports events to encourage active participation among its members. It provides emotional support and support networks, especially for people who feel isolated or face discrimination. Its historical work has been essential in strengthening cohesion within the gay male community in Barcelona.

GAIS POSITIUS

Gais Positius was created as a community response to the stigma, discrimination, and isolation experienced by gay and bisexual men living with HIV. Since its founding, it has worked to improve the quality of life by offering emotional support, mutual-aid groups, individual interviews, and social activities. In addition, it runs awareness campaigns aimed at reducing the stigma associated with HIV/AIDS, promoting positive and realistic messages about health, treatment, and prevention, and providing educational resources and talks in community spaces. It also collaborates with healthcare services to reach people who need information the most. Its work is also geared toward strengthening social support networks, combating loneliness, and promoting safe spaces for people to meet.

GAYLESPOL

Gaylespol is an association formed by LGBTQIA+ members of the security forces and bodies (police officers, Civil Guards, and other services), created to promote equality and diversity within these professional environments. It was established to make visible the reality of LGBTQIA+ people within institutions that are traditionally more rigid—where there has historically been greater invisibility or discrimination. It also provides training for law enforcement

bodies on hate crimes, sexual and gender diversity, and appropriate care for LGBTQIA+ victims. In addition, it takes part in institutional events and public activities to represent the community in the field of security. It also functions as an internal support network for LGBTQIA+ officers, promoting safer, more respectful, and inclusive workplaces.

GENDER & LGBT LAB

Gender & LGBT Lab works to produce knowledge, conduct research, and deliver training on gender, sexualities, public policies, and civil rights. It produces studies, publishes findings, organizes academic meetings, and provides training for professionals in education, health, and the public sector. By generating high-quality data, it supports informed decision-making in both institutions and social organizations. Through partnerships with universities, public authorities, and third-sector organizations, it helps bring complex realities to light, encourages dialogue grounded in evidence, and promotes inclusive public policies.

GRUP ELLES

Grup Elles is an association devoted to lesbian and bisexual women, offering spaces for gathering, mutual support, and activism. It provides workshops, lectures, group activities, and social events aimed at fostering sisterhood and empowerment. It also carries out awareness-raising campaigns to highlight the experiences, needs, and rights of LGBTQIA+ women. By creating support networks among diverse women, it helps them explore identity, sexuality,

and affective relationships within a community framework—through projects that strengthen women's active participation in the movement and in the pursuit of their rights.

INCLUSIUM

Inclusium is dedicated to fostering the social and occupational inclusion of LGBTQIA+ people, working against structural discrimination through projects that support access to employment, professional training, guidance during job searches, and advisory services. It offers socio-emotional skills training, interview preparation, and resources to help individuals build sustainable career pathways. The organization partners with companies and institutions to develop more inclusive human resources policies, free from discrimination based on sexual orientation or gender identity. It aims to enable LGBTQIA+ people to access employment opportunities on equal terms, in recognition of and respect for their diversity.

LES GIRLS

Les Girls is a collective dedicated to promoting cultural and community-based activities for LGBTQIA+ women and non-binary people. It organizes social meetings, artistic exchange sessions, and activities centred on empowerment. Through the integration of leisure, culture, and community, it creates supportive environments in which participants can form networks and express their identities freely. Its activities are designed to be open and participatory, facilitating inclusion and increasing the visibility of diverse gender and sexuality experiences.

L'HORGULL

L'Horgull is an LGBTQIA+ collective based in L'Hospitalet de Llobregat, working to promote visibility, mutual support, and community activities. It

organizes social events, including the Pride celebration in L'Hospitalet,

local awareness campaigns, and community gatherings that strengthen belonging and inclusion. It collaborates closely with municipal institutions to advance programs that reinforce equal rights in the city. It also provides spaces for debate, training, and support for LGBTQIA+ people within neighborhood and community contexts, contributing to the recognition of sexual and gender diversity as an essential component of local community life.

OBSERVATORI CONTRA LA LGTBI-FÒBIA

The Observatori monitors, documents, and analyses cases of LGBTphobia across different areas of social life since 2008. It provides training, educational resources, and direct support to people who have experienced discrimination or violence because of their sexual orientation or gender identity. Working with public, educational, and community organizations, it designs prevention and response strategies. It also publishes periodic reports, alerts, and studies that help make the scale and forms of LGBTphobia in society visible. Its work contributes to promoting more effective public policies and to generating evidence to support social change.

ONG STOP

ONG Stop works on the prevention of HIV/AIDS and other sexually transmitted infections through education, awareness-raising, and community services. It organizes information campaigns, risk-reduction workshops, and sexual health promotion activities aimed at vulnerable groups. It provides individualized guidance and education with a community-based approach that centres on

diversity, and it collaborates with health services, schools, and other associations to expand the coverage of its programs. Its mission is to help build a more informed, healthier, and empowered community in the face of sexual health challenges.

ORGULL ÀRAB BARCELONA

Orgull Àrab Barcelona is a collective that represents and raises visibility for LGBTQIA+ people of Arab and/or Muslim origin in Barcelona. Its main goal is to work from an intersectional perspective, addressing sexuality, cultural identity, religion, and migration simultaneously. It participates in activities within the framework of Pride and in community events across the city, contributing to a more diverse view of the LGBTQIA+ community. It also creates safe spaces where people can share experiences shaped by multiple forms of discrimination (racism, LGBTI-phobia, and Islamophobia).

PANDORA

Pandora is a collective that works to provide social and community support for LGBTQIA+ people, offering a safe space to share experiences. It organizes social activities, peer gathering groups, workshops, and events that encourage the active participation of its members. It also promotes awareness-raising and educational campaigns about sexual and gender diversity in social, school, and workplace settings. It serves as a reference point for those seeking emotional support, friendship networks, and community-based assistance.

PANTERES GROQUES

Founded in 1994, Panteres Groques is an LGBTQIA+ sports association that promotes participation in sports and physical activities as a tool for inclusion. It offers sports groups, training, competitions, and healthy activities for diverse participants,

promoting values of respect, fair play, and equality both inside and outside sports settings. Sport is used as a way to strengthen social networks, improve physical and emotional well-being, and foster community cohesion. Its work helps ensure that LGBTQIA+ people feel welcome in environments that have traditionally excluded them.

SITGES VOLUNTARIS SOCIALS

Sitges Voluntaris Socials is a volunteer organization that supports LGBTQIA+ cultural and social activities in Sitges, especially during major community events, and encourages citizen participation by creating networks of help, support, and accompaniment for those who need it. Its volunteers collaborate on awareness campaigns, visitor support, and community solidarity actions, promoting initiatives that strengthen the integration of both LGBTQIA+ residents and visitors in Sitges' social life. Sitges Voluntaris Socials helps position Sitges as a welcoming, diverse, and inclusive place.

SLFC: SPANISH LEATHER AND FETISH COMMUNITY

SLFC is a collective that works to promote visibility and support for leather and fetish cultures within the LGBTQIA+ community, creating safe spaces where people with these identities and preferences can meet without stigma or prejudice. It organizes meetups, themed events, social activities, and participation in festivals that celebrate body and expressive diversity, and it promotes education and awareness about safe practices, consent, and a culture of respect within these communities. Its efforts help highlight that sexual diversity also includes non-normative cultural and aesthetic expressions.

TAL COM SOM

Tal Com Som is a community meeting and support space that works for inclusion and diverse representation within the collective. It aims to promote respect for diverse identities and expressions through open, participatory activities. It organizes workshops, group activities, debates, and community projects that strengthen the visibility of diverse realities, and it encourages collaboration among people from different backgrounds, ages, and experiences to build community. Its community-based approach focuses on creating accessible, safe, and welcoming spaces for everyone.

TIRESIAS

Tiresias promotes the rights, visibility, and integral support of trans and non-binary people. It offers accompaniment, legal and psychosocial advice to people who are starting or going through processes of transition, self-determination, or social visibility. It also runs workshops, talks, and awareness-raising activities aimed at families, public services, and the general public. It takes part in public campaigns to depathologize trans identities and to promote policies that protect their rights. Its work is key to strengthening the trans community, building support networks, and combating structural discrimination.

TRANSFORMA LA SALUT

La Salut drives changes in health services to make them more accessible and inclusive, with respect for the needs of LGBTQIA+ people. It develops training projects for healthcare professionals, focusing on non-discriminatory care and cultural competence. It collaborates with public and private health services to adapt protocols, reduce care gaps, eliminate discriminatory practices, and promote the participation of LGBTQIA+ people in the design of health policies and practices that directly affect them. Its role is to ensure that LGBTQIA+ people receive quality, respectful care free from prejudice in any healthcare service.

TREU LA LLENGUA DE L'ARMARI

Treu la Llengua de l'Armari is an LGBTQIA+ volunteer collective that works to promote the use of Catalan within the LGBTQIA+ community. It operates through a decentralized, community-based model, grounded in volunteer work and open participation. It was created in response to concerns about the social loss of Catalan, especially in leisure and queer socialization spaces. It organizes conversation groups, vermuths (late-morning social gatherings), meetups, and cultural events, creating safe spaces to practice the language.

VERMUT TRANS

Vermut Trans is an informal socializing and meet-up space for trans people and allies. It helps build social networks in a relaxed atmosphere, where people can talk,

share experiences, and strengthen community bonds. These spaces help combat loneliness and isolation by fostering friendships and mutual support. It also encourages trans people's participation in broader community activities, making their voices visible. Vermut Trans helps build community through everyday life, listening, and companionship.

VEUS TRANS

Veus Trans works to make trans rights visible and to defend them. It promotes community support and provides resources, offering safe spaces where trans people can meet, exchange experiences, and find support. It runs educational campaigns to raise awareness among public services, organizations, and the general public about trans realities, and works to ensure access to services, legal rights, and full social recognition for trans and non-binary people. Its political and community work has strengthened the presence of trans voices in public spaces and decision-making arenas.

VIOLETA LGTBI

Violeta LGTBI promotes social participation, equality, and the visibility of LGBTQIA+ people in rural contexts and small municipalities. It works with local communities to create safe spaces, prevent discrimination, and foster respect for diversity. It organizes cultural, educational, and community activities that bring resources and visibility to environments that are often more isolated, and it promotes targeted campaigns to address LGBTphobia in areas where stigma and taboos still prevail. Its impact helps ensure that diversity is recognized and celebrated beyond major urban centres.

20 YEARS OF BEING

PROUD

Pride Barcelona brings more than 20 years of experience in organising one of the most significant LGBTQIA+ events in the Mediterranean region. Throughout this period, the event has grown steadily, both in terms of attendance and the breadth, quality and impact of its programming.

What began as a local celebration has evolved into a major international event that combines advocacy, visibility and celebration, attracting participants, activists, institutions and visitors from around the world.

Each year, Pride Barcelona develops a dedicated social campaign focused on a specific theme affecting LGBTQIA+ communities.

These campaigns are designed not only to engage public institutions and encourage policy change, but also to raise awareness across wider society, promote understanding and give visibility to the diverse realities and experiences that exist within LGBTQIA+ communities.

Through this approach, Pride Barcelona has established itself as a platform for social dialogue, civic

engagement and collective action, ensuring that the event remains both a celebration and a catalyst for positive change.

The following section provides an overview of the last five editions of Pride Barcelona, highlighting their themes, posters and photographic summary from each edition, key achievements and growing impact:

Pride Barcelona 2022 focused its theme on lesbian visibility, highlighting the reality, diversity and contributions of lesbian women in response to the historic double discrimination they face, both as women and as lesbian individuals.

The campaign emphasised the importance of creating visible role

models, challenging stereotypes and promoting more inclusive representation across all areas of society.

Through a positive, close and empowering approach, this edition sought to bring the everyday experiences of lesbian women closer to the wider public,

contributing to greater normalisation, recognition and respect for affective and sexual diversity.

[Find Out More](#)

Under the slogan “The Pride of Our Lives”, Pride Barcelona 2023 promoted intergenerational dialogue and solidarity as essential elements for strengthening the LGBTQIA+ community and allies.

The edition highlighted the diversity of experiences and realities that exist across different stages of life, creating spaces for connection between young people, adults and

older generations. The programme addressed key issues such as health, sexuality, loneliness, social inclusion and the visibility of older LGBTQIA+ people, while also recognising their historical contribution to the achievement of rights and freedoms.

Through this theme, Pride Barcelona reaffirmed the importance of mutual support, respect across all ages and

the building of a more cohesive and inclusive community, committed to the wellbeing of all people.

Find Out More

This edition focused on education as a fundamental tool to address discrimination, violence and prejudice that continue to affect LGBTQIA+ people.

Pride Barcelona highlighted the need to integrate affective, sexual and gender diversity into educational settings as a key element to ensure equal treatment, respect for Human Rights and coexistence within democratic societies. The campaign also recognised the progress achieved by the LGBTQIA+ movement in advancing rights and freedoms, while drawing attention to the rise of hate speech and the persistence of discrimination.

In this context, education was reaffirmed as a driver of social transformation and as a cornerstone for building a more inclusive and diverse citizenship.

Find Out More

This edition framed culture as a space of resistance, memory, freedom and social transformation.

The campaign highlighted the historical and contemporary contribution of LGBTQIA+ people to the arts, literature, music, thought and social innovation, underlining their essential role in the progress of democratic societies. It also addressed issues such as censorship, invisibilisation and the appropriation of LGBTQIA+ references, defending diversity, freedom of expression and the preservation of collective memory in the face of rising hate speech and setbacks in rights.

Through this approach, Pride Barcelona reaffirmed that LGBTQIA+ culture is a driver of social change, an essential component in building more inclusive societies and a powerful tool for empowerment for present and future generations.

[Find Out More](#)

Under the slogan “All Realities, One Pride”, Pride Barcelona 2026 highlights the diversity and plurality that define the LGBTQIA+ community, affirming that all identities, sexual orientations, gender expressions and lived experiences are part of a shared struggle for equality, dignity and Human Rights.

From an intersectional perspective, the campaign emphasises the

importance of giving visibility to those realities that have historically been underrepresented, promoting an inclusive and participatory celebration that reflects the richness and diversity of the community in its entirety. In a context marked by the rise of hate speech and increasing challenges to LGBTQIA+ rights, this edition reaffirms unity as a collective strength and defends Pride as a tool for social transformation, community cohesion and the safeguarding of democracy.

It also projects Barcelona as an open, diverse and Human Rights–committed city, where everyone has a place and where no right can ever be taken for granted.

FROM ACTIVISM TO POLICIES

WorldPride 2030 Barcelona is rooted in the city's strong associative fabric, built over decades of struggle, organisation and visibility within the LGBTQIA+ community.

However, one of the key factors that makes it possible to project this event on an international scale is the existence of a supportive political environment, grounded in a strong institutional commitment to Human Rights, diversity and inclusion.

The City Council of Barcelona, the Government of Catalonia and the Ministry of Equality of Spain have been involved from the very

beginning of the project, providing resources, coordination and ongoing support. This collaboration helps ensure that WorldPride 2030 will be more than a celebration, it will also be a safe, inclusive and accessible space for everyone, regardless of identity, sexual orientation or origin.

Thanks to this partnership, Barcelona is able to position itself as a global platform for the LGBTQIA+ community with safety and wellbeing for all participants. By fostering collaboration between public institutions, community organizations and international partners, the city strengthens its

commitment to inclusion, diversity and equality.

WorldPride 2030 is not only a milestone for our community, it is also a political and social commitment, supported by local, regional and national institutions that believe in equality and in the transformative power of visibility. It turns the city into a welcoming and safe space for people from all over the world.

Below we share some of the messages received, which can be found in full in the letters of support at the end of this document.

SUPPORTING INSTITUTIONS

JAUME COLLBONI

Message from Jaume Collboni: Mayor of Barcelona

"As the Mayor of Barcelona, it is my distinct honor to express our city's unwavering commitment to hosting WorldPride 2030. Barcelona has always been a Mediterranean beacon of freedom, a city where the spirit of rebellion against injustice meets a profound culture of inclusion. From the historic 1977 protests on Las Ramblas to our modern-day status as a global sanctuary for diversity, our streets have long told the story of a people who believe that love and identity are fundamental human rights. Bringing WorldPride to our shores is not just about a celebration. It is about providing a world-class stage to amplify the voices of

those still fighting for equality across the globe.

Our city is uniquely prepared to welcome the world with warmth, passion and a wide range of infrastructures. Beyond our sun-drenched plazas and architectural wonders, our true strength lies in our collaborative spirit—a partnership between a dedicated local government and a vibrant, tireless civil society. We are ready to open our arms, our hearts, and our city to host a WorldPride that will leave a lasting legacy of hope, solidarity, and joy for generations to come.

Visca la diversitat!"

SALVADOR ILLA

Message from Salvador Illa: President of Generalitat de Catalunya

“We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTI+ community.

The city’s institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values”

This strong local and regional support is further complemented by backing from the Prime Minister of Spain and the Ministry of Equality,

who endorse the bid at a national level and enhance its visibility and institutional recognition. This support strengthens Barcelona’s international projection and reinforces the city’s credibility as a host for an event that combines celebration, advocacy and a firm commitment to Human Rights.

Thanks to this political framework of support, Barcelona is able to offer a trusted environment where organisations, communities and citizens from around the world can participate freely, express themselves with pride and experience a safe and accessible event. Safety, inclusion and the protection of fundamental rights are key priorities that consolidate Barcelona’s position as an international benchmark for LGBTQIA+ activism and as a city committed to equality, respect and diversity.

“On behalf of the Government of Spain, I am pleased to express our firm support for Barcelona’s candidacy to host WorldPride 2030.

Spain is a country committed to equality, dignity and the protection of Human Rights. Over recent decades, our society has made decisive progress in recognising the rights and freedoms of LGBTQIA+ people, guided by the conviction that every person should be able to live, love and express their identity freely, without fear of discrimination or violence.

Barcelona represents these values in a particularly meaningful way. It

is a city whose history is closely linked to the struggle for freedom and diversity. From the historic demonstration for LGBTQIA+ rights held in Las Ramblas in 1977, a defining moment in the democratic and social progress of our country, to its current consolidation as an open, inclusive and globally connected city, Barcelona has been at the forefront of equality.

The Barcelona WorldPride 2030 bid goes beyond the ambition of hosting a major international celebration. It is a project grounded in activism, solidarity and global cooperation. Its purpose is to turn

Barcelona into a platform where LGBTQIA+ people, civil society organisations and Human Rights defenders from around the world can come together, make their voices heard, share experiences and continue advancing equality.

This candidacy is strengthened by a committed civil society and by the involvement of a broad network of organisations working on diversity, education, visibility and the protection of rights. This collective effort reflects the very essence of WorldPride: a movement built on participation, resilience, mutual support and hope.”

PEDRO SÁNCHEZ

ANA REDONDO

Message from Ana Redondo: Minister of Equality, Government of Spain

“It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona’s candidacy to host WorldPride in 2030. We firmly believe that Barcelona stands uniquely qualified to host this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGTBI+ community.

Today, Barcelona is home to one of the most active and diverse LGTBI+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly

across the city to provide essential services, support, advocacy, visibility and spaces of belonging for all members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV, Barcelona’s social fabric is a living and powerful testament to collective strength, resilience and solidarity”.

Furthermore, the WorldPride 2030 Barcelona bid is supported by a group of ambassadors who are recognised as key figures in the defence and advancement of LGBTQIA+ rights.

Coming from activism, culture, politics and the social sphere, these ambassadors reflect the diversity and strength of the movement. Their involvement is not merely symbolic: they are committed voices who have contributed, and continue to contribute, to driving real change in favour of equality and Human Rights.

Through their support, WorldPride 2030 Barcelona is positioned not only as a global opportunity to come together in defence of LGBTQIA+ rights, but also as a platform to amplify these voices and strengthen collective action for lasting social change.

Message from Carla Antonelli: Senator of the Spanish Parliament

“Barcelona is a pioneering city in the history of LGBTQIA+ activism in Spain. It was the setting of the country’s first LGBTQIA+ Pride demonstration in 1977, a foundational milestone that reminds us that the rights we defend today were born out of collective courage in the face of injustice. Today, 49 years later, the same city once again stands at the centre of a defining moment for LGBTQIA+ rights on a global scale.

We are living in an international context marked by the rise of hate speech and the questioning of rights that were once considered firmly established. We are witnessing regressive policies and attacks that place LGBTQIA+ communities at the centre of political targeting, with particular severity towards trans people. For this reason, WorldPride is not only a celebration: it is a political tool, a space for visibility and a collective statement of intent, grounded in the shared conviction that we will not take a single step back.

Barcelona has everything required to host this event in terms of infrastructure and history. It is a beautiful city open to the sea, welcoming, with strong organisational capacity, experience, and above all a diverse and committed society with international prestige. Let us also remember that it hosted the XXV Olympic Summer Games in 1992. Beyond that, it has the legitimacy conferred by its

history and its genuine commitment to rights and freedoms that have projected it onto the global stage. Madrid previously hosted WorldPride in 2017, and now Barcelona will raise the bar so that in 2030 this global event celebrates LGBTQIA+ rights and diversity. We will raise our voices to continue demanding free, safe and liberated spaces.

This country has made a long journey from dictatorship to democracy, becoming an international reference in LGBTQIA+ rights. From that experience we have learned that together, with determination and perseverance, we can make the unthinkable possible. Supporting this bid is an opportunity for Spain to send a clear message to the world once again: in the face of hate and invisibility, more democracy and more Pride.

Barcelona is ready. And Más Madrid and this Senator will stand by it.”

CARLA ANTONELLI

SUPPORTING AND CONNECTED WITH INTERPRIDE

Pride Barcelona has maintained a longstanding and active relationship with InterPride for more than a decade, reflecting its commitment to international collaboration, community leadership, and the advancement of LGBTQIA+ rights worldwide. Since becoming an official member organization in 2010, Pride Barcelona has contributed to the development of the global Pride movement through participation, knowledge-sharing, and organizational leadership.

Pride Barcelona has demonstrated its belief that supporting InterPride is not only a strategic partnership but also a shared responsibility.

Active members

This commitment has become even more significant in recent years through the active involvement of Pride Barcelona representatives within InterPride's governance and programming structures. Since September 2025, Andoni Ibáñez, Project Manager of Pride Barcelona, has served as InterPride Conference Committee Co-Chair, playing a key role in the planning, development, and delivery of InterPride conferences and supporting engagement among Pride organizations from around the world.

In parallel, Maria Giralt, Vice President of Pride Barcelona, has actively participated in numerous InterPride workshops, panels, and working groups, contributing her extensive experience as an LGBTQIA+ activist and Pride organizer. Following many years of leadership within the movement, Maria also put herself forward as a candidate for InterPride Co-President. In a gesture of solidarity, respect, and commitment to the visibility and leadership of the trans community, she later stepped aside in support of her colleague Koko, recognizing the important legacy of Ymania Brown and the significance of continued trans representation within the organization's leadership.

Promoting InterPride

Furthermore, through its WorldPride 2030 Barcelona bid, Pride Barcelona has actively promoted InterPride and its mission across multiple international platforms, conferences, and Pride events around the world. The organization has consistently highlighted the value of InterPride as the leading global network of Pride organizers, encouraging greater engagement, participation, and awareness among LGBTQIA+ organizations, institutions, and community leaders.

By presenting the WorldPride Barcelona vision in diverse international settings, Pride Barcelona has not only strengthened its own relationships within the global Pride movement but has also contributed to increasing the visibility, relevance, and impact of InterPride itself. Through meetings, presentations, workshops, and networking opportunities, the organization has actively encouraged stakeholders to engage with InterPride, participate in its conferences and programs, and recognize the important role the organization plays in fostering global solidarity, collaboration, and advocacy for LGBTQIA+ communities worldwide.

Financial Support

Pride Barcelona's commitment to InterPride has also extended to direct financial support. As part of its efforts to promote both Pride Barcelona and the WorldPride 2030 Barcelona bid, the organization has provided economic support to InterPride through sponsorship for visibility and social initiatives. These contributions were designed not only to increase awareness of Barcelona's candidacy but also to strengthen InterPride's activities, enhance engagement opportunities for its members, and contribute to the continued growth and sustainability of the global Pride network.

Through this financial investment, Pride Barcelona has demonstrated its belief that supporting InterPride is not only a strategic partnership but also a shared responsibility. The organization remains committed to contributing resources, expertise, and leadership to ensure that InterPride continues to thrive as the leading international association of Pride organizers and LGBTQIA+ community events worldwide.

International Participation

Pride Barcelona's engagement extends beyond InterPride itself and includes active participation in major international Pride gatherings, conferences, and annual meetings. Representatives of the organization have attended and contributed to numerous WorldPride, EuroPride, InterPride, and EPOA events, strengthening

international partnerships and reinforcing Barcelona's position as a committed member of the global Pride community.

Through this sustained involvement, Pride Barcelona has demonstrated its commitment not only to organizing a successful local Pride celebration but also to contributing

meaningfully to the international Pride movement. The organization views participation in InterPride, EPOA, WorldPride, and EuroPride as a fundamental responsibility and an essential opportunity to strengthen solidarity, exchange knowledge, promote human rights, and advance equality for LGBTQIA+ communities globally.

PROPOSE

The world is changing. And not necessarily in the direction we once believed was secured.

What were once isolated statements have now become a pattern. Ultra-conservative and fascist political leaders have gained institutional platforms and normalised a language that targets, questions and dehumanises LGBTQIA+ people. Phrases such as “gender ideology is a threat”, “we must protect the traditional family”, or “there are only two genders, male and female” are no longer mere statements, but have

translated into real actions, including cuts to rights and legislative regressions in many countries around the world.

These are not isolated cases. This is a trend, a coordinated global backlash that uses fear as a political tool and benefits from an increasingly polarised society.

The question is no longer whether we are facing a shift in cycle. The question is: how far are we going to let it go? In this context, WorldPride 2030 Barcelona emerges not as just another celebration, but as an

urgent, necessary and collective response. A space to raise our voices, rebuild alliances and remind the world that Human Rights are non-negotiable.

Because when rights are rolled back, silence is not an option. Because when fear advances, the response must be more visible, stronger and more united than ever.

WORLDPRIDE 2030 BARCELONA. Designed to strengthen the Global LGBTQIA+ Movement.

LET'S THINK

LET'S ANSWER

LET'S CHANGE

LET'S THINK

Barcelona places itself at the service of the global movement so that WorldPride becomes a genuine tool for change in today's context. To this end, it offers a safe, open and enabling environment where people from all over the world can come together, reflect and define how to lead social change towards

more democratic societies, societies that respect international law and move decisively towards the full and effective realisation of Human Rights. And this will not be limited to 2030 as a moment of collective reflection. In the years leading up to it, Pride Barcelona is committed to promoting spaces within its annual social

agenda to think, respond and act in the face of a world in constant change and transformation. We are aware that new challenges will emerge on the road to 2030, and therefore "Let's Think" will remain a continuous commitment over the next four years until WorldPride 2030 Barcelona becomes a reality.

OUR MISSION: YOUR SPACE TO BE PROUD

The spirit of community effort, democracy as a system of representation and collective decision-making are at the heart of how we build and move forward in Barcelona. This model is one we seek to extend to the global LGBTQIA+ community.

It is undeniable that the impact a WorldPride can bring to our city represents a lasting legacy for Barcelona's own LGBTQIA+ community. However, **our vision of WorldPride is not for Barcelona, or about Barcelona.** We want to reshape the dynamic so that the host city is not the central focus, but rather the means, **the platform** and the megaphone through which other rights-based organisations and individuals from all over the world can raise their

voices, make themselves **visible, advocate for their rights and celebrate their identities.**

We believe Barcelona is an ideal space for this purpose. Diversity and inclusion are embedded in the very fabric of its streets. Pride Barcelona commits to ensuring that, through WorldPride, the LGBTQIA+ community can fully benefit from this encounter, a gathering open to everyone, whoever they are and wherever they come from, where they can express themselves in complete freedom. It is about **offering a safe space to collectively rethink what responses can be given to governments and power structures that threaten our rights**, particularly in contexts where resources and protections are most limited.

As we have consistently stated, Barcelona is the least important element. Barcelona provides the structure, the world provides the content.

To make this possible, Pride Barcelona commits to establishing a substantial scholarship fund to ensure that communities facing repression and lack of resources can actively participate in WorldPride. Their bodies, their ideas and their unique struggles will come together into one collective voice. We want to mobilise the world, and for that, the entire fabric of the city will be involved.

As one of the most visited cities in the world, Barcelona hosts a significant number of hotel chains and airlines that already operate in the city, many of which have expressed their commitment to facilitating accommodation and travel for participants. In addition, through a public-private partnership framework, the city will allocate a total of **1 million euros, which will be used through a dedicated scholarship programme to support the participation of LGBTQIA+ organisations and activists across the WorldPride 2030 Barcelona programme.**

Being the means or the platform is not a slogan, but a methodological shift that will shape the entire organisation and design of WorldPride. It will be the driving force behind every aspect of the event and the reason we gather in Barcelona, to send a clear and powerful message to the world: **to collectivise, unite and act together.** A cry of revolutionary leadership where everyone is able to attend and raise their own voice.

WE HAVE LISTENED

A plural and representative WorldPride is the result of the very process behind this bid. To achieve it, we must understand the wide range of LGBTQIA+ experiences across the world, studying their socio-political contexts, legal frameworks, and above all, the lived realities of LGBTQIA+ people. This bid has been inspired and shaped by the needs and demands encountered along the way. It has been the result of collaborative work with you, through visits, meetings, participation in conferences and ongoing conversations since the project began in Barcelona more

than two years ago. Specifically, **it has involved +500 online meetings, contact with +150 countries, 70 presentations at international Pride events, multiple in-person visits to LGBTQIA+ organisations, and several webinars, all of which have allowed us to understand first-hand the realities of LGBTQIA+ organisations around the world.**

This bid is the result of multiple global voices and needs within the LGBTQIA+ community. Your contributions have made this candidacy possible, and it will depend on all of us to make it a reality.

As we have consistently stated, Barcelona is the least important element. Barcelona provides the structure, the world provides the content.

Pride Barcelona brings together an organising committee composed of more than 40 LGBTQIA+ social organisations from the city, all working collectively on this bid with a shared mission: to raise awareness, defend, educate and celebrate diversity. It is time for the world to be guided by the associative movement for fundamental rights. That is why the entire LGBTQIA+ community in Barcelona seeks to offer a space where this network

LIVE WorldPride will become an online platform offering virtual spaces and enabling the widest possible participation, even for those unable to attend physically. It will also include WorldPride TV, providing live coverage of the main events.

can be strengthened, fostering exchange, building alliances and emerging stronger in the face of an increasingly hostile and reactionary world. Associative organisation is key, and this will be a lasting legacy we aim to establish from the very beginning of WorldPride.

Beyond Barcelona, the “**Xarxa d’Orgulls del Territori**”, an organisation bringing together the main Pride organisers across the catalan-speaking territories, is part of this bid to build a WorldPride where all voices can express their struggles, from LGBTQIA+ friendly cities such as Sitges to rural areas of just 400 inhabitants, where LGBTQIA+ communities are often more silenced and marginalised. This is a bid made by and for all people who form part of this great family of Pride organisers.

In addition, “**La Red de Orgullos**” (**Spanish Pride Network**), recently established, has committed to supporting a WorldPride that represents the values and struggles of an entire shared territory, recognising this as a key political and social moment in which the international LGBTQIA+ community must take a stand and assume leadership for transformative action.

Finally, and importantly, in order to build a truly accessible WorldPride, the entire main programme will be broadcast live through free platforms. LIVE WorldPride will become an online platform offering virtual spaces and enabling the widest possible participation, even for those unable to attend physically. It will also include WorldPride TV, providing live coverage of the main events.

We are aware of the digital divide and the fact that not everyone will have access to live streaming, so all content will be recorded and made permanently accessible afterwards, allowing people to revisit and experience the event without barriers.

A LIVE WorldPride that ensures what happens is both experienced and preserved digitally, accessible from anywhere in the world.

WORLDPRIDE COMMITTEE: MANY VOICES, ONE INTERSECTIONAL VISION

It is a privilege to present the structure of what will be the Organising Committee for WorldPride 2030. It brings together different departments and leads that will make it possible to build an unprecedented WorldPride, but above all, a plural, diverse and inclusive WorldPride for the world.

We have created a horizontal system that allows all areas to work with the importance they deserve, because each of them is essential to driving a collective and unified project.

In addition, everything we do at Pride Barcelona, and this will also be the case for WorldPride, is guided

by an **intersectional approach**. Applying an intersectional approach to the project means recognising that LGBTQIA+ people experience discrimination, exclusion and inequality in different ways depending on the interaction of multiple aspects of their identity, such as gender, gender identity, sexual orientation, age, ethnicity, race, migration status, disability, socioeconomic background, religion or health condition.

This perspective ensures that WorldPride 2030 is designed not only as a celebration of diversity, but also as an inclusive and equitable platform that actively addresses

the needs, realities and voices of communities that may face multiple and overlapping forms of discrimination. It involves integrating accessibility, representation, participation and equality across all areas of the project, from governance and programming to communications, public spaces and community engagement.

By adopting an intersectional approach, WorldPride Barcelona 2030 aims to guarantee that no one is left behind and that the event reflects the full diversity of the global LGBTQIA+ community while promoting social justice, human rights and meaningful inclusion.

City Council

MARIA RENGEL
(she/her) Director of
Feminisms and LGBTI
Affairs, Barcelona City
Council

The WorldPride 2030 Barcelona Coordination Committee will be established as an independent, plural and representative structure, designed to ensure open and inclusive governance fully aligned with the values of the event.

It will be the body responsible for leading, coordinating and making decisions throughout the development of the project.

It will be constituted as an entity independent from the Pride Barcelona organisation, with the aim of protecting and preserving the organisation while still being nourished by its experience, knowledge and legacy.

This organisational model reflects a clear commitment to building WorldPride through genuine collaboration between key

stakeholders, integrating different perspectives, experiences and levels of decision-making. The committee will be composed of:

- Members of the Pride Barcelona organisation.
- Representatives of LGBTQIA+ social organisations in the city.
- Institutional and political representatives.

Advisory Committee: Global LGBTQIA+ Committee

The Global LGBTQIA+ Committee will be a body representing all InterPride regions. The intention is to apply the InterPride Global Advisory Council framework to the co-creation process of WorldPride 2030 Barcelona.

It will be composed of two representatives from each InterPride region, with the exception of regions 16, 17, 18 and 19, which will have double representation. This adjustment responds to the need to address underrepresentation of regions across Latin America, Africa and Asia, which are geographically broad and internally diverse. This model seeks to help correct structural imbalances affecting the Global South and to strengthen overall representativeness.

In total, the Global LGBTQIA+ Committee will consist of 48 representatives, plus two secretaries responsible for coordination, scheduling and ensuring the smooth functioning of the committee. This brings the total membership to 50. Members will be selected from those already designated by InterPride regions, and in cases where representation is missing or incomplete, selection will be made through a voting process. The committee will be informed and engaged on a regular basis in

the years leading up to WorldPride 2030, ensuring strong planning, coordination and development of the event. Its purpose is to guarantee representation and a multidisciplinary perspective, ensuring that all voices and perspectives are heard throughout the entire organisational process.

Working Areas and Departments: Technical Team

The complexity, scale and impact of WorldPride 2030 Barcelona require a robust, cross-functional and highly coordinated organisational structure. To achieve this, the organising committee will be structured around 10 specialised departments, designed to respond to the programme while ensuring seamless delivery across all areas of the event.

Each of these 10 departments will be led by a designated director and coordinated through the WorldPride 2030 Coordination Committee, ensuring strategic alignment, effective decision-making and close collaboration throughout the planning and implementation process.

01. Programming Department: KATY PALLÀS.

This department will be the conceptual heart of the event, ensuring narrative coherence and quality of content. It is the area responsible for designing,

coordinating, and executing WorldPride content across all its dimensions:

- **PROTEST area.** Leadership of the Global Summit for Real and Effective LGBTQIA+ Rights, as well as marches and protests.
- **VISIBILITY area.** Coordination of the Activism Academy, the Queer Global Forum, InterPride events (Reception and Global LGBTQIA+ Awards), Pride KIDS, and the WorldPride Village.
- **CELEBRATION area.** Development of the celebratory programming, Pride in the Streets events, Pride at the Beach, and the WorldPride Celebration.

02. Production and Operations Department: DANI MORALES

Responsible for the technical and logistical execution of all events, playing a key role in ensuring a smooth, safe, and high-quality experience across all formats:

- Stages, infrastructure, and set-up
- Management of key areas: security and crowd control
- Licences and permits
- Supplier coordination

03. Human Rights and Institutional Relations Department: XAVIER ESTRUCH

In charge of directing the political and advocacy agenda, he will ensure that WorldPride leaves a lasting impact well beyond the event itself.

KATY PALLÀS
(she/her) Teacher and ex-President of LGBTQIA+ Families association of Barcelona

DANI MORALES
(he/him) Event Production Specialist and Manager of Pride Barcelona

XAVIER ESTRUCH
(he/him) Urban Policy Professional and Head of International Relations at AMB

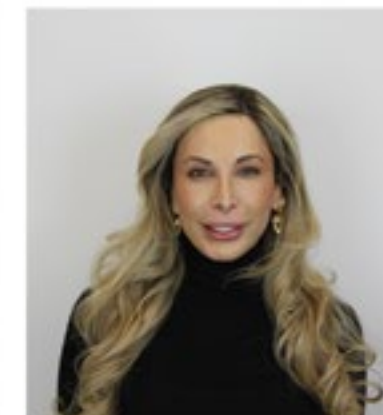

MARTA SAN MARTIN
(she/her) Community Engagement and Participation Specialist, Pride Barcelona Office

NUR ABELLAN
(she/they/them) MA in Gender Studies and Teaching at CETT-UB

JOAN NAVARRO
(he/him) Translation and Interpreting Expert and Head of Communications at Pride Barcelona

MICHELLE RELAYZE
(she/her) Artistic Direction Expert, activist, and content creator

HÈCTOR INGLÉS
(he/him) Audiovisual Production Expert and Social Agenda and Production Technician at Pride Barcelona

HUGO MARLO Activist, (he/him) Founder, and President of the Tiresias Association

CORAN DJILALI
(he/him) Marketing Expert and Head of Production at Pride Barcelona

- Organisation of the Global Summit for Real and Effective LGBTQIA+ Rights at the Sant Pau Modernist Complex
- Coordination of the International Principles on LGBTQIA+ Fundamental Rights at the Parliament of Catalonia
- Relations with local, national, and international institutions
- Development of policy positions and legacy

04. Community and Participation Department:
MARTA SAN MARTIN

Her mission will be to ensure active involvement from the social fabric, serving as a direct link to the community and ensuring the event is truly inclusive and participatory.

- Coordination with local LGBTQIA+ organisations
- Collaboration with the Xarxa d'Orgulls del Territori for OFF-PRIDE
- Inclusion of diverse groups and regional representation
- Recruitment and coordination of volunteers

05. International Department and Global Partnerships:
NUR ABELLAN

She will be responsible for the global dimension of the event, to position WorldPride 2030 Barcelona as an international hub for diversity.

- Coordination with InterPride
- Integration of EuroPride 2030 into the programme through EPOA
- Collaborations with international delegations and other organisations
- Scholarship management: institutional guests and global activists

06. Communications and Global Reach Department:
JOAN NAVARRO

Responsible for the event's narrative and visibility across all platforms, to maximise the event's impact and showcase it to the world.

- Local and international communication strategy
- Media and social media management
- Development of the LIVE WorldPride platform
- Live broadcasting via WorldPride TV and digital content

07. Culture and Artistic Content Department:
HECTOR INGLÉS

Specialized in the development of the Queer Global Forum, focused on ensuring excellence in the central exhibition and delivering a diverse cultural program.

- Curating exhibitions at the Museu Nacional d'Art de Catalunya (MNAC) as the host venue for the main exhibition
- Coordination with festivals such as FIRE!! International Gay and Lesbian Film Festival
- Artistic programming and coordination of events (theatre, dance, music, contemporary art)
- Cultural integration in public spaces

08. Events and Celebrations Department:
MICHELLE RELAYZE

Focused on producing the festival programme to deliver a world-class, emotional, and joyful experience.

- Development of Rising Together
- Coordination of concerts,

- ceremonies, and large-scale events
- Production of Pride in the Streets and Pride at the Beach
- Artistic direction of the opening and closing ceremonies

09. Sustainability, Legacy, and Impact Department:
HUGO MARLO

A key area for ensuring the project's accountability in a sustainable and environmentally friendly manner, whilst upholding its human legacy:

- Environmental sustainability strategies (2030 Agenda)
- Social and economic impact
- Post-WorldPride legacy plan:
 - Team The International Principles on LGBTQIA+ Fundamental Rights
 - Team Barcelona Ciutat Refugi
 - Team Together: international cooperation projects
- Evaluation of results

10. Finance and Sponsorship Department:
CORAN DJILALI

Ensuring financial sustainability and fiscal responsibility by managing economic viability.

- Budget management
- Recruitment and coordination of sponsors and partners
- Private sector partnerships
- Financial control

Beyond the organization of the event, this governance model is conceived as a tool to generate lasting impact. The direct involvement of the grassroots network, institutions, and the international network will not only ensure the success of WorldPride but also strengthen alliances, consolidate networks, and leave a structural legacy in the defence of LGBTQIA+ rights that will be materialized through the proposed legacy program. Ultimately, the organizing committee will reflect what WorldPride 2030 Barcelona aims to represent: a space where every voice counts, every reality adds value, and change is built collectively.

LET'S ANSWER

Once the necessary structure to achieve our objective is in place, our mission is to collectively find responses to the attacks and to the direction the world is taking, marked by traditional, fascist and authoritarian approaches. We believe that in a chaotic and accelerated world such as the one we live in today, it is essential to pause, reflect and respond. This is possible, but only if it is done collectively and within a safe environment.

MAKE THE WORLD GREAT AGAIN: A RESPONSE TO THE GLOBAL RISE OF THE HATEFUL AGENDA

Now is the moment, the moment for us to take a stand in the struggle for human rights amid a context where the far right is increasingly gaining ground. News about human rights violations is becoming our everyday reality: setbacks in women's rights, persecution of the LGBTQIA+ community, criminalization of migrants, cuts to civil liberties, and increasingly accepted hate speech in public. Fascist, extremist, and ultra-conservative governments and parties are rising to power or gaining disturbing influence in many countries, from Europe to Latin America, the United States, Canada, Africa, Oceania, Central America and Asia legitimizing policies based on fear, exclusion, and authoritarianism.

Examples of this trend include the rise of figures such as Vox in Spain, Le Pen in France, Meloni in Italy, Milei in Argentina, Bolsonaro in Brazil, and Trump in the United States. They all share a

common agenda: denying gender-based violence, questioning the LGBTQIA+ rights, promoting racist discourses against migrants and refugees, and weakening the pillars of the Rule of Law. These are not isolated cases, but part of a global offensive aimed at dismantling decades of social and political achievements gained through collective struggle. From the ban on Pride in Budapest and the situation in Oradea, Romania, to the attack that took place during Berlin Pride earlier this year, the LGBTQIA+ community is under threat, a threat with clear names and faces that we must confront head-on.

The situation is further complicated by **an international context marked by armed conflicts, wars, and genocides that highlight the international community's failure to protect Human Rights.** A brutal example

is the Palestinian people, who face countless deaths and thousands displaced and stripped of basic rights due to occupation and bombings. Likewise, conflicts in Sudan, Yemen, Ukraine, Iran, Syria, and the Democratic Republic of the Congo, and sadly many other conflicts show how millions are trapped in neglected wars, without access to food, health care, housing, or protection, as geopolitical and economic interests prevail over human life.

In light of this scenario, we cannot remain indifferent. Many people have worked (and continue to do so) even though history has been marked by fascism, colonialism, and authoritarianism. However, these forces do not advance solely through the strength of their proponents, but also through the silence and passivity of those who do not confront them. Thus, as a collective

dedicated to Human Rights, **we bear the responsibility to organize, engage politically, and act.** Our response must not be individual, it must be collective: to establish spaces for critical education, support networks of mutual support, march in the streets, create different stories, and contest the common sense that the far right seeks to impose.

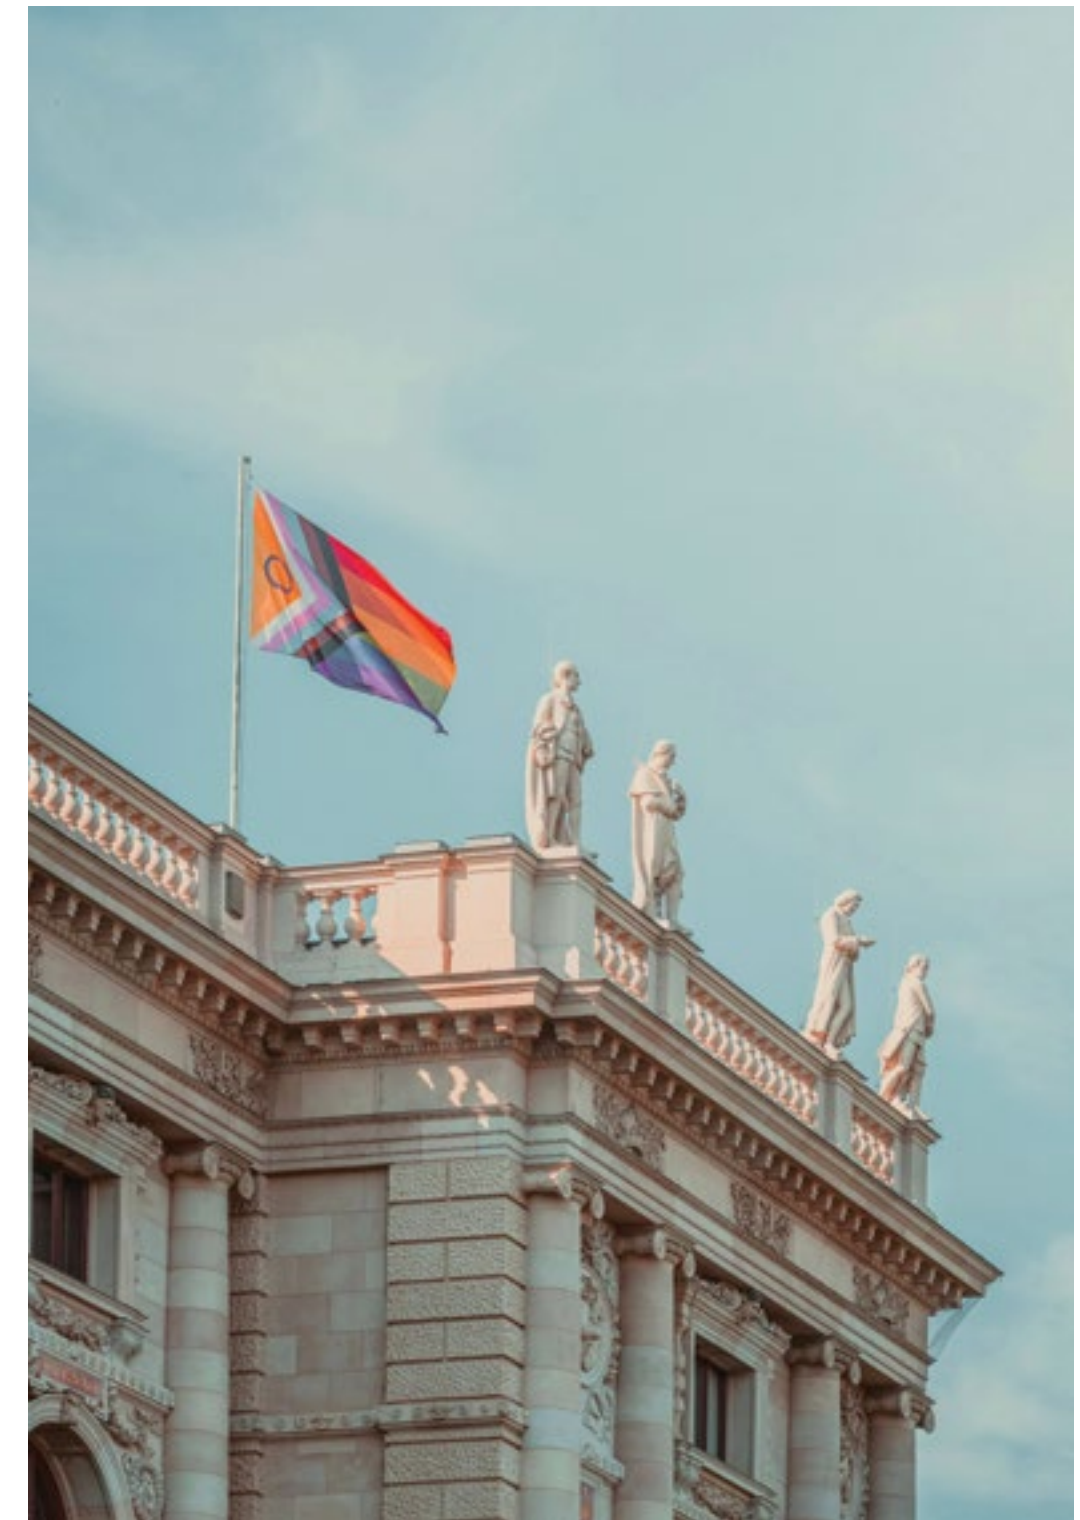

Standing against it demands that we position ourselves with absolute clarity, opposing all forms of oppression, racism, imperialism, and the violence embedded in our

structures. It means denouncing every violation of rights, standing alongside victims of the system, and building alliances with other social movements, unions, associations, and collectives, both locally and internationally. The fight for Human Rights is not an abstract concept: it is a tangible, urgent struggle for our very lives, our freedoms, and for a world where none are abandoned.

In this moment, taking a stand is both a political necessity and an ethical calling. Resistance is no longer

enough, we must advance, organize, and transform our indignation into collective power. In the face of hatred, conflict, and injustice, our response is unwavering: more rights, deeper democracy, and stronger community. History is not written by those who wait, it is forged by those with the courage to lead the way.

In this moment, taking a stand is both a political necessity and an ethical calling. Resistance is no longer enough, we must advance, organize, and transform our indignation into collective power.

THE INTERNATIONAL PRINCIPLES ON LGBTQIA+ FUNDAMENTAL RIGHTS

STRONGER TOGETHER

WorldPride 2030 Barcelona aims to be the epicentre of LGBTQIA+ activism and to serve as a tool for resistance and social change, we are therefore delighted to announce that the Human Rights Conference (Global Summit of Real and Effective LGBTQIA+ Rights) will finish with a parliamentary session on 19 July, bringing together various human rights organisations. This is what we call **The International Principles on LGBTQIA+ Fundamental Rights, a forum for all InterPride members, which will be joined by other human rights organisations.**

Our objective is to unite a broad coalition of stakeholders to ensure this event marks a definitive turning point for human rights, solidifying InterPride's role as a catalyst for social progress, democratic values, and peace. While our core mission is to foster community, we have already initiated collaborative discussions with key organizations, including ILGA, Amnesty International, the LGBTI Stakeholders, Global Action Trans Equality (GATE), OutRight International, and Witness Change, regarding their potential participation.

It is an honour to formalize this international agreement within the **Parliament of Catalonia**, a pillar of Catalan democracy and sovereignty that stands as a European leader in LGBTQIA+ legislative advocacy. This institution bridges the gap between policy-making and grassroots activism, most notably through its National LGBTI Council, which serves as a vital platform for social organizations to influence public policy. We are confident that this venue provides the ideal foundation for establishing a lasting legacy rooted in social justice and the defense of human rights.

Amnesty international

Amnesty International, an international non-governmental organisation (NGO) dedicated to the defence and promotion of human rights worldwide, has launched various campaigns and initiatives to fight against LGBTphobia, secure legal recognition of gender identity, and, ultimately, defend LGBTQIA+ rights as the fundamental human rights that they are. Amnesty International will also join this parliamentary session to work together on a series of international principles and agreements regarding LGBTQIA+ rights.

ILGA World

ILGA World is a global federation bringing together more than 2,900 organisations from over 170 countries and territories working to promote the human rights of lesbian, gay, bisexual, transgender and intersex people. ILGA, which has consultative status with the United Nations Economic and Social Council (ECOSOC), will join the parliamentary session to draft this international agreement on fundamental rights in collaboration with InterPride members. It will be a highly rewarding opportunity to collaborate with international LGBTQIA+ activists from other organisations.

LGBTI Stakeholders

The LGBTI Stakeholder group is one of several Major Groups and other Stakeholders (MGoS) that inform and shape the development and adoption of the 2030 Agenda for Sustainable Development: The 2030 Agenda is a plan of action developed by the United Nations in 2015 that established the 17 Sustainable Development Goals (SDGs). Collaborating with them is an opportunity for Major Groups and other Stakeholders, to inform the world about the lived realities, developments, and policy recommendations of the communities we represent. They will be a key bridge for all organisations to ensure and raise our declaration to the international organisation, the UN.

Global Action Trans Equality (GATE)

A pivotal global organization dedicated to safeguarding the rights and well-being of transgender and gender-diverse individuals. At WorldPride 2030 Barcelona, GATE will play a vital role in the parliamentary session on LGBTQIA+ rights, ensuring that the transgender perspective is included in the political debate and helping to define concrete proposals and commitments at a global level.

OutRight International

It is a leading international organisation defending the human rights of LGBTQIA+ people worldwide, with a strong presence in forums such as the United Nations. As part of WorldPride 2030 Barcelona, OutRight will contribute its advocacy expertise by participating in a parliamentary session on LGBTQIA+ rights, thereby advancing the international debate and the development of institutional commitments.

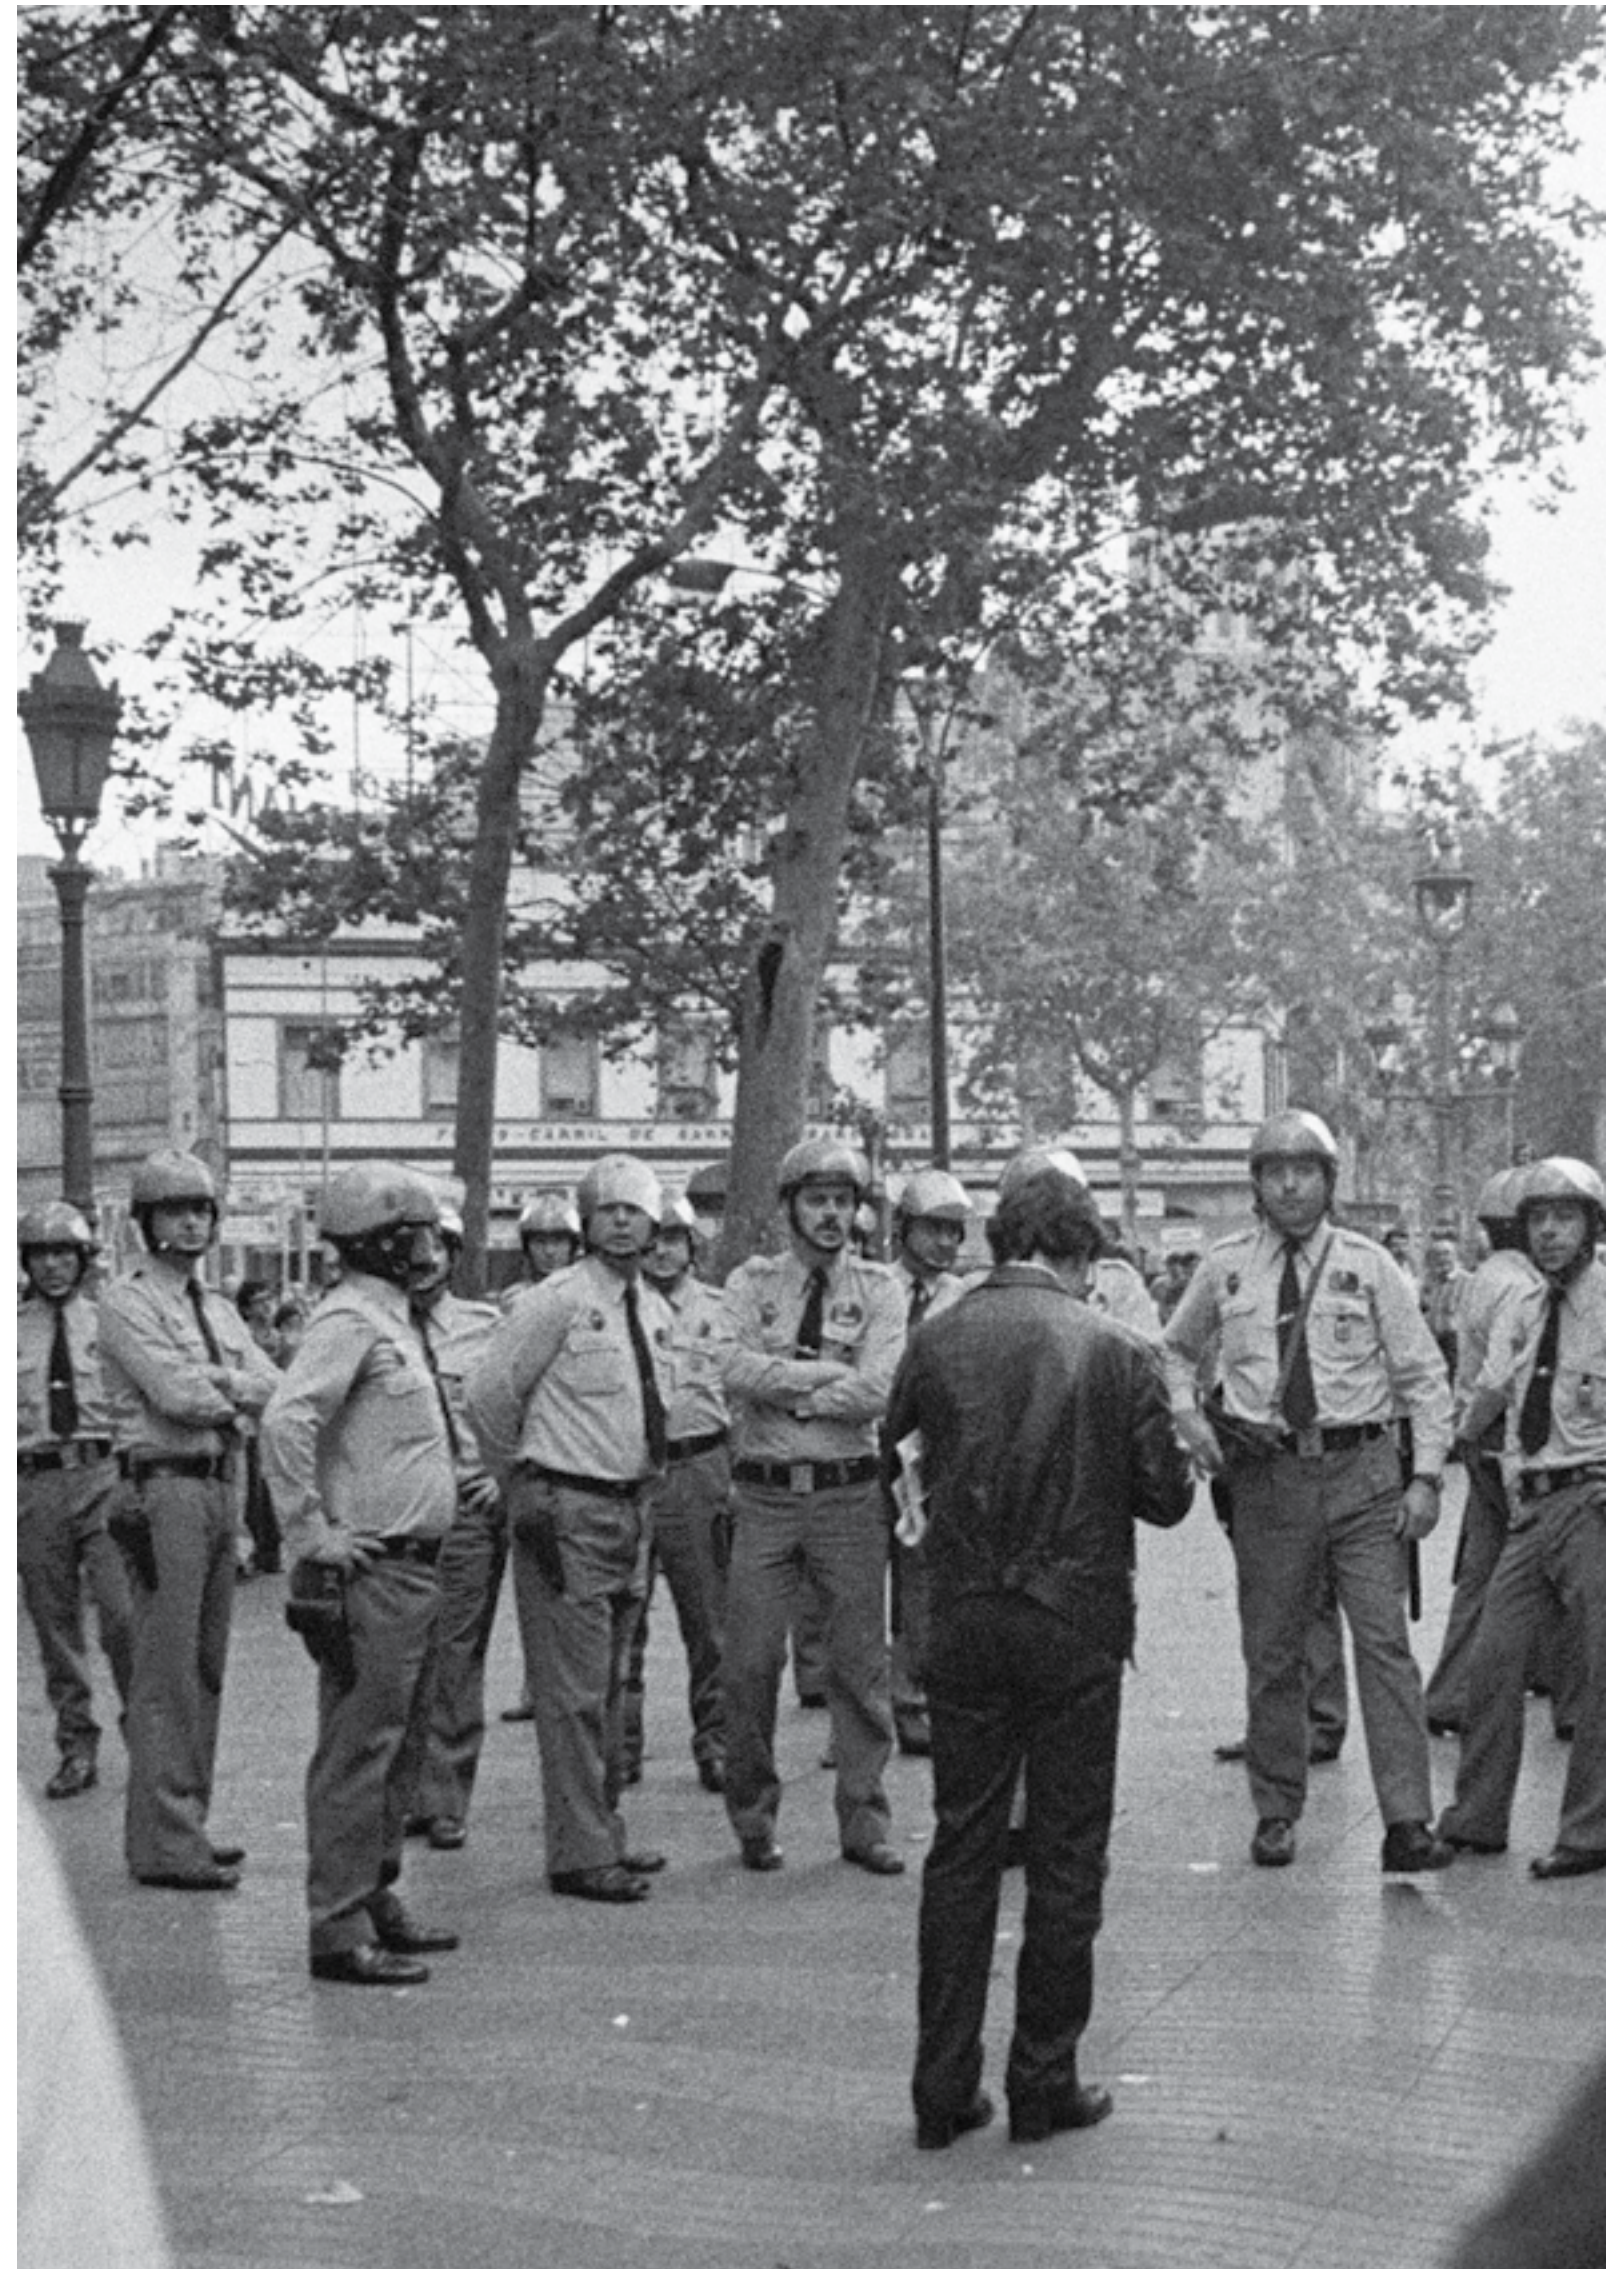

Witness Change

An NGO that employs photography and visual storytelling as tools for social change, bringing the stories of marginalised communities to the fore. During WorldPride 2030 Barcelona, it will contribute to the parliamentary session by providing visual narratives and international testimonies, helping to humanise the political debate and link institutional decisions to real-life situations.

LET'S CHANGE

We do not want this to remain merely on paper. It is not enough to pause, reflect and develop strategies for change, we must also implement them. Through the creation of safe spaces, the proposal of Barcelona as a city of refuge, and actions of international cooperation, we aim to deliver a concrete and practical action plan that enables all participants to carry this message across the world. A legacy that will endure over time and enable real and effective transformation, based on Human Rights. Therefore, before moving into thinking, responding and changing, we believe it is essential to begin from a clear and firm position: NO TO WAR, and no to any form of violence and/or discrimination.

2.3.1

SHAPE TOMORROW REPORT

The process has enriched us with knowledge that will allow us to develop this bid, and the journey itself has already been deeply valuable in helping us understand the realities of InterPride members, as well as other LGBTQIA+ organisations connected to the movement.

For this reason, we have developed the “Shape Tomorrow” report, in which we share with all of you a summary that brings together the elements that connect us and the areas where collective action is needed. The aim is for a WorldPride in 2030 to have an impact capable of generating tools that empower

Pride organisations around the world. It is intended as a working draft from which we can continue building together the development of WorldPride 2030 through Barcelona, but most importantly, from today until 2030.

Once the project is confirmed, we will continue working collectively through the coordination committee to develop a report that provides tools and support networks, enabling us to create change and influence the world wherever we go. This is a way of leaving a legacy that extends beyond the celebration of WorldPride 2030 in Barcelona.

At a time when a global agenda of hate is growing worldwide, it is not enough to resist: we must move forward, organise ourselves and turn indignation into collective action. Because in the face of hate, war and injustice, the response must be more rights, more democracy and more community. And because history is not changed by those who stand on the sidelines, but by those who choose to step forward, WorldPride 2030 has a responsibility to deliver a clear and powerful response to the hate discourse and policies. This report will provide us with the necessary tools to guide us wherever we go.

2.3.2

TEAM TOGETHER

International Cooperation Programmes led by “Team Together”. Throughout the WorldPride programme, a dedicated team will be responsible for identifying and strengthening training, exchange and cooperation initiatives between LGBTQIA+ social organisations in Barcelona and organisations from other countries.

The transfer of knowledge, best practices and lived experiences

will strengthen both local and international capacities within the movement, consolidating support networks that contribute to the defence of rights and the development of more inclusive policies at a global level, beyond WorldPride itself.

The Team Together unit will be based at the Pride Barcelona offices, ensuring a permanent space for receiving proposals, contributions

and suggestions. In addition, it will also be present across key programme spaces to make sure all possible connections, including:

- Human Rights Conference
- Workshops
- Activist Academy
- Queer Global Forum
- InterPride Reception and Closing Ceremony
- WorldPride Village
- OFF-PRIDE

BARCELONA CIUTAT REFUGI

As part of Barcelona's long-standing commitment to protecting the most vulnerable communities, the *Barcelona Ciutat Refugi* framework will be strengthened through the development of a dedicated LGBTQIA+ Refugee Residence.

This initiative will provide a safe and supportive environment for individuals seeking political asylum,

ensuring access to comprehensive care, legal protection, and long-term social inclusion.

The project is supported by the European Federation of Queer Shelters and will be implemented through a coordinated partnership led by the WorldPride Coordination Committee, in collaboration with the

social organisation *Ahora Dónde – Le Refugee*, municipal services, human rights organisations, and specialised LGBTQIA+ support to refugees. This initiative will create a tangible and lasting legacy for the city beyond WorldPride 2030, not only for Barcelona, but also for the global LGBTQIA+ community, specially in contexts of vulnerability.

OUR PLAN

1. SAFE HOUSING AND PROTECTION

A dedicated residential facility will be established to provide immediate and secure accommodation for LGBTQIA+ refugees and asylum seekers, with protocols ensuring privacy, dignity, and safety from discrimination or violence.

2. COMPREHENSIVE LEGAL SUPPORT.

Residents will have access to specialised legal assistance for asylum procedures, residency applications, and protection claims, supported by trained professionals in international human rights and migration law.

3. HOLISTIC CARE AND WELLBEING SERVICES

The residence will offer integrated psychosocial support, including

mental health services, trauma-informed care, medical assistance, and tailored LGBTQIA+ health programmes.

4. SOCIAL INCLUSION AND EMPOWERMENT PATHWAYS

Structured programmes will support language acquisition, skills development, education, and employment pathways, enabling long-term autonomy and integration into Barcelona's social and economic fabric.

5. COMMUNITY INTEGRATION AND NETWORK BUILDING

The initiative will actively connect residents with local LGBTQIA+ organisations, volunteer networks, and cultural spaces to foster belonging, community engagement, and peer support.

6. MONITORING, EVALUATION AND KNOWLEDGE TRANSFER

A dedicated framework will be established to monitor outcomes, evaluate impact, and share best practices internationally, positioning Barcelona as a global reference city in LGBTQIA+ protection and inclusion.

Through this initiative, WorldPride Barcelona will go beyond celebration, becoming a platform for structural change, international solidarity, and rights-based innovation. In this way, WorldPride Barcelona will not only celebrate progress achieved, but actively contribute to shaping a more just and inclusive future for LGBTQIA+ people, from Barcelona to the world.

3. WORLDPRIDE

PROTEST

28.07
2030

PROGRAMME

Here we present a clear and visual overview so you can explore the main events of WorldPride 2030 Barcelona.

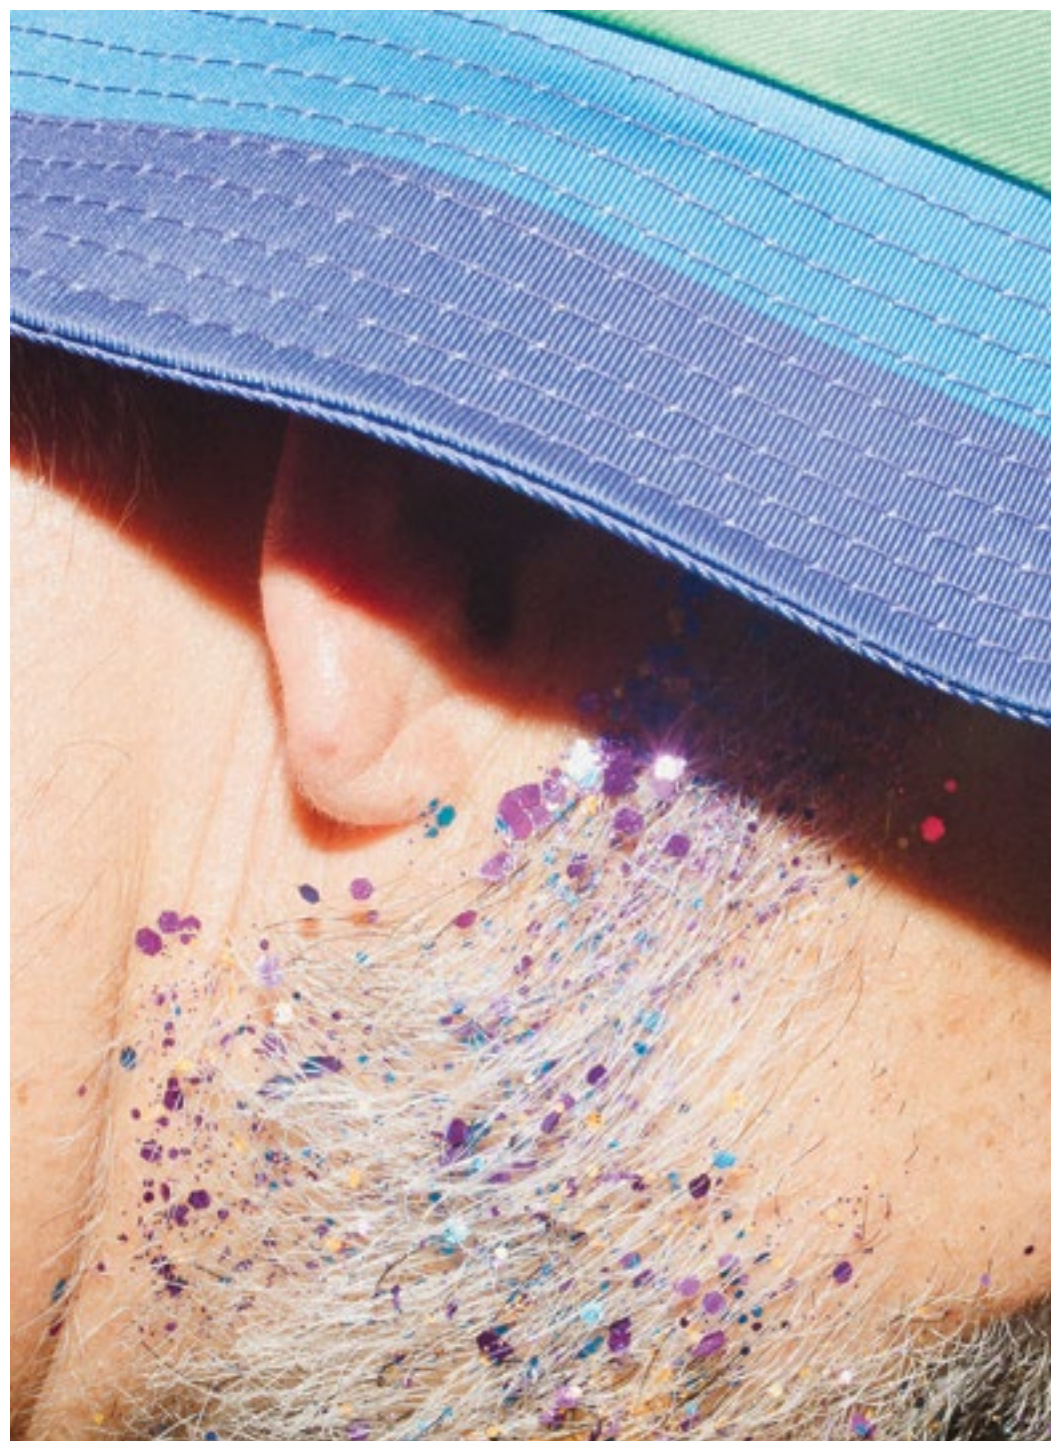

WorldPride 2030 Barcelona will take place during a month that will change everything. From 28 June to 28 July 2030, Barcelona will become the global epicentre of diversity, freedom and shared Pride. For 30 days, the city will be filled with energy, ideas and celebration, welcoming voices from all over the world. It will not be just an event: it will be a movement, a global meeting point and a collective

vision towards a more just and inclusive future.

It is important to note that throughout WorldPride, the entire programme will be free in person and also shared globally through LIVE WorldPride, with the creation of virtual spaces and live broadcasts to ensure worldwide access. **However, two exceptions to this general principle of open**

and free access must be taken into consideration:

- Internal events and meetings organised by InterPride will be restricted to individuals and delegations accredited by the organisation, given their institutional nature.
- Likewise, events and activities promoted by external organisations may take place in parallel to the official programme, where access is subject to the payment of an entry fee or participation charge. These events will be managed independently by their respective organisers and will not form part of the free programme delivered by the organisation.

This is not only a calendar, it is a narrative in time, from local historical memory, through a Mediterranean march and a European outlook, reaching its peak during the central week of WorldPride with a truly global perspective. In addition, the programme is structured around three pillars or thematic blocks that will shape WorldPride 2030 as a unique experience:

Protest

Human Rights Conference: Global Summit for Real and Effective LGBTQIA+ Rights (16–19 July): A Human Rights conference hosted at the Sant Pau site, organised by geographical regions with the aim of giving space and voice to all realities within the global LGBTQIA+ community.

Marches & Protest, a collective response: three major marches will trace a symbolic itinerary defining the essence of WorldPride 2030 Barcelona.

- **“La Rambla” Protest (29 June):** a march along La Rambla in Barcelona, commemorating the first LGBTQIA+ demonstration in Spain in 1977.
- **Mediterranean March (13 July):** a demonstration along Barcelona’s seafont promenade, culminating at the LGBTQIA+ beach of Mar Bella.
- **WorldPride March (20 July):** a unified international march for LGBTQIA+ rights in the centre of Barcelona.

Visibility

Global LGBTQIA+ Awards (18 July): a ceremony dedicated to recognising activists, organisations and international figures whose work has been fundamental in advancing rights and freedoms.

Activism Academy (12–20 July): a social agenda designed to foster learning, activism and connection.

Queer Global Forum (5–20 July): a global exhibition bringing together LGBTQIA+ realities, complemented by a vibrant cultural programme celebrating queer creativity across the city.

WorldPride Village (16–20 July): a public space activating the streets with social initiatives, exhibitions, product showcases and LGBTQIA+ information points.

Celebration

InterPride Reception (16 July): a moment to reconnect, build alliances and celebrate the strength of a global network working for LGBTQIA+ rights.

WorldPride Concerts, where music unites us (5–20 July): a large-scale celebratory programme filling the city with music, visibility and Pride across all streets.

Pride in the Streets: 5–7 July

Pride at the Beach: 12–14 July

WorldPride Celebration: 17–20 July

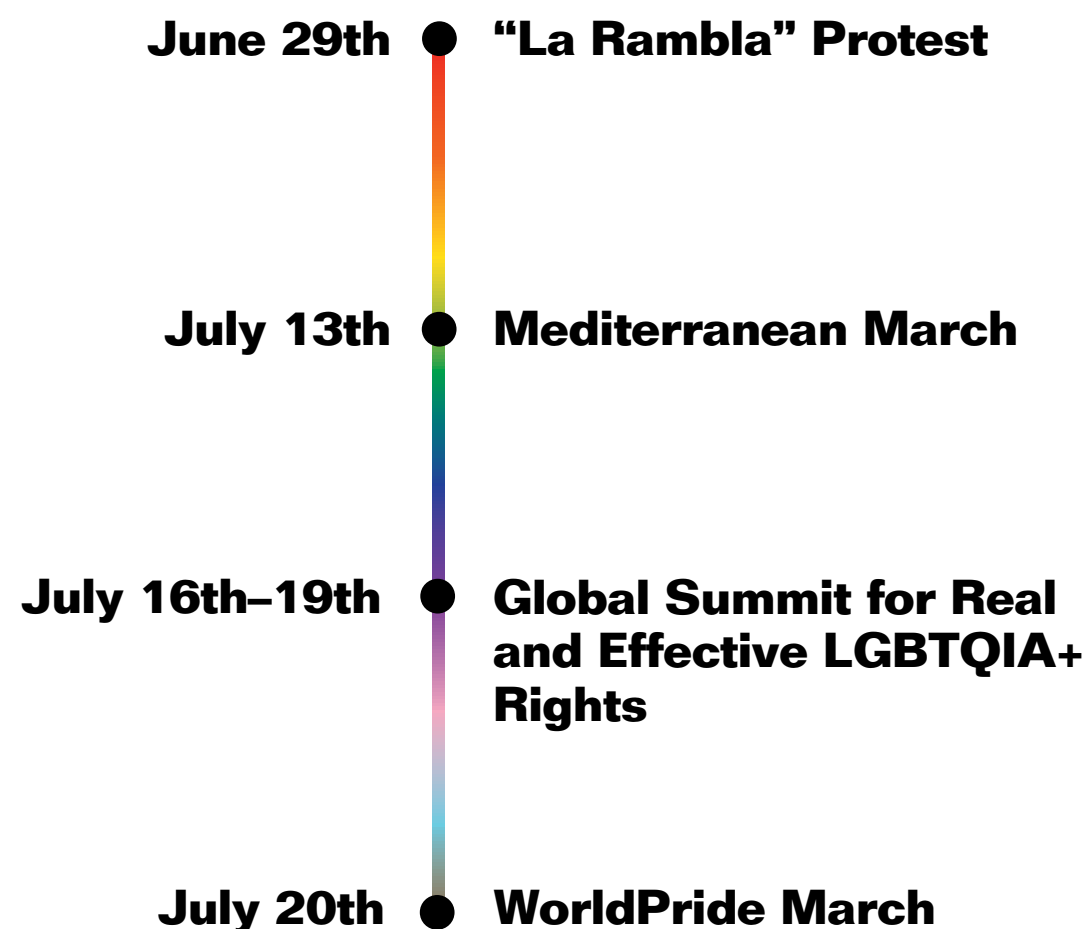

Opening Ceremony and Concerts: 17 July

Closing Ceremony & Handover: 20 July

OFF-PRIDE (22–28 July): when the experience seems to have reached its peak, OFF-PRIDE extends WorldPride across Catalonia for one additional week, with Pride organisers across the region hosting events and programmes that highlight the extensive LGBTQIA+ ecosystem throughout the territory.

PRIDE KIDS (18–20 July): a programme designed to introduce values of diversity, respect and inclusion to younger generations in a family-friendly environment.

PROTEST

The streets of Barcelona will become the great collective stage to protest during WorldPride 2030. The Human Rights conference will take place between 16 and 19 July and the marches will build a living narrative that goes beyond the city itself. A journey that begins in the memory of La Rambla, expands towards Europe from the Mediterranean, and culminates in a global affirmation in the heart of Barcelona.

HUMAN RIGHTS CONFERENCE: GLOBAL SUMMIT FOR REAL AND EFFECTIVE LGBTQIA+ RIGHTS

16–19 JULY

We propose a four-day Human Rights Conference, the time needed to cover all regions and ensure appropriate visibility and space for all international organisations.

The main axis of WorldPride 2030 will focus on the Human Rights Conference, designed to be more plural and representative than ever before. We propose a four-day Human Rights Conference, the time needed to cover all regions and ensure appropriate visibility and space for all international organisations.

The conference will take place between 16 and 19 July 2030 in an emblematic location of the city, the Recinte Modernista de Sant Pau. The **Recinte Modernista de Sant Pau**, a historic complex

built between 1902 and 1930 and recognised as a UNESCO World Heritage Site, was designed by modernist architect Lluís Domènech i Montaner as a hospital and a space for social and healthcare innovation. Today, it stands as a Catalan landmark and functions as a cultural centre, a research hub and a headquarters for international organisations and cooperation initiatives.

During the HIV/AIDS crisis in the 1980s and 1990s, it was one of the key sites for care and research in the fight against the disease.

Sant Pau will become a space that honours this struggle and its victims, while also serving as a place for continued connection as a community that keeps fighting together. Placing historical memory at the centre allows us to continue caring for one another and strengthening collective action. It will be a key venue for a Human Rights Conference that will also become a symbol of LGBTQIA+ identity-based resistance.

During the Global Summit, each region will produce a summary of its discussions and its demands to be included in the International Principles on LGBTQIA+ Fundamental Rights.

TUE 16

Morning: Opening of the Human Rights Conference
Afternoon: Africa (Northern and Central Africa / Southern Africa) + CAUCUS

WED 17

Morning: South America (Latin America / Brazil) + Central America (Central America + Caribbean) + CAUCUS
Afternoon: North America (United States / Canada / Mexico) + CAUCUS

THU 18

Morning: Asia (Middle East – Western Asia / Southern Asia / Eastern Asia / South-eastern Asia) + Oceania (Australia / Pacific Prides) + CAUCUS
Afternoon: Europe (Western Europe / Eastern Europe / Northern Europe–Arctic Prides / Mediterranean) + CAUCUS

FRI 19

Morning: International agreement on LGBTQIA+ fundamental rights, closing of the Human Rights Conference: InterPride + ILGA + Amnesty International + LGBTI stakeholders + GATE

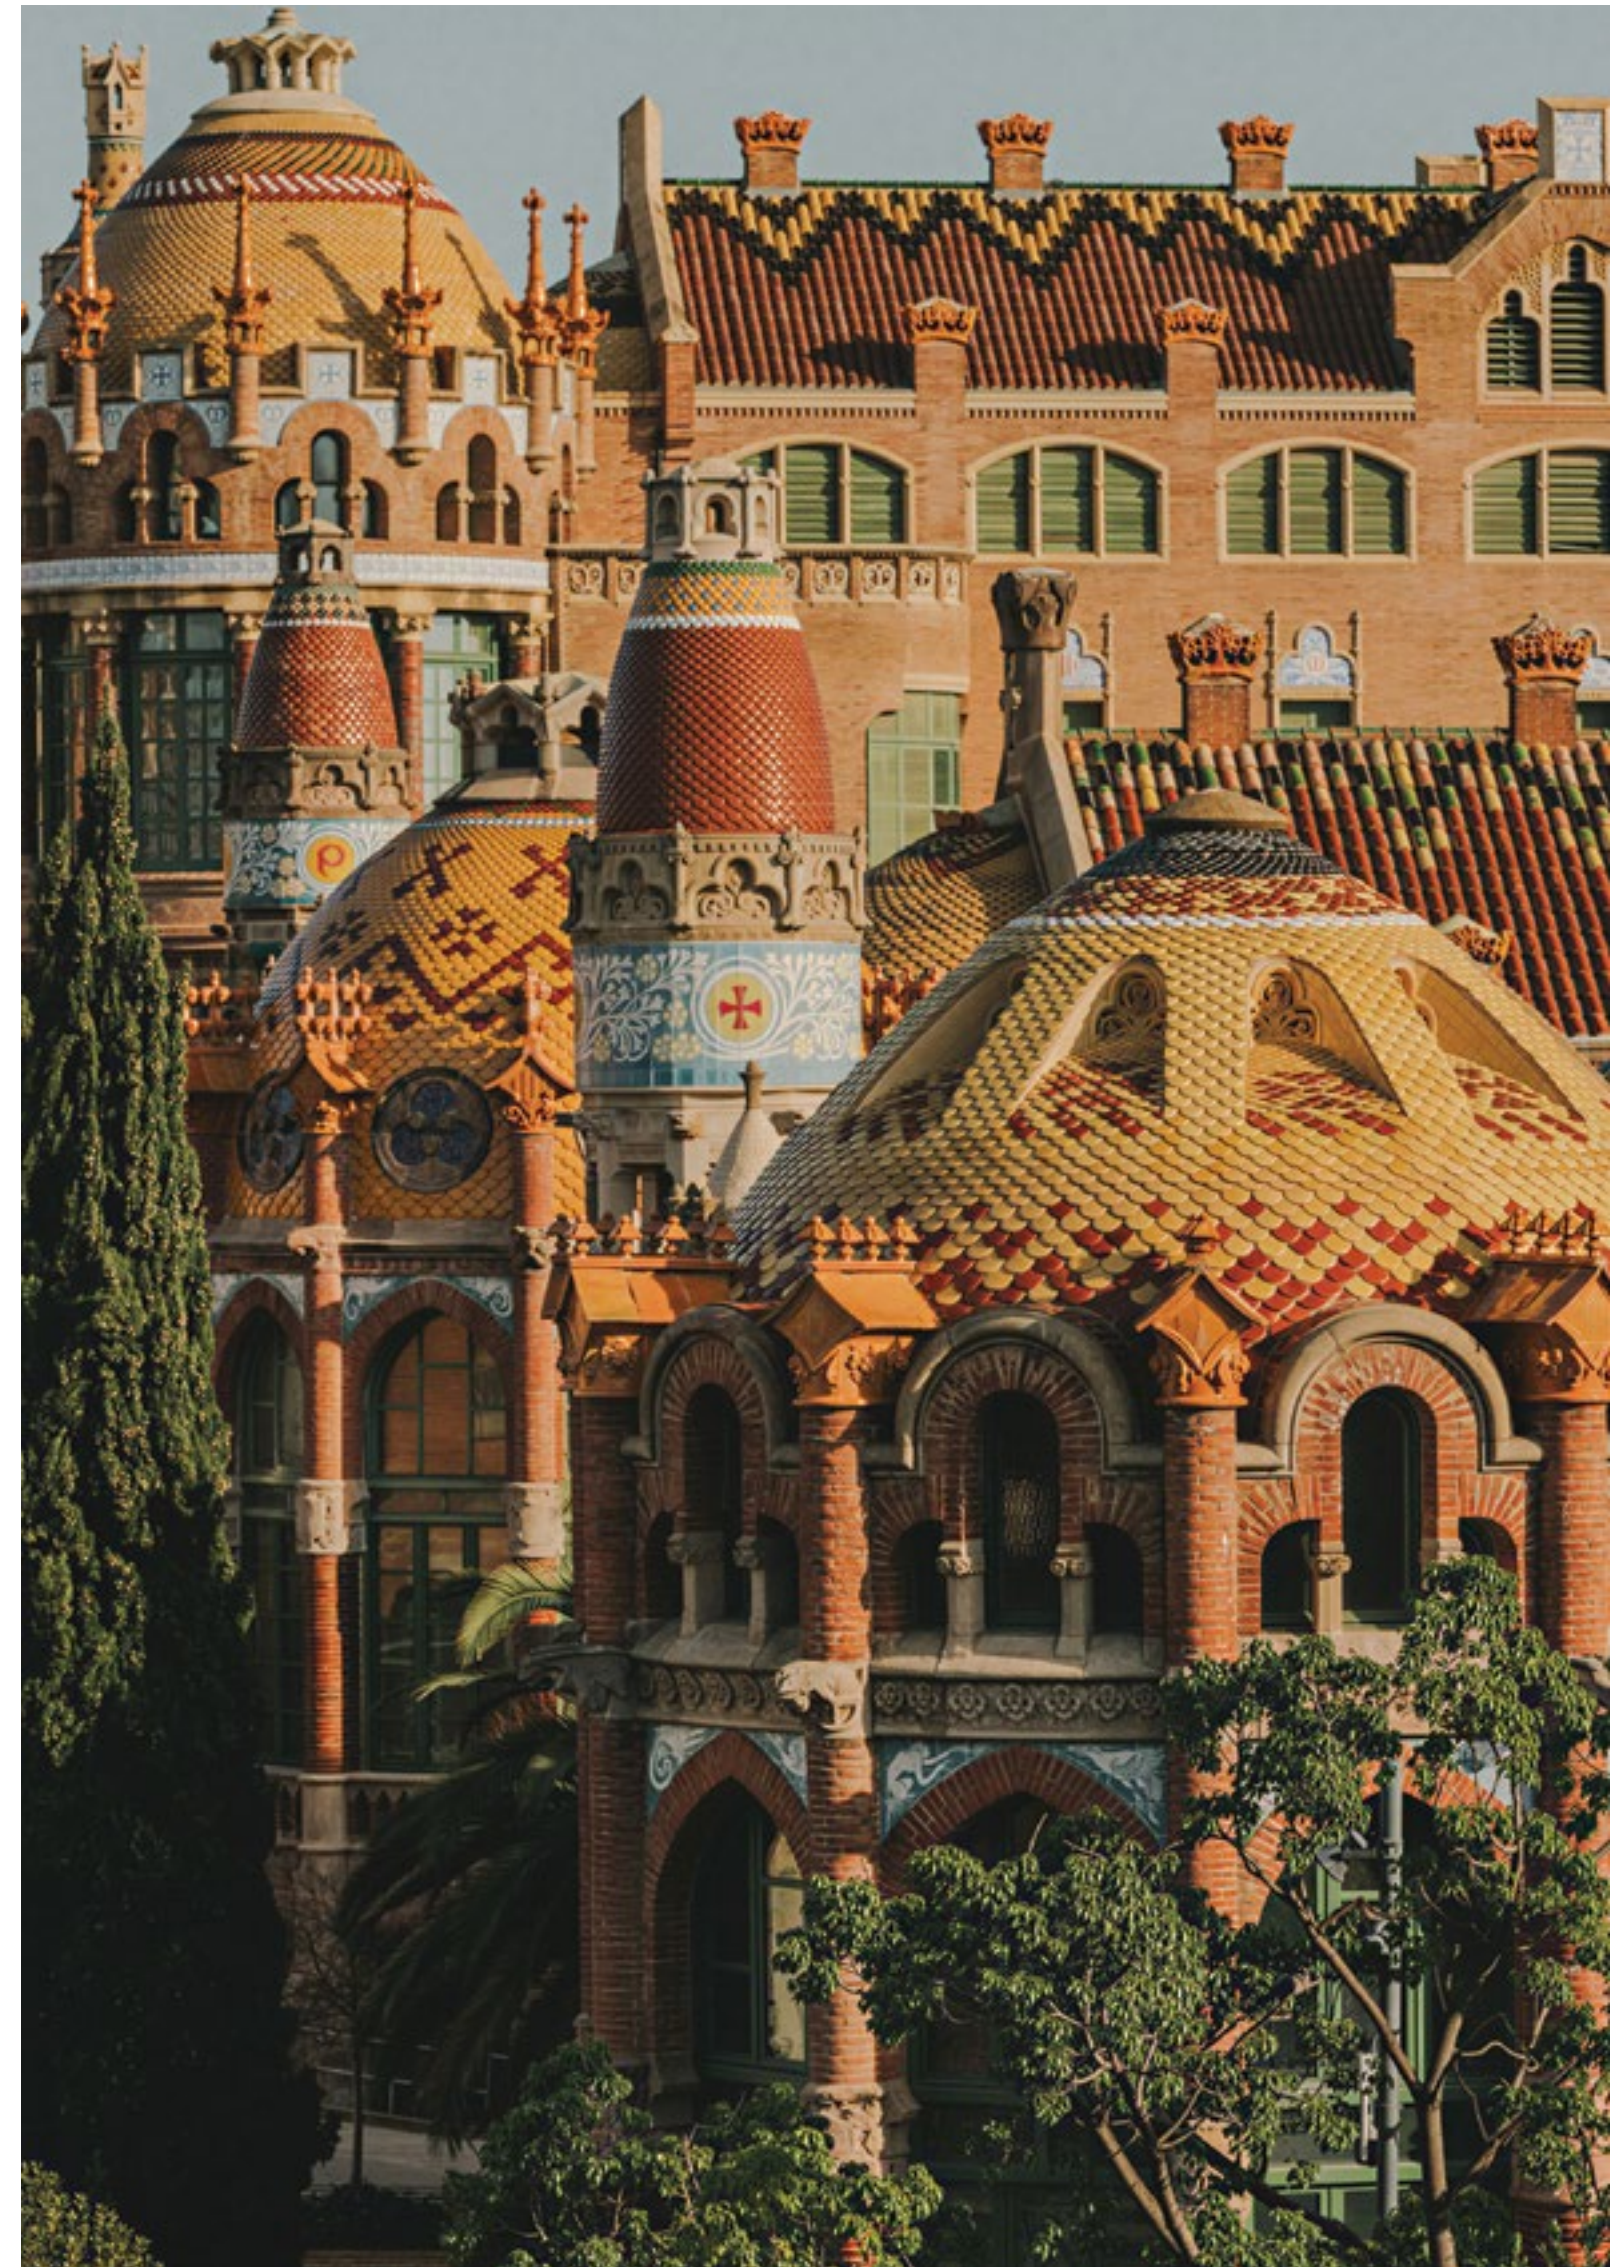

Each region will have its own dedicated space within the conference, complemented by a series of parallel spaces for connection and mutual support, organised into the following categories:

- Small Prides Caucus (Rural)
- Medium Prides Caucus
- Large Prides Caucus
- Asexual Caucus
- BIPOC Caucus
- Bi/Pan Caucus
- Intersex Caucus
- Kinkster Caucus
- Lesbian & Sapphic Caucus
- PWD/PMR Caucus
- Senior Caucus
- Trans/Non-Binary/Queer Caucus
- Women Caucus
- Youngsters Caucus
- Prides in Risk
- Religion Caucus
- Allies Caucus

During the Global Summit, each region will produce a summary of its discussions and its demands to be included in the International Principles on LGBTQIA+ Fundamental Rights.

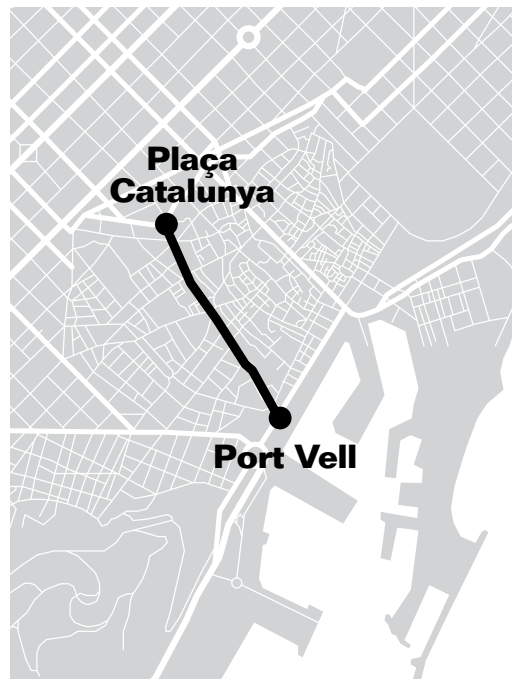

These regional reports will be incorporated into the “Shape Tomorrow” report, which will compile collective needs and demands from each region and later be shared in the parliamentary session on the final day.

This will allow the drafting of a global manifesto built on collectively developed principles, calling for the recognition of LGBTQIA+ rights worldwide. In parallel, the Team Together unit will gather proposals and international cooperation projects to foster a legacy that goes beyond the conference itself.

“LA RAMBLA” PROTEST

29 JUNE

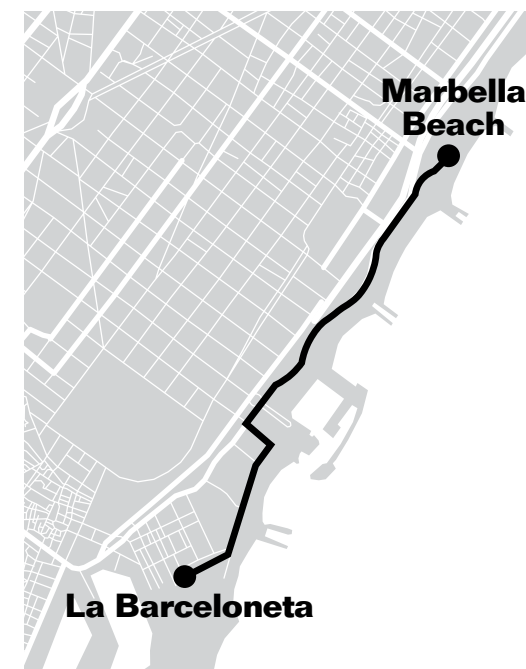

A march deeply rooted in the city's memory will take place. Following the route along La Rambla, it will recreate the path of the historic first LGBTQIA+ demonstration in Spain, held in Barcelona in 1977. This march will not only serve as a tribute, but as an act of recognition and continuity: an opportunity to highlight how the struggles of the past continue to resonate and remain urgently relevant today. The day will conclude at the commemorative plaque, where LGBTQIA+ social organisations will deliver a collective proclamation, giving voice to the associative fabric that has sustained and transformed the reality of the community for decades.

MEDITERRANEAN MARCH

13 JULY

The focus will expand to the European context with the Mediterranean March, which will follow the Passeig Marítim de la Mar Bella. With the sea as a shared horizon, this march symbolises the connection between territories and cultures, as well as the common challenges faced by LGBTQIA+ communities across Europe. International delegations, activists and citizens will walk together in a space that blends protest and celebration. The experience will extend beyond the route itself, with music on the beach, cultural activities, meeting spaces and sports initiatives, turning the day into a true open-air collective celebration.

WORLDPRIDE MARCH

20 JULY

Finally, on 20 July, Barcelona will host the great WorldPride March, the culminating moment of the event. A unified, diverse and mass demonstration bringing together participants from all over the world in the heart of the city. The route will start at the stage on Avinguda Maria Cristina, continue along Gran Via de les Corts Catalanes (one of the city's main avenues), and end at the Arc de Triomf stage. There, the energy of the march will transition into the closing concert, transforming protest into celebration and closing the cycle with a powerful image of global unity.

In this way, the marches and protests of WorldPride build a living narrative that goes beyond the city itself. A journey that begins in the memory of “La Rambla”, expands towards Europe from the Mediterranean, and culminates in a global affirmation in the heart of Barcelona. Three marches, three dimensions, local, European and global, but with one shared message: walking together to move forward, visible, diverse and proud.

VISIBILITY

July 5th–20th ● Queer Global Forum

July 12th–20th ● Activism Academy

July 16th–20th ● WorldPride Village

July 18th ● Global LGBTQIA+ Awards

The city of Barcelona offers a wide range of venues to host a rich and extensive programme dedicated to recognising activists, organisations and international figures whose work has been fundamental in advancing rights and freedoms. From Global LGBTQIA+ Awards, to spaces to learn and connect like the WorldPride Village, the Activist Academy or the Queer Global Forum.

GLOBAL LGBTQIA+ AWARDS: 17 JULY MEMORY, RECOGNITION & FUTURE

The Global LGBTQIA+ Awards will be one of the most emotional and meaningful moments of the programme. A ceremony dedicated to recognising activists, organisations and international figures whose work has been fundamental in advancing rights and freedoms.

The ceremony will take place in the majestic **Oval Hall of the Museu Nacional d'Art de Catalunya** on 17 July, a setting that reflects the importance of these awards.

Beyond celebration, the Global LGBTQIA+ Awards are grounded in a clear conviction: there is no progress without memory, and no future without role models. Recognising trajectories also means strengthening the present and

inspiring new generations to continue the struggle.

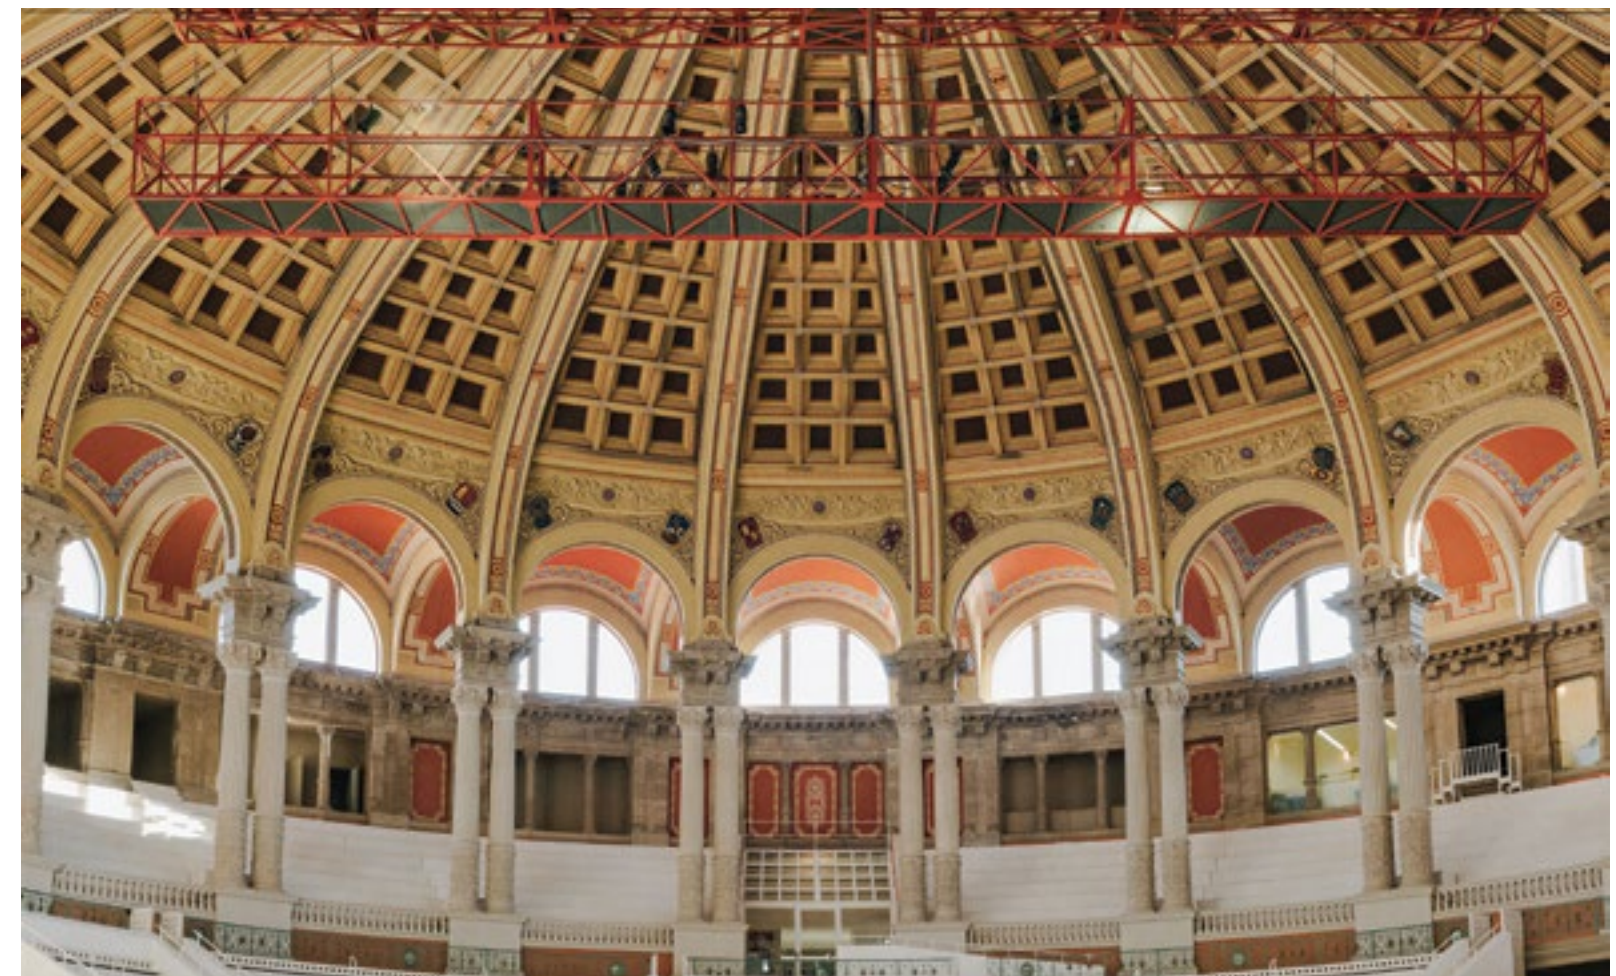

In this edition, the event will have a particularly commemorative character, marking two key milestones in the history of the movement in Spain:

- The 25th anniversary of marriage equality, a historic milestone in civil rights.
- The 50th anniversary of the first LGBTQIA+ organisation legalised in Spain, the Front d'Alliberament Gai de Catalunya.

It will be a night to celebrate achievements, honour struggles and project the future, remembering that every gain is the result of collective effort and of those who paved the way.

Recognising trajectories also means strengthening the present and inspiring new generations to continue the struggle.

ACTIVISM ACADEMY: LEARNING FROM EACH OTHER

12–20 JULY

Throughout this period, and through the connections we have been building, many LGBTQIA+ organisations have proposed a series of actions that will take place during the month-long WorldPride programme. Our aim is to bring to life the proposals and activities gathered in the “Shape Tomorrow” report, turning the Social Agenda into a space for international meeting, exchange and collective work.

The city of Barcelona offers a wide range of venues to host a rich and extensive programme, including spaces such as the Centre LGTBI de Barcelona, organisational headquarters and cultural venues, all of which are made available to host a diverse and dynamic Social Agenda.

However, the core of the Social Agenda will be the emblematic Universitat de Barcelona, which will become the main hub for most activities and meetings. The main building of the **University of Barcelona** is one of the city's most important academic and cultural landmarks. Inaugurated in 1863, it combines neoclassical and historicist architecture. It represents education and knowledge as a space for innovation and critical thinking, making it an ideal venue for an event that fosters social debate and mutual

learning. Located in the city centre, it is easily accessible and offers numerous rooms and lecture halls that align perfectly with the Social Agenda and enable the creation of discussion forums.

In addition, more than 40 LGBTQIA+ organisations in Barcelona will offer spaces for exchange and cultural programming, with the aim of building alliances and delivering a Social Agenda co-created between international and local organisations. Some of the themes already proposed by organisations through the “Shape Tomorrow” report include:

- Activism and history
- LGBTQIA+ Chambers of Commerce
- Censorship
- Chemsex
- Colonialism

- Culture
- Economic empowerment
- Education
- LGBTQIA+ families
- Founding (how to get started, ideas)
- Intersectionality
- Youth and activism
- LGBTIfobia
- Equal marriage
- SDGs and Agenda 2030
- “Critical” Prides
- LGBTQIA+ refugees
- Religion and the LGBTQIA+ community
- Safe spaces
- Health and stigma reduction
- Queer exile and rural Prides
- Sponsorships
- Tourism
- Volunteering
- Workplace
- Two-Spirit identities
- Decriminalisation

QUEER GLOBAL FORUM

5-20 JULY

The Queer Global Forum is not only an artistic programme, but also a space for critical reflection and the construction of collective memory.

From 5 to 20 July 2030, Barcelona will become a major stage for creation, memory and engagement with LGBTQIA+ realities from around the world through the Queer Global Forum. With the **Museu Nacional d'Art de Catalunya** as its central venue, the forum will host an exhibition featuring displays and informational panels representing LGBTQIA+ contexts from all InterPride regions and the Prides that form part of them.

This will create a permanent installation throughout the WorldPride programme, allowing all attendees to engage closely with global LGBTQIA+ realities through information points, exhibitions and

QR-code enabled video content, offering a journey across multiple realities within a single space.

Beyond its central exhibition, the Queer Global Forum will extend across the entire city, unfolding a cultural agenda that connects institutions, independent spaces and creative communities. Barcelona will be transformed into a living map of queer culture, where each neighbourhood contributes its own voice. The cultural programme will include exhibitions, performing arts, cinema, literature, critical thought and contemporary practices, showcasing both local and international artists exploring the multiple dimensions of LGBTQIA+

identities. Spaces such as the Centre LGTBI de Barcelona, city museums and galleries, sports activities, as well as the renowned FIRE!! International Gay and Lesbian Film Festival, will form part of an interconnected cultural network.

The Queer Global Forum is not only an artistic programme, but also a space for critical reflection and the construction of collective memory. Through meetings, debates and artistic projects, it will address key issues such as representation, cultural rights, historical narratives and new languages of diversity.

Within the framework of WorldPride, the Queer Global Forum reaffirms the transformative power of culture: a space to imagine possible futures, celebrate diverse identities and build, through art, a freer and more inclusive society.

Culture is a territory of resistance, memory and celebration for LGBTQIA+ people. It is not only a symbolic space: it is the frontline from which we fight, the refuge where we recognise ourselves, and the celebration where we affirm our existence. Through art, dance, theatre, music and language, society creates spaces where people can express themselves freely, make diverse realities visible and challenge

These exhibitions will be expanded through projects such as the ZEROFLAGS PROJECT, symbolising a global and committed perspective on LGBTQIA+ rights and visibility.

exclusionary norms. Dissident culture has always been a driver of change and a collective refuge, a place to exist without censorship, to imagine alternative futures and to proudly claim diverse identities.

LGBTQIA+ culture is rich with figures who were silenced, persecuted and too often murdered by heteronormative and patriarchal systems. Artists of literature, music and performance were pushed out of official circuits, erased from academia and condemned to obscurity. Today, paradoxically, the same ideologies that contributed to their marginalisation attempt to appropriate their legacy, stripping it of political meaning and turning it into mere decoration. Reclaiming LGBTQIA+ culture also means recovering these voices, honouring their memory and exposing the hypocrisy of a system that once erased them and now seeks to use them for legitimacy.

But LGBTQIA+ culture is not only resistance and memory: it is a culture of progress. It is the force that

pushes the world forward, the seed of major social change, the revolution that challenges inertia and fear. Without the creativity, courage and dissident perspective of LGBTQIA+ people, culture—and society—would be poorer, greyer and more conformist. LGBTQIA+ culture is the engine that breaks walls, questions dogmas and opens pathways towards a freer and more just future for all.

From the beginning, LGBTQIA+ people have been at the forefront of art, literature, music, thought and social innovation. We have challenged censorship, given voice to silences, and transformed difference into beauty and disobedience into pride. Progress cannot be understood without our contribution: without us, culture would become a repetition of dogma and prejudice, a lifeless culture. We are the culture that moves the world forward, transforming pain into hope, marginalisation into pride and invisibility into presence.

The cultural programme already includes the following confirmed

offers, which will continue to expand as the event approaches:

- The **Museu Nacional d'Art de Catalunya** will serve as the central venue, hosting a set of exhibitions representing all global territories and bringing together LGBTQIA+ contexts from across the world. It will function as a global LGBTQIA+ cultural forum, with multiple rooms and spaces dedicated to showcasing diverse realities. QR codes will provide access to videos with explanations from artists and organisations from each territory, offering deeper context and meaning to each work.

These exhibitions will be expanded through projects such as the ZEROFLAGS PROJECT, symbolising a global and committed perspective on LGBTQIA+ rights and visibility. This initiative will connect different geographies and contexts, showing how art becomes a universal language in the face of inequality.

Beyond the Museu Nacional d'Art de Catalunya, the Queer Global Forum will extend across the city through the active involvement of the associative and cultural fabric, turning Barcelona into a living ecosystem of creation, participation and diversity.

Local LGBTQIA+ organisations, together with international cultural institutions, will not only take part in the programme but will be central agents in its co-creation, contributing perspectives, languages and lived experiences that reflect the global diversity of the movement. This collaboration will enable a decentralised and rich agenda, bringing queer culture into neighbourhoods, community spaces, cultural venues and the streets of the city. Within this framework, the programme will include:

- The renowned **FIRE!! International Gay and Lesbian Film Festival** will offer a key window into LGBTQIA+ cinema, presenting a curated selection of works exploring diverse narratives, new identities and emerging realities, consolidating its position as one of Europe's leading film festivals (5–7 July).
- Sport will also play a key role through initiatives led by **Panteres Grogues** (a local LGBTQIA+ sports organisation) and international partners. These activities will promote inclusion, visibility and wellbeing through sport, creating safe spaces where diversity is experienced through the body, play and community (12–14 July at Mar Bella beach

and Mar Bella Sports Centre), including football, swimming, volleyball and more.

- **Performing arts** will occupy a central place, with theatre, musicals and contemporary dance giving voice to creators who use the stage as a tool for expression, resistance and social transformation. Venues such as the Palau de la Música Catalana will host this programme, inviting audiences to feel, question and reflect through artistic experience.
- The **Museu d'Història de Barcelona** will host a major exhibition commemorating the first LGBTQIA+ demonstration in Spain, which took place in Barcelona in 1977 on La Rambla.

3.2.4 113 WORLDPRIDE VILLAGE: A SPACE TO CONNECT

From 16 to 20 July 2030, the **Passeig de Gràcia** will be transformed into an open, vibrant and accessible space for all citizens through the WorldPride Village.

The WorldPride Village will be much more than a meeting point: it will be a place where diversity is experienced first-hand, where cultures, languages and experiences coexist in an inclusive and participatory environment. Along this iconic city avenue, there will be exhibition spaces and stands from LGBTQIA+ organisations, as well as areas dedicated to the sale of products and information points showcasing the work of organisations, collectives and global networks fighting for rights and equality.

The Village will also be connected to one of the main stages at Plaça Catalunya, creating an engaging atmosphere that encourages attendance and participation from everyone visiting the space.

The WorldPride Village will include rest areas, food spaces, family-friendly zones and information points, ensuring a welcoming experience for all audiences. It will be a place to meet, share, discover and celebrate, where everyone can feel part of a global community.

16–20 JULY

CELEBRATION

- July 5th–7th ● **Pride in the Streets**
- July 12th–14th ● **Pride at the beach**
- July 16th ● **InterPride Reception**
- July 17th ● **Opening
WorldPride Ceremony**
- July 17th–20th ● **WorldPride Concerts**
- July 20th ● **Closing Ceremony
& Handover**
- July 18th–20th ● **Pride KIDS**
- July 22nd–28th ● **OFF-PRIDE**

From 5 to 20 July 2030, Barcelona will reveal its most vibrant and emotional dimension through a major celebratory programme that will fill the city with music, diversity and pride. For more than two weeks, the city will be transformed into an open stage where celebration becomes a form of visibility, encounter and advocacy. Streets, squares, beaches and major avenues will host a continuous programme designed to experience WorldPride 2030 Barcelona through collective joy and active participation.

3.3.1

INTERPRIDE RECEPTION: THE BEGINNING OF A HISTORIC WEEK 16 JULY

The InterPride Reception will mark the opening of the central week of WorldPride 2030 with a welcome event dedicated to InterPride member organisations on 16 July.

InterPride is the world's leading global LGBTQIA+ network of Pride organisers and a key actor in the international advocacy and promotion of LGBTQIA+ rights. It brings together a global community committed to change, capable of coordinating collective efforts, sharing knowledge and generating real impact across a wide range of contexts.

In 2030, InterPride's presence will not only reinforce the international dimension of the event, but also consolidate its role as a collective leadership force in the struggle for equality, connecting territories, lived experiences and advocacy strategies.

The reception will take place following the first day of the Human Rights Conference, in an iconic venue such as the **Teatre Nacional de Catalunya**, strengthening the link between culture, thought and activism. More than an institutional gathering,

this will be a moment to reconnect, build alliances and celebrate the strength of a global network working for LGBTQIA+ rights across all continents.

It will be a space to share experiences, build bridges and formally launch the most intense and meaningful days of WorldPride. From a global perspective, the InterPride Reception symbolises the international community's capacity to organise, resist and move forward together, reaffirming InterPride's role as a driving force for change.

In 2030, InterPride's presence will not only reinforce the international dimension of the event, but also consolidate its role as a collective leadership force in the struggle for equality, connecting territories, lived experiences and advocacy strategies.

WORLDPRIDE CONCERTS: WHERE MUSIC UNITES US

From 5 to 20 July 2030, Barcelona will reveal its most vibrant and emotional dimension through a major celebratory programme that will fill the city with music, diversity and pride.

For more than two weeks, **the city will be transformed into an open stage where celebration becomes a form of visibility, encounter and advocacy.** Streets, squares, beaches and major avenues will host a continuous programme designed to experience WorldPride through collective joy and active participation.

This programme will unfold in three main moments:

01. PRIDE IN THE STREETS: Pride takes over the city (5-7 JULY)

The celebration will begin in the urban heart of Barcelona with Pride in the Streets, a large-scale activation of public space that will bring the energy of WorldPride directly into the city's streets from 5 to 7 July.

The city's emblematic LGBTQIA+ neighbourhood, historically known as the **Gaixample**, will become a key hub of activity, hosting open-air stages, live music performances, DJ

sets and artistic interventions that invite residents and visitors alike to step outside, come together and celebrate. With two main stages located in Plaça Universitat and along the pedestrianised Consell de Cent, the historic LGBTQIA+ district will come alive, spilling energy into surrounding streets and venues that will also join the celebration.

This will be the first major collective moment of connection, where the city begins to pulse to the rhythm of pride, driven by both local artists and emerging international talent.

02. PRIDE AT THE BEACH: Celebrating by the Mediterranean (12–14 JULY)

The second major celebratory wave will move towards the sea with Pride at the Beach, taking place from 12 to 14 July. This programme combines music, culture and leisure in an open and diverse coastal setting.

Over three days, **Platja de la Mar Bella**, Barcelona's LGBTQIA+ beach space, will be transformed from a place of local freedom and gathering into a vibrant seaside celebration, featuring stage programming, daytime activities and shared

experiences that connect the festive spirit with the city's landscape and identity. The Mediterranean March on 13 July will further amplify the moment, allowing the struggle for LGBTQIA+ rights to resonate across the Mediterranean Sea.

03. WORLDPRIDE CELEBRATION: The BIG moment (17–20 JULY)

The celebration will reach its peak during the central week with the WorldPride Celebration, five days in which Barcelona becomes the global epicentre of Pride.

Four simultaneous main stages will anchor the celebration: Avinguda Maria Cristina, Plaça Universitat, Plaça Catalunya and Arc de Triomf.

– **Opening WorldPride Ceremony: 17 July (Avinguda Maria Cristina).** The opening ceremony will officially launch the main week with a spectacular event combining music, performing arts and visual storytelling through

the iconic **Magic Fountain of Montjuïc**. It will serve as a symbolic moment of global welcome and a collective statement in defence of LGBTQIA+ rights.

– **Closing Ceremony & Handover: 20 July (Arc de Triomf).** The closing of WorldPride will be a celebration worthy of its significance. Following the WorldPride March, the city will gather for a final concert that brings together weeks of emotion, advocacy and shared pride.

This collective finale will also mark a new beginning through the WorldPride Handover, where Barcelona formally passes the host city baton to the next WorldPride destination.

A symbolic transition that reflects a global community continuing to move forward together.

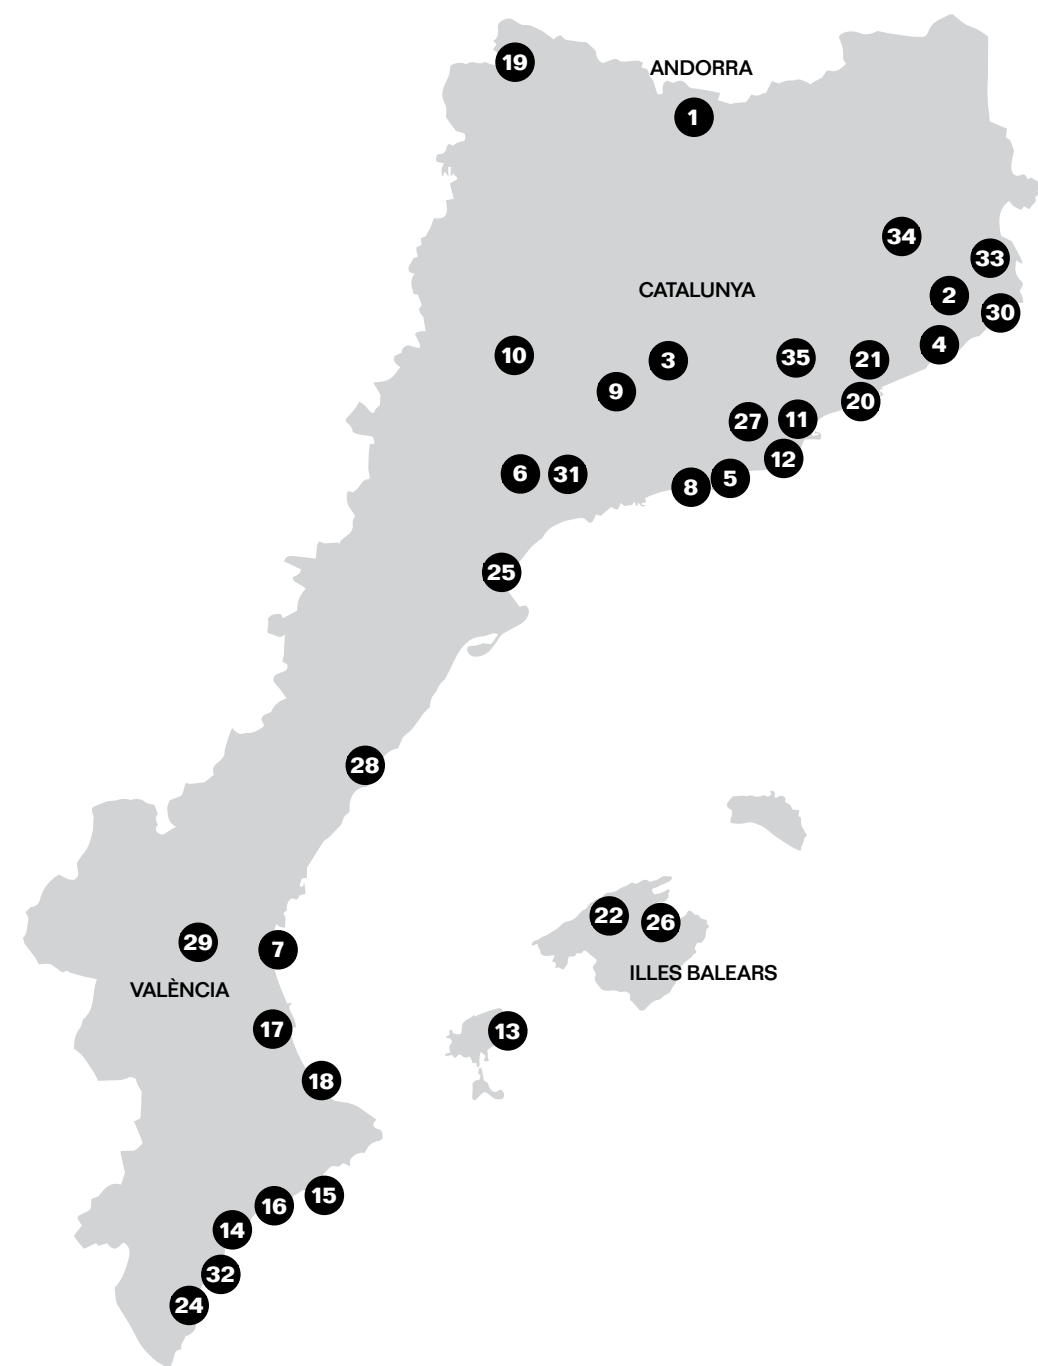

**Four simultaneous stages will anchor the celebration:
Avinguda Maria Cristina, Plaça Universitat, Plaça Catalunya and
Arc de Triomf.**

OFF-PRIDE: PROUD EVERYWHERE

22–28 JULY

OFF-PRIDE is conceived as a decentralised programming network that promote local Pride celebrations.

OFF-PRIDE is conceived as a natural extension of WorldPride 2030 Barcelona, led by the **Xarxa d'Orgulls del Territori**, with the aim of extending the **WorldPride spirit beyond the city and across the catalan-speaking territories**.

This initiative is grounded in a clear conviction: pride does not belong exclusively to major cities, but is the result of decades of sustained work by a broad and diverse associative fabric that has fought for LGBTQIA+ rights across the region.

It also seeks to highlight and value local cultural identity.

The network brings together a total of **35 Pride organisations across the different territories**:

- 1 Diversand. Orgull Andorra
- 2 Orgull Gironí. Espai LGTBI de Girona
- 3 Orgull Anoia. Associació LGBTIQ+ de l'Anoia
- 4 Orgull Costa Brava. Pride Costa Brava.
- 5 PLURALS Associació LGTBIQ+ Lloret de Mar
- 6 Orgull de Sitges
- 7 GrataPride
- 8 Orgull València.
- 9 Casal Lambda València
- 10 Pride Vilanova i la Geltrú.
- 11 Associació A Prop LGTBIQ+ Orgull Esplugu
- 12 Orgull de Lleida. Colors de Ponent
- 13 Orgull Santa Coloma. Entenem
- 14 Santa Coloma LGTBI L'Horgull
- 15 Ibiza Gay Pride
- 16 DIVERSITAT LGTBI / Alacant.
- 17 Alicante Pride / Orgullo Alicante
- 18 Benidorm Pride
- 19 Vila-Diversitat. Orgull de La Vila Joiosa
- 20 Gaiels. Orgull Alzira
- 21 Col·lectiu LGTBIQ+ de la Safor.
- 22 Valldigna (Gandia Pride / Orgull Tavernes de la Valldigna / Orgull La Font d'en Carròs / Orgull Benifairó de la Valldigna / Orgull

- 19 Palma de Gandia / Orgull Piles / Orgull Miramar / Orgull Oliva / Orgull Onil)
- 20 Val d'Aran LGTBIQ+.
- 21 Vielha Orgull
- 22 La Festa De Tots Colors.
- 23 Mataró LGTBIQ+ Stonewall Associació.
- 24 Mollet amb Orgull Associació Únic.
- 25 Orgullosament Inca Associació Arc de Sant Martí
- 26 LGTBIQ+ Xàtiva. Orgull Xàtiva Torreveja DIVERSA.
- 27 Torreveja Pride
- 28 Unicorns Pride.
- 29 Okay Productions
- 30 Unity Colors.
- 31 Pride Platja de Muro
- 32 Tirèsias. Pride de Sant Feliu de Llobregat
- 33 Fem Orgull Vilafamés
- 34 Orgullo Chestano
- 35 Palamós Orgullós
- Ohana LGTBIQ. Orgull Pradenc
- Asociación Entendemos LGTBIQ+.
- Orgull Santa Pola
- Orgull Calonge i Sant Antoni.
- Associació Teatral LaFilomena
- Orgull Volcànic. Associació Alliberem-nos: Associació
- LGBTIQ+ de la Garrotxa
- Orgull Terrassa.
- Homies Pride Terrassa

OFF-PRIDE is conceived as a decentralised programming network, that recognises, gives visibility and places value on all those organisations, collectives and activists that make local Pride celebrations possible, from internationally renowned locations such as Sitges, with a long tradition as an LGBTQIA+ destination, to smaller municipalities and rural environments where Pride events are more intimate but equally transformative.

During the week from 22 to 28 July 2030, these localities will join the WorldPride programme with their own activities, gatherings and cultural proposals, generating a diverse and plural map that reflects the richness of the territory.

Beyond expanding the programme, OFF, PRIDE aims to acknowledge the essential role of local networks, strengthen links between territories and project a more complete and accurate image of LGBTQIA+ diversity. In this way, WorldPride 2030 Barcelona will not only be an event in a single city, but a shared experience that connects communities, amplifies voices and builds Pride from the local to the global.

PRIDE KIDS: GROWING IN DIVERSITY, CELEBRATING AS A FAMILY 18–20 JULY

From 18 to 20 July 2030, **Parc de la Sagrada Familia** will be transformed into a large open space for families with the celebration of **Pride KIDS**, a programme designed to bring the values of diversity, respect and inclusion to younger generations. **Pride KIDS** will be coordinated by **Famílies LGTBI de Barcelona**, a social organisation that is part of **Pride Barcelona** and has long worked for family diversity and has organised activities and training in the city for years.

Pride KIDS will be a safe, playful and educational environment where

children and their families can enjoy a specially designed programme. Over three days, the park will host activities that combine entertainment and learning, fostering creativity, empathy and recognition of all ways of being, feeling and loving.

The programme will include children's shows, inclusive storytelling sessions, theatre, live music, creative workshops and participatory activities, as well as free play areas and family rest zones. It will also feature educators, artists and organisations working in the

fields of diversity and childhood, offering content adapted to different age groups.

More than a leisure space, **Pride KIDS** will be a place to plant values, where families can spend quality time together while promoting a culture based on respect, equality and the celebration of diversity from early childhood. Within the framework of **WorldPride 2030 Barcelona**, **Pride KIDS** represents a commitment to a more inclusive future, where every child can grow up as who they are, with pride and freedom.

OPEN TO EVERYONE
1 MILLION EUROS
TO MAKE THE MOST
PARTICIPATIVE
WORLDPRIDE**

**EUROPE FOR THE WORLD:
EUROPRIDE 2030**

InterPride

AS THE DRIVING FORCE: MEMBER BENEFITS

Within the framework of WorldPride 2030 Barcelona, InterPride members will benefit from an exclusive programme of advantages designed to facilitate their participation, enhance their experience and recognise their key role as a global leadership network in LGBTQIA+ rights. This set of benefits aims not only to provide comfort and preferential access, but also to create spaces for connection, visibility and care for those who are actively part of the international Pride movement.

Exclusive and free access

InterPride members will enjoy preferential and complimentary access to all institutional events within the programme, as well as to all programming produced by the organisation.

At Pride Barcelona, all events, concerts and activities we organise are free of charge, both for our members and for the general public. This policy is part of our identity and of the way we understand Pride, as an open, inclusive and accessible space for all of society.

We firmly believe that participation in culture, the celebration of diversity and the defence of LGBTQIA+ rights should not be conditioned by economic barriers. For this reason, we maintain our commitment to guaranteeing free access to our programme during WorldPride 2030. However, **two exceptions** to this general principle of open access must be considered:

- Internal meetings and gatherings organised by InterPride will be restricted to accredited individuals and delegations, due to their institutional and operational nature.
- In addition, events and activities promoted by external organisations may take place in parallel to the official programme, where access is subject to a ticket or participation fee. These events will be managed independently by their respective organisers and will not form part of the free programme provided by the organisation.

Reserved Areas

InterPride members will also have access to **reserved areas at the main concerts**, an environment designed to enjoy the celebratory programme under optimal conditions. There will be no need to offer an upgrade to access what is commonly referred to as a VIP area, all members will be able to enjoy, free of charge, the following:

- Prime viewing locations close to the stages.
- Dedicated relaxation areas.
- Priority food and beverage services.

Travel & accommodation benefits

Travel and accommodation benefits, to encourage and facilitate international participation, agreements will be established with partner companies, allowing members to access:

- Accommodation discounts. Participating hotel groups will offer discounts ranging from 20% to 50%, including:
 - SLS Barcelona
 - Catalonia Hotels
 - H10 Hotels
 - W Barcelona
 - InterContinental Barcelona
- Air travel discounts. A 20% discount on both international and domestic flights operated by Iberia, Vueling and LEVEL.

Welcome Pack

InterPride Welcome Pack, upon arrival, members will receive an exclusive welcome package including:

- Official WorldPride 2030 Barcelona merchandise.
- A personalised public transport travel card, provided free of charge for the duration of their stay through the support of TMB and Barcelona City Council.
- Discounts on parties and nightlife. Through the LGBTQIA+ Chamber of Commerce of Catalonia, members will receive a special pass granting access to discounts at many of the city's leading LGBTQIA+ venues, as well as selected cultural attractions, shops and entertainment offerings throughout the event.

SCHOLARSHIPS

OPEN TO EVERYONE

To turn this commitment into a tangible reality, a total of €1,000,000 will be allocated to the scholarship programme, reaffirming our determination to build a WorldPride that is truly inclusive, accessible and globally representative.

Aware of the economic inequalities and resource challenges faced by non-profit organisations around the world, Pride Barcelona, together with public institutions, will establish a scholarship programme aimed at facilitating the participation of international organisations, activists and Pride organisers who may otherwise face financial barriers to attending the event.

The objective of this programme is to ensure the broadest possible representation and diversity at WorldPride 2030 Barcelona, particularly within key spaces such as the Global Summit for Real and Effective LGBTQIA+ Rights, as well as throughout the wider programme of activities. We want to ensure that voices from diverse contexts, particularly those from regions facing greater economic or political challenges, have the opportunity to be present, share their experiences

and actively contribute to the global dialogue, ensuring that we can all listen, learn and grow together.

These scholarships will cover, either fully or partially, costs related to travel, accommodation and participation, prioritising projects and organisations that generate a significant impact within their communities and that can contribute essential and diverse perspectives to the event.

To turn this commitment into a tangible reality, a total of €1,000,000 will be allocated to the scholarship programme, reaffirming our determination to build a WorldPride that is truly inclusive, accessible and globally representative.

The programme will be managed by the International Affairs and Global Partnerships Department, in coordination with InterPride, which will oversee participation

through the scholarship scheme. This does not exclude applications from organisations and participants at local, national or European level, who will also be eligible to apply.

We firmly believe that a truly global WorldPride must be accessible to all realities. For this reason, the scholarship programme is designed not only to facilitate attendance, but also to enrich the event through the exchange of knowledge, experiences and struggles that reflect the diversity of the global LGBTQIA+ movement.

In 2030, Barcelona aims to become a meeting point where every voice has a place. A safe, inclusive and representative space where diversity is not only present, but takes centre stage.

Because this will, without question, be a WorldPride for the world.

EUROPE FOR THE WORLD: EUROPRIDE 2030

In 2030, Barcelona will not only host WorldPride, but will also have the opportunity to incorporate the celebration of EuroPride 2030, further strengthening its role as a meeting point between the global and the European LGBTQIA+ movements. Rather than being conceived as separate events, **our proposal is for WorldPride and EuroPride to coexist within a single, integrated programme, creating synergies between both frameworks and amplifying their political, social and cultural impact.** This convergence will position Barcelona as a bridge between diverse realities, connecting the challenges and achievements of the European context with a broader global perspective.

We firmly believe that together we are stronger. For this reason, Barcelona aims to bring both initiatives together under a shared global framework capable of generating the greatest possible

international impact, while ensuring that every voice is heard and represented. The core objective of this bid is to provide a platform for all regions, communities and realities that make up the global LGBTQIA+ movement.

EuroPride, like every other region represented at WorldPride, will have its dedicated space within the Global Summit for Real and Effective LGBTQIA+ Rights (Human Rights Conference), taking place on 18 July. This session will offer a specific focus on Europe, its current challenges, legislative frameworks and the diverse realities that coexist across the continent. It will provide an opportunity to highlight both progress and remaining inequalities, fostering dialogue between European countries, organisations and institutions. The conclusions and recommendations emerging from these discussions will contribute directly to the International Principles for LGBTQIA+ Fundamental Rights.

One of the most symbolic moments of this European dimension will take place on 13 July with the Mediterranean March, held along the Passeig Marítim of Mar Bella, connecting Barcelona with the rest of Europe through the shared horizon of the Mediterranean Sea.

More than a march, this event will represent a collective affirmation of European values rooted in equality, freedom and human rights. The experience will be complemented by sports activities on Mar Bella Beach and at the Mar Bella Sports Centre, alongside a celebratory programme taking place on the beach stage.

EuroPride 2030 will be fully integrated into the experience, contributing a strong and visible European dimension through both the Human Rights Conference and the Mediterranean March, while remaining part of a truly global and inclusive WorldPride programme.

Message from Patrick Orth, President of EPOA

“On behalf of the European Pride Organisers Association (EPOA), I am pleased to express our full support for Pride Barcelona’s bid to host WorldPride 2030.

Pride Barcelona has long been a leading force within the European Pride movement. Through its

consistent commitment to visibility, inclusion, community engagement, and human rights advocacy, the organisation has demonstrated both vision and the capacity required to deliver an event of the scale and significance of WorldPride.

EPOA has had the privilege of working closely with Pride Barcelona over many years and has witnessed first-hand the professionalism, dedication, and competence of its team. We are confident that Pride Barcelona possesses the experience, infrastructure, partnerships, and community support necessary to organise a successful, impactful, and truly global WorldPride that would celebrate diversity while advancing

the rights and visibility of LGBTQIA+ people worldwide.

We would also like to reaffirm the longstanding understanding between EPOA and InterPride that, should WorldPride be awarded to an organisation in Europe, the hosting of EuroPride and WorldPride will continue to take place jointly.

EPOA remains committed to this arrangement and looks forward to continued cooperation with InterPride in ensuring the success of both events.

We wish Pride Barcelona every success in its bid and wholeheartedly recommend its candidacy for WorldPride 2030.”

5. LEGACY

WE DON'T JUST RESIST, WE GO BEYOND

Barcelona is a city shaped by both memory and vision. It was here, on La Rambla in 1977, that thousands of people took to the streets in the first demonstration for sexual and gender freedom ever held in Spain. That historic mobilisation, taking place just two years after the death of Franco, was far more than a protest. It was an act of collective courage, a decisive break with decades of repression, silence and invisibility imposed by the dictatorship.

Under Franco's regime, LGBTQIA+ people were subjected to systematic persecution.

Under Franco's regime, LGBTQIA+ people were subjected to systematic persecution. Homosexuality and gender-diverse identities were considered moral, social and political threats. The law "Vagos y Maleantes", amended in 1954 to include "homosexuals", and later the law about "Peligrosidad y Rehabilitación Social" of 1970, provided legal justification for repression through arbitrary arrests, imprisonment, confinement in psychiatric institutions, torture, so-called "corrective" treatments and exclusion from public life. Institutional violence condemned countless people to marginalisation, fear and invisibility.

Against this backdrop, the LGBTQIA+ movement emerged in secrecy. Despite the risks, the first organised groups began

to take shape, including the Front d'Alliberament Gai de Catalunya (FAGC), founded in 1975, which played a central role in organising the 1977 demonstration in Barcelona. These pioneering organisations laid the foundations of the LGBTQIA+ movement in Spain, creating spaces for solidarity, mutual support and political activism in an environment that remained deeply hostile.

In 1980, the FAGC achieved legal recognition, becoming the first legally recognised LGBTQIA+ organisation in Spain. In 2030, it will celebrate its 50th anniversary. Since then, the history of the LGBTQIA+ movement in Spain has been defined by continuous mobilisation and the gradual achievement of fundamental rights. Over the decades, significant milestones have been secured,

including the decriminalisation of homosexuality, the introduction of equal marriage in 2005, adoption rights, regional legislation against LGBTQIA+ discrimination, the national Trans Law and legal recognition for diverse gender identities.

In Catalonia, the adoption of Law 11/2014, aimed at guaranteeing the rights of LGBTQIA+ people and eradicating LGBTQIA+phobia, represented a landmark achievement. It established the fight against discrimination as a public responsibility and laid the groundwork for comprehensive institutional action.

As a result of this legislation, a network of specialised public services was developed, including the SAI LGBTI+ centres, available throughout Catalonia via municipalities with more than 20,000 inhabitants and through county councils in smaller communities. These services provide legal, psychological and social support to LGBTQIA+ people experiencing discrimination or violence. In Barcelona, the creation of the Centre LGTBI de Barcelona established a pioneering reference point at national level, offering direct support while also serving as a space for community building, education, memory and activism.

In December 2025, the legislation was further strengthened and expanded to reinforce the protection of LGBTQIA+ rights, with particular attention to trans people and LGBTQIA+ organisations across Catalonia. The updated framework goes further by embedding an intersectional approach and requiring public authorities to incorporate LGBTQIA+ perspectives across all areas of public policy. Yet these achievements have never been linear or irreversible. Violence and discrimination remain a reality, particularly for trans people, exposing the structural vulnerabilities that continue to affect trans communities, racialised

individuals and those living in precarious conditions. These incidents are not isolated events, but manifestations of a broader system of violence expressed through physical and verbal attacks, workplace exclusion, pathologisation, transphobia, biphobia and everyday forms of invisibility.

Cases of LGBTQIA+phobia continue to occur in streets, schools, workplaces and institutions, reminding us that legal rights alone do not automatically guarantee lives free from discrimination or violence. Laws and public services are essential, but they are insufficient without profound cultural change, adequate resources and sustained political commitment.

For this reason, speaking about memory in Barcelona is not an

exercise in nostalgia, but a deeply political act. It means recognising that today's rights are the result of the struggles of those who organised and resisted when everything was against them. It means honouring those who were imprisoned, exiled, medicalised or killed simply for being who they were, as well as those who continue to face discrimination and violence today.

Barcelona is a memory, but it is also the future. A future that can only be built through collective organisation, critical awareness and solidarity. Because the struggle for LGBTQIA+ rights is not solely a fight for identity, it is a struggle for a fairer, freer and more democratic society for everyone. Every right that has been won has been, and will continue to be, the result of collective resistance against oppression.

For this reason, speaking about memory in Barcelona is not an exercise in nostalgia, but a deeply political act.

FROM THE ROOTS OF BARCELONA TO THE GLOBAL LGBTQIA+ COMMUNITY

Hosting an event of the scale of WorldPride in a city such as Barcelona, within the current political and social context, represents a unique opportunity to project a message of inclusion, diversity and human rights that transcends borders. Beyond its cultural and celebratory dimension, the organisation of this event will create a lasting legacy, both symbolic and tangible, helping to strengthen the LGBTQIA+ movement and enhance its capacity to drive change and influence at a global level.

Symbolic Legacy

The symbolic legacy of WorldPride Barcelona aims to inspire hope, strengthen the sense of global community and reinvigorate the fight for LGBTQIA+ rights and human rights more broadly. We want to place a particular focus on new generations, ensuring that young LGBTQIA+ voices are at the heart

of this project, while honouring those who paved the way before us.

WorldPride 2030 will highlight the power of grassroots organising, community action and international solidarity, reminding us that every right secured has been achieved through collective struggle and

the determination of those who came before us. The event will serve as a platform to promote messages of diversity, inclusion and resilience in the face of growing hate and discrimination, while inspiring future generations to continue building a movement grounded in equality, justice and human dignity.

Tangible Legacy

The tangible impact of WorldPride 2030 Barcelona will be realised through a series of strategic initiatives and long-term projects designed to create lasting change beyond the event itself.

INTERNATIONAL PRINCIPLES ON LGBTQIA+ FUNDAMENTAL RIGHTS

Following the Global Summit for Real and Effective LGBTQIA+ Rights, a fourth and final day will be dedicated to the signing of a historic international agreement, endorsed by organisations, institutions and individuals from around the world.

The purpose of this agreement is to ensure that the Human Rights Conference culminates in a clear legislative and political commitment, calling on international institutions to advance the recognition and protection of LGBTQIA+ rights. The outcome will be the adoption of a common framework establishing a minimum set of LGBTQIA+ rights as fundamental human rights.

This agreement will reinforce InterPride's position as a global organisation committed to the defence of human rights while

providing an international reference framework to support inclusive legislation, advocacy and public policy worldwide.

TEAM TOGETHER

International cooperation programmes will be delivered through the Team Together initiative. Throughout the WorldPride programme, a dedicated team will work to identify, facilitate and strengthen training, exchange and cooperation opportunities between LGBTQIA+ organisations in Barcelona and organisations from around the world.

The sharing of knowledge, expertise and best practices will strengthen both local and international capacities, helping to build sustainable support networks

that contribute to the protection of rights and the development of more inclusive policies far beyond the duration of WorldPride itself.

BARCELONA, CIUTAT REFUGI

As part of the city's commitment to protecting vulnerable communities, the Barcelona Refuge City project will be developed through the creation of a dedicated residence for LGBTQIA+ refugees, providing political asylum support, comprehensive care and social integration services.

Promoted by the WorldPride Coordination Committee in partnership with AhoraDonde Refugee, this initiative represents a concrete expression of international solidarity, creating a global reference point for the protection and support of LGBTQIA+ people facing persecution, displacement and vulnerability.

Ultimately, WorldPride Barcelona will be far more than a celebration. It will be a platform for social and political transformation, a catalyst for rights and a generational legacy that enables Barcelona to project its commitment to diversity, equality and human rights to the world.

POSSIBLE

GREEN WORLDPRIDE: SUSTAINABILITY

Organising WorldPride represents an opportunity to demonstrate that major international events can, and should, be built on responsibility and respect for the planet. Our commitment is not only to defend human rights, but also to set an example of how large-scale events can move towards more sustainable and environmentally responsible models. Sustainability is not solely an environmental issue. It is also a social one.

A sustainable WorldPride is an inclusive, accessible event committed to equality, one that creates opportunities for the local economy, strengthens partnerships between public institutions, businesses and civil society, and leaves a positive legacy for both the city and future generations.

Barcelona aims to position WorldPride 2030 within the framework of the United Nations 2030 Agenda and align it with internationally recognised standards for responsible tourism, such as the Biosphere Responsible Tourism certification.

This means making a genuine commitment to reducing environmental impact, managing resources responsibly, promoting sustainable mobility and encouraging responsible consumption.

We want WorldPride 2030 Barcelona to be remembered not only for its social legacy, but also

for demonstrating that it is possible to deliver a major global event while caring for the planet.

Biosfere Certificate

In 2011, Barcelona was the first city in the world to be awarded Biosphere Certification as a responsible tourism destination by the Responsible Tourism Institute, an international organisation supported by UNESCO to promote sustainable tourism at every level.

Since then, hundreds of enterprises have joined in the commitment to sustainability and Barcelona has renewed its Biosphere Certification until 2026.

Biosphere Certification guarantees compliance with the quality standards of the tourism offer in order to ensure they bring significant benefits to society. At the same time, it recognises the city's good

practices in responsible and sustainable tourism.

Because of that, we will create a **Sustainability Committee** to work hand by hand on creating the most possible sustainable event in 2030.

Aligned with Agenda 2030

WorldPride 2030 Barcelona aims to become the first major global LGBTQIA+ event certified for sustainability, generating positive social, economic, and environmental impact while actively contributing to the Sustainable Development Goals (SDGs) and minimizing the event's environmental footprint. Thanks to LGBTI stakeholders who advocate for the inclusion of the LGBTQIA+ community on the United Nations agenda, we are joining the 2030 Agenda on this issue, as well as on other issues that affect us as human beings and concern human and environmental rights.

The cornerstones of the United Nations' 2030 Agenda that we align with are:

- ODS 5. Gender equality
- ODS 10. Reduced inequalities
- ODS 11. Sustainable cities and communities
- ODS 12. Responsible consumption and production
- ODS 13. Climate action
- ODS 17. Partnerships for the goals

How will we achieve this? The strategic priorities to be implemented during WorldPride are organized into the following categories:

1. CLIMATE ACTION AND ENERGY

- Calculation and offsetting of the event's carbon footprint
- Use of renewable energy on stages
- Low-consumption LED lighting
- Electrification of temporary facilities
- Emission offsetting through environmental projects
- Sustainable mobility plan
- Promotion of public transport and cycling (Discounted

Bicing Barcelona access and complimentary memberships for InterPride participants)

- Partnership agreements with urban transport operators (Special rates during the WorldPride period)
- Barcelona's Bicing bike-sharing system and other types of sharing options

2. ZERO WASTE. MINIMAL-WASTE EVENT

- Phasing out single-use plastics
- Reusable or returnable cups
- Waste separation systems
- Composting of organic waste
- Recyclable materials in set design and scenography

3. ETHICAL CONSUMPTION AND LOCAL ECONOMIC SUPPORT

- Local proximity business partnerships
- Mandatory sustainability criteria embedded in all procurement and bidding processes
- Commitment to zero-kilometer agricultural products
- Catering with plant-based options

4. SUSTAINABLE MOBILITY

- Public transportation agreements with Transports Metropolitans de Barcelona
- Promotion of Barcelona Metro as primary transportation option
- Pedestrian routes connecting WorldPride event spaces
- Car-free zones surrounding the event

5. SOCIAL INCLUSION AND HUMAN RIGHTS

- Universal accessibility across all event spaces
- Sign language interpretation services
- Scholarship programs

6. CULTURE AND EDUCATION FOR SUSTAINABILITY

- Conferences on sustainability and LGBTQIA+ rights
- Exhibitions on diversity and environmental protection

7. SUSTAINABLE EVENT MANAGEMENT

- Establishment of a joint WorldPride 2030 Sustainability Committee in collaboration with Biosphere

8. SUSTAINABLE COMMUNICATION

- Event sustainability report
- Communication of our commitment to the SDGs
- Eco-friendly signage
- "Green WorldPride" campaign

We aim to promote a model for future editions that fosters environmentally conscious activism. An intersectional perspective is essential as we work toward a hopeful future for generations to come.

6.2

ACCESSIBILITY: ALL INCLUDED

At WorldPride 2030 Barcelona, accessibility is not an added feature but a cross-cutting principle that shapes the event's conception. The goal is clear: to ensure that all people, regardless of their physical, sensory, or cognitive abilities, can fully participate in the WorldPride experience.

[BACK TO INDEX](#)

6.2 ACCESSIBILITY: ALL INCLUDED 6 IT IS POSSIBLE

Barcelona: a Leading City in Accessibility

Today, Barcelona is one of the most accessible cities in Europe, thanks to a sustained transformation. The key turning point was 1992, when the Olympic and Paralympic Games were held, marking the first time they were organized in an integrated manner and with equal prominence. This milestone led to the development of facilities built to the highest accessibility standards.

Since then, Barcelona has treated accessibility as a core element of its urban development.

Through ongoing collaboration among the City Council, the

Municipal Institute for People with Disabilities, the private sector, and public services, the city has developed, over the course of more than thirty years, an inclusive model recognized worldwide. Nowadays, the city offers:

- Accessible public spaces, including ramps, adapted pathways, and guidance systems for people with visual disabilities.
- Traffic lights with audible signals make independent movement easier.
- An accessible metro network, around 91% of stations are equipped with elevators at street level.

- Fully adapted bus fleet, with ramps and visual and sound information systems.
- Accessible cultural, tourist, and hotel facilities that meet regulations designed to ensure inclusion.

Moreover, platforms like Barcelona Access bring together useful information on accessible resources, including accessible museums, barrier-free hotels, accessible beaches, and sign-language tours, helping visitors from around the world plan their trips more easily.

Accessibility at WorldPride 2030 Barcelona

Building on this commitment, WorldPride 2030 Barcelona takes accessibility a step further by introducing innovative measures to ensure a truly inclusive and universal experience.

At WorldPride 2030 Barcelona, accessibility is translated into specific actions that guarantee an inclusive experience at every level. The main planned measures are outlined below:

SIGN LANGUAGE INTERPRETATION

The main venues of the event – including concerts, ceremonies, and institutional acts– will offer sign language interpretation, allowing deaf attendees to access content in real time. This measure not only improves comprehension but also makes visible the linguistic and cultural diversity present throughout the event.

LIVE CAPTIONING AND HEARING SUPPORT

Live captioning systems will be incorporated into screens and broadcasts, as well as hearing support technologies, such as

induction loops or amplification systems, enabling people with different levels of hearing to follow speeches, performances, and content independently.

ACCESSIBLE SPACES FOR PEOPLE WITH REDUCED MOBILITY (PRM)

All major events will feature reserved areas for people with reduced mobility, strategically located to ensure priority visibility, safety, and comfort. These spaces will be adapted and equipped with dedicated access points, eliminating architectural barriers and facilitating equal participation.

REST AND SENSORY REGULATION AREAS

At large-scale events, quiet spaces for sensory regulation will be provided, specially designed for neurodivergent individuals or those with specific needs. These areas will offer a calmer environment with reduced auditory and visual stimulation, allowing attendees to rest, recover, and continue enjoying the event.

AI-POWERED DIGITAL APPLICATION

A formal digital platform will be developed using AI, enabling access to the entire schedule with real-time, simultaneous translation across multiple languages. The initiative will make information more accessible on-site, strengthening the experience of international visitors and overcoming language barriers.

INCLUSIVE AND USER-FRIENDLY WAYFINDING

The entire event will feature a clear, visible, and inclusive signage system that combines pictograms, universal iconography, and adapted formats. Information will be understandable, intuitive, and accessible to people with different cognitive, sensory, or linguistic abilities.

STAFF AND VOLUNTEERS TRAINED IN ACCESSIBILITY

Parades and events in public areas will include barrier-free routes, providing safe, obstacle-free pathways and designated support points. This will enable anyone to actively take part in the WorldPride highlights. Human support will be critical to guaranteeing inclusion. Therefore, all staff and volunteers will receive specific training in accessibility, diversity, and inclusion, preparing them to offer help, guidance, and personal support to those who need it during the event.

ADAPTED SERVICES IN KEY AREAS

Accessible infrastructure will be installed in all key spaces, including accessible restrooms, dedicated information points, and diversity support services. These resources will be clearly signposted and thoughtfully distributed to make access straightforward.

DIGITAL ACCESSIBILITY VIA LIVE WORLDPRIDE

Through WorldPride TV and virtual meeting platforms, the event will provide digital accessibility tools, enabling broader participation beyond Barcelona for people who cannot attend physically.

Ultimately, WorldPride 2030 Barcelona seeks to set a global standard for accessibility, proving that major events can and should be built around inclusion. It is not only about access, but about valuing diversity, breaking down barriers, and creating spaces where all people can take part and feel included.

A WorldPride that is truly global must also be fully accessible.

A WorldPride that is truly global is only possible when it is fully accessible.

SAFETY & SECURITY: A CITY TO LIVE IN

During the celebration of WorldPride, **we will implement and further strengthen, on a larger scale, the safety and security protocols already established for major events in the city.** This will be achieved through close collaboration and coordination with Barcelona's public services, while reinforcing additional operational needs through private-sector support where required. The security plan for WorldPride

2030 Barcelona will be based on the strategic framework developed for major events by the Emergency Operations Coordination Centre (CECOR).

CECOR will serve as the body responsible for the strategic leadership, coordination and monitoring of any incidents that may arise throughout the event. Its primary role will be to centralise information, coordinate

the response of all involved services, and facilitate real-time decision-making in the event of any emergency affecting the safety and wellbeing of attendees.

[More Information](#)

From WorldPride 2030, but always looking towards the future.

In addition, the following indicators further reinforce Barcelona’s suitability as an ideal host city for WorldPride 2030:

Gaylespol

Gaylespol is an association made up of LGBTQIA+ members of the police, civil guard and other law enforcement and security services. It was established to promote equality, diversity and inclusion within these professional environments.

As previously mentioned, the association forms part of the Pride Barcelona community and plays an important role in increasing the visibility of LGBTQIA+ people within institutions that have traditionally been more rigid in structure, and where invisibility and discrimination have historically been more prevalent.

Gaylespol actively contributes to the training of police and security personnel in areas such as hate crime prevention, sexual and gender diversity, and the appropriate support and protection of LGBTQIA+ victims. The association also participates in institutional events and public initiatives, representing the LGBTQIA+ community within the field of public safety and security.

In addition, Gaylespol serves as an internal support network for LGBTQIA+ officers, promoting safer, more respectful and inclusive working environments, while helping to foster cultural change within security institutions.

International Recognition of Barcelona

International rankings consistently place Barcelona among the safest cities in the world for travellers. According to the Safest Cities in the World for Travellers 2026 report by Berkshire Hathaway Specialty

Insurance, Barcelona ranks 7th globally, an improvement from 15th place in 2025.

The same report highlights Barcelona’s success in managing high volumes of tourism while maintaining strong public safety standards. Across the ranking’s individual categories, Barcelona achieves particularly strong results, ranking 6th worldwide for protection against crime, 7th for protection against terrorism, 8th for transport safety, and 6th for health security.

Of particular relevance to WorldPride 2030, Barcelona ranks 3rd globally for safety among women, LGBTQIA+ people and racialised travellers. Furthermore, when LGBTQIA+ travellers are surveyed specifically, Barcelona rises to 2nd place worldwide.

Looking at rankings of particular interest to the LGBTQIA+ community, the TUI LGBTQIA+ Travel Ranking identifies Barcelona as the most LGBTQIA+ friendly city in Europe. The study prioritises safety, legal protections and social acceptance, assessing factors such

as hate crime legislation, legal recognition of non-binary people, the scale of Pride events and the visibility of LGBTQIA+ culture. Additional international indicators, such as the Europe’s Best Cities 2026 ranking by Resonance Report, also position Barcelona favourably as a safe destination, ranking it as the 5th best city in Europe. The report highlights the city’s strong cultural and urban appeal, its ability to balance tourism with long-term sustainability, its excellent public transport network and its abundance of green spaces.

Crime Statistics in Barcelona

These positive assessments are supported by objective data. Crime in Barcelona fell by 6.1% in 2025, reinforcing the downward trend already recorded in 2024, when crime decreased by 4.7%.

Property-related offences declined by 7% compared with 2024, driven by significant reductions in burglaries (-19.8%) and pickpocketing offences (-7.6%).

In the two districts most frequently visited by tourists, the results are even more significant. Pickpocketing offences in Eixample decreased by 33.9%, while in Ciutat Vella they fell by 38.6% compared with 2024. Burglaries declined by 45% and 58.3% respectively.

Tourist Perception of Safety in Barcelona

Visitor perceptions closely reflect these positive trends and align with both international rankings and crime data.

Over the past decade, tourists have consistently rated safety in Barcelona as “very good”, with scores ranging between 7.8 and 8.2 out of 10. More than 90% of North American visitors, and around 80% of European and Asian visitors, rate the city’s safety as either very good or excellent.

Police services have also received highly positive evaluations, achieving their second-highest ratings in the past twenty years, with the Mossos d’Esquadra scoring 7.5 out of 10 and the Guàrdia Urbana scoring 7.0.

According to SEGITTUR’s Tourist Safety Perception Index (PSI), Barcelona achieved a score of 89.4 out of 100 in 2026, based on data updated to February 2026.

The study Pickpocketing Statistics in Europe also notes that Spain’s overall crime rate is almost five times lower than Italy’s and approximately half that of France.

Residents' Perception of Safety in Barcelona

The 2025 Victimisation Survey provides valuable insight into how Barcelona residents perceive safety within their city. The findings present encouraging evidence that Barcelona continues to be a safe and welcoming environment. The victimisation rate fell to 28.6%, meaning fewer residents reported being victims of crime compared with the previous year, further reinforcing the city's positive trend.

Particularly relevant for hosting large-scale events such as WorldPride, 62.8% of residents report feeling safe in public facilities, while 63.9% feel safer when police are present. These demonstrate a strong sense of security in public spaces and a positive relationship between residents and law enforcement agencies.

The reporting rate reached a record high of 20.2%, the highest level since 2018. This does not indicate an increase in crime, but rather growing public confidence in institutions and the belief that reporting incidents can lead to effective solutions. It is a strong indicator of civic engagement and institutional trust.

Together, these findings demonstrate that Barcelona's residents, those who know and experience the city most closely, increasingly perceive it as a safe, inclusive and well-prepared environment. Their confidence reinforces Barcelona's suitability to host an event of the scale, significance and international importance of WorldPride 2030.

Barcelona's Experience in Hosting Major Events.

One of Barcelona's strongest assets in positioning itself as the ideal host city for WorldPride 2030 is its extensive experience in organising and managing large-scale international events, all of which require highly sophisticated security operations. This proven track record demonstrates the city's exceptional capacity to coordinate public safety and security in events that attract hundreds of thousands of participants and visitors.

This expertise can be seen in the successful delivery of major

events hosted in Barcelona and across Catalonia, particularly in terms of safety and security outcomes. Examples include the Mobile World Congress (MWC), the 2024 America's Cup and the Formula 1 Spanish Grand Prix, all of which have benefited from security planning and effective operational coordination.

The most recent edition of the Mobile World Congress was a particularly strong example of this success. Over the four days of the event, a total of only 30

criminal incidents were recorded, representing a 49% reduction compared with 2025 and the best security result achieved in the last five editions of the congress. Pickpocketing offences alone decreased by 65% compared with the previous year.

These achievements are particularly significant when considered alongside the event's continued growth. Attendance increased from just over 60,000 participants in 2022 to approximately 105,000 in 2026. This figure was achieved despite the outbreak of hostilities between Israel, the United States and Iran shortly before the event, which significantly reduced attendance from Asia and the Middle East due to airspace restrictions in the Persian Gulf and the cancellation of hundreds, if not thousands, of flights by major airlines including Qatar Airways, Emirates and Etihad Airways. Under normal circumstances, attendance would likely have surpassed the record figure of 109,000 participants registered in 2025.

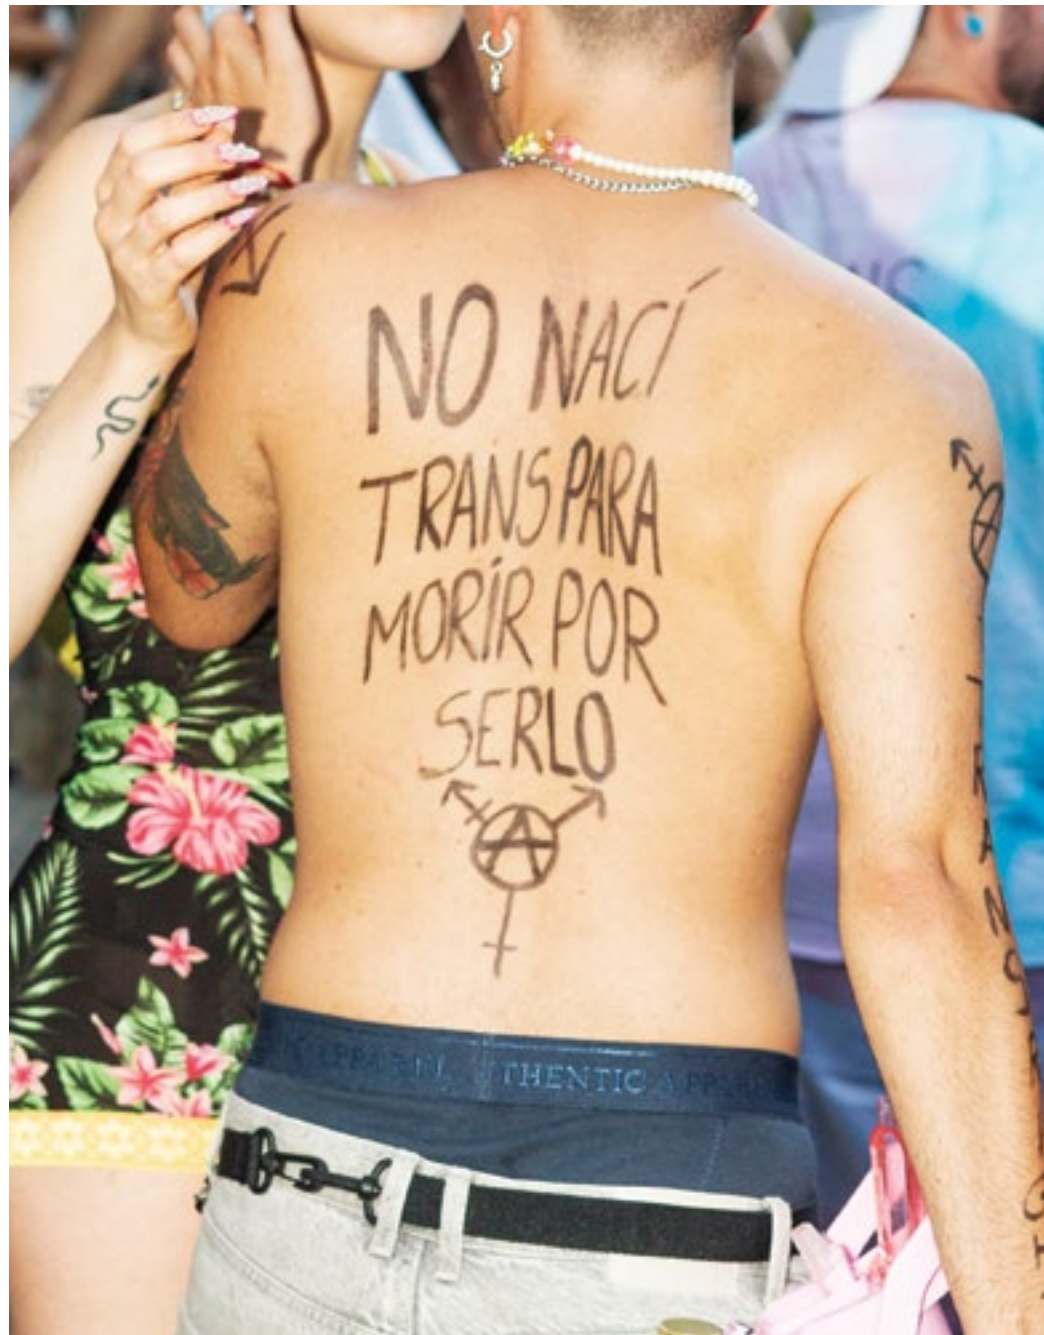

These figures demonstrate the continuous improvement of Barcelona's security capabilities, driven by the effectiveness of the law enforcement agencies responsible for preventing and responding to potential threats. The simultaneous reduction in crime and increase in attendance highlights the city's growing ability to manage ever-larger events while maintaining high standards of public safety and visitor protection.

Beyond operational efficiency, Barcelona also benefits from an exceptional capacity to mobilise security resources. One of the greatest challenges in hosting major events is not only planning security measures but ensuring sufficient personnel can be deployed to implement them effectively.

A clear example of this capability was demonstrated during the 2025 Formula 1 Spanish Grand Prix.

Despite the event's complexity and demanding security requirements, authorities successfully deployed a dedicated security operation involving more than 620 officers, including Public Security Units (USC), the Regional Operational Resources Area (ARRO), the Canine Unit, the Regional Traffic Area, the Drone Unit, underground operations teams and TEDAX explosive ordnance disposal specialists. This again illustrates Barcelona's ability to tailor security provisions to the specific requirements of each event.

Another outstanding example was the 2024 America's Cup, hosted in Barcelona. The event extended over approximately two and a half months, including preparation and competition periods, and required

a highly complex security operation. During the competition phase alone, close to 4,000 personnel were involved, including officers from the Mossos d'Esquadra and specialised units such as the Mobile Brigade (BRIMO), the Regional Operational Resources Area (ARRO), TEDAX-NRBQ, the Canine Unit, the Special Intervention Group (GEI) and the Underground Unit.

In addition, the operation required close coordination with the Spanish Civil Guard and other agencies, creating an integrated security framework operating simultaneously across land, sea and air. The successful management of such a complex environment demonstrates Barcelona's exceptional capability to host large-scale international events

safely and effectively over extended periods of time.

In summary, these examples reinforce Barcelona's position as one of the most capable, reliable and secure host cities for an event of the scale and significance of WorldPride. The evidence clearly demonstrates that the city possesses the operational expertise, institutional coordination and security infrastructure necessary to guarantee the safety and wellbeing of participants, delegates and visitors. This level of preparedness will not only enhance the value and impact of WorldPride 2030 but will also provide confidence to the global LGBTQIA+ community that Barcelona is ready to host a safe, inclusive and truly world-class event.

EASY TO ACCESS, EASY TO STAY

ACCOMODATION

Barcelona offers more than 45,000 hotel rooms across all categories, with additional capacity already planned for the coming years, ensuring the city is fully prepared to host an event of WorldPride’s scale.

Category	Hotels	Rooms	Beds
★★★★★ GL	19	2.723	5.466
★★★★★	20	2.828	6.233
★★★★★ S	32	4.609	9.167

COMING TO BARCELONA: VISA REQUIREMENTS

Spain is proud to be represented by **Jorge Noval Álvarez, who serves as the Ambassador at Large for the LGBTI+ Rights.** Established recently by the Ministry of Foreign Affairs, this diplomatic role was created to spearhead the nation's global advocacy for the protection and advancement of LGBTQIA+ rights.

His position is vital to ensuring safe, equitable, and non-discriminatory entry into the country, especially

for individuals arriving from regions where LGBTQIA+ rights are suppressed. By formalizing this commitment to human rights, this role strengthens Spain's global standing and builds a foundation of trust for visiting activists, event participants, and international representatives.

This initiative directly aligns with InterPride's mandate to ensure that WorldPride events remain safe, inclusive, and free from discrimination.

By fostering institutional cooperation on visa processes, Spain not only streamlines event logistics but also creates a vital mechanism for protecting and welcoming all participants. This collaborative approach ensures that WorldPride 2030 in Barcelona will stand as a truly global landmark for human rights, safety, and freedom.

**Message from
Jorge Noval:
Ambassador
at Large for the
LGBTI+ Rights**

“As Ambassador at Large for the Rights of LGBTI+ People of the Ministry of Foreign Affairs, European Union and Cooperation, it is a real pleasure for me to accompany and support Barcelona's candidacy to host WorldPride in 2030.

The city of Barcelona has repeatedly demonstrated its capacity and professionalism in organizing major international sporting, cultural and professional events. Examples include the Olympic Games or the Mobile World Congress, the Sonar Festival, and the Formula 1 GP, all held annually. This year, for example, it will host the Gay Games 2026 next August.

We cannot forget, moreover, its open and cosmopolitan character, which is reflected in the thousands of visitors it receives each year and who enjoy the highest quality

welcome from its inhabitants, as well as the infinite variety of cultural and leisure possibilities it offers Barcelona, it must also be remembered, is a pioneer and a model followed by the rest of Spain and Europe in the fight for diversity and the rights of LGBTI+ people, having been the site of the first LGBTI+ demonstration in Spain in 1977, which was later followed by the organization of the first Pride events in our country.

2030 will be an important year for Barcelona and for Spain, as we will celebrate 25 years since the approval of same-sex marriage (Spain was the 3rd country in the world to recognize it, and the first with full rights) and 50 years since the first legalized LGBTI+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC). Spain currently holds

the number one position in the ILGA Europe 2026 Rainbow Index ranking for the recognition of LGBTI+ rights, which irrefutably demonstrates the leadership and commitment of our country, its Government, its Civil Society and its citizens to diversity and the recognition of rights.

For all these reasons, Barcelona's candidacy guarantees not only organizational and celebratory success, but also serves as a safe and inclusive space for attendees and an excellent platform for disseminating the message of the importance and essential nature of LGBTI+ rights worldwide.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.”

Pride Barcelona, via the Barcelona Convention Bureau, will also coordinate with the Spanish Ministry of Foreign Affairs to notify all Spanish Consulates and Embassies worldwide six months before WorldPride 2030. Attendees needing a visa should apply as early as possible.

General procedure for visa applicants:

- Apply at the relevant Spanish Consulate/Embassy or official service provider.
- Clearly state the purpose, dates, and supporting documents.
- If approved, no further action is needed.
- If denied, follow the instructions for appeal provided by the Consulate/Embassy.
- Attendees should notify Pride Barcelona of any visa appointment delays so the Ministry of Foreign Affairs can request expedited processing.

Note: neither the Barcelona Convention Bureau nor the Ministry of Foreign Affairs can reverse visa denials. Also, if there is a delay in securing a visa appointment, please inform us promptly. We will then contact the Ministry of Foreign Affairs

so they may request that the relevant Consulate or Embassy expedite the appointment where possible.

CONDITIONS FOR ENTRY INTO SPAIN

Nationals of third States (non-EU/EEA/CH citizens) who travel to Spain for stays of up to 90 days (during any period of 180 days) for tourism, business, family visits, medical treatment, study, non-work internships or volunteer activities with a duration not exceeding 3 months, or for other non-gainful activities, must meet the entry conditions established in the Schengen Border Code.

[More Information](#)

VISA

For certain nationalities, a valid visa is required. This visa will not be necessary if the interested party has a valid residence permit or a valid long-term visa issued by a Schengen State. The nationalities requiring a visa are listed here:

[More Information](#)

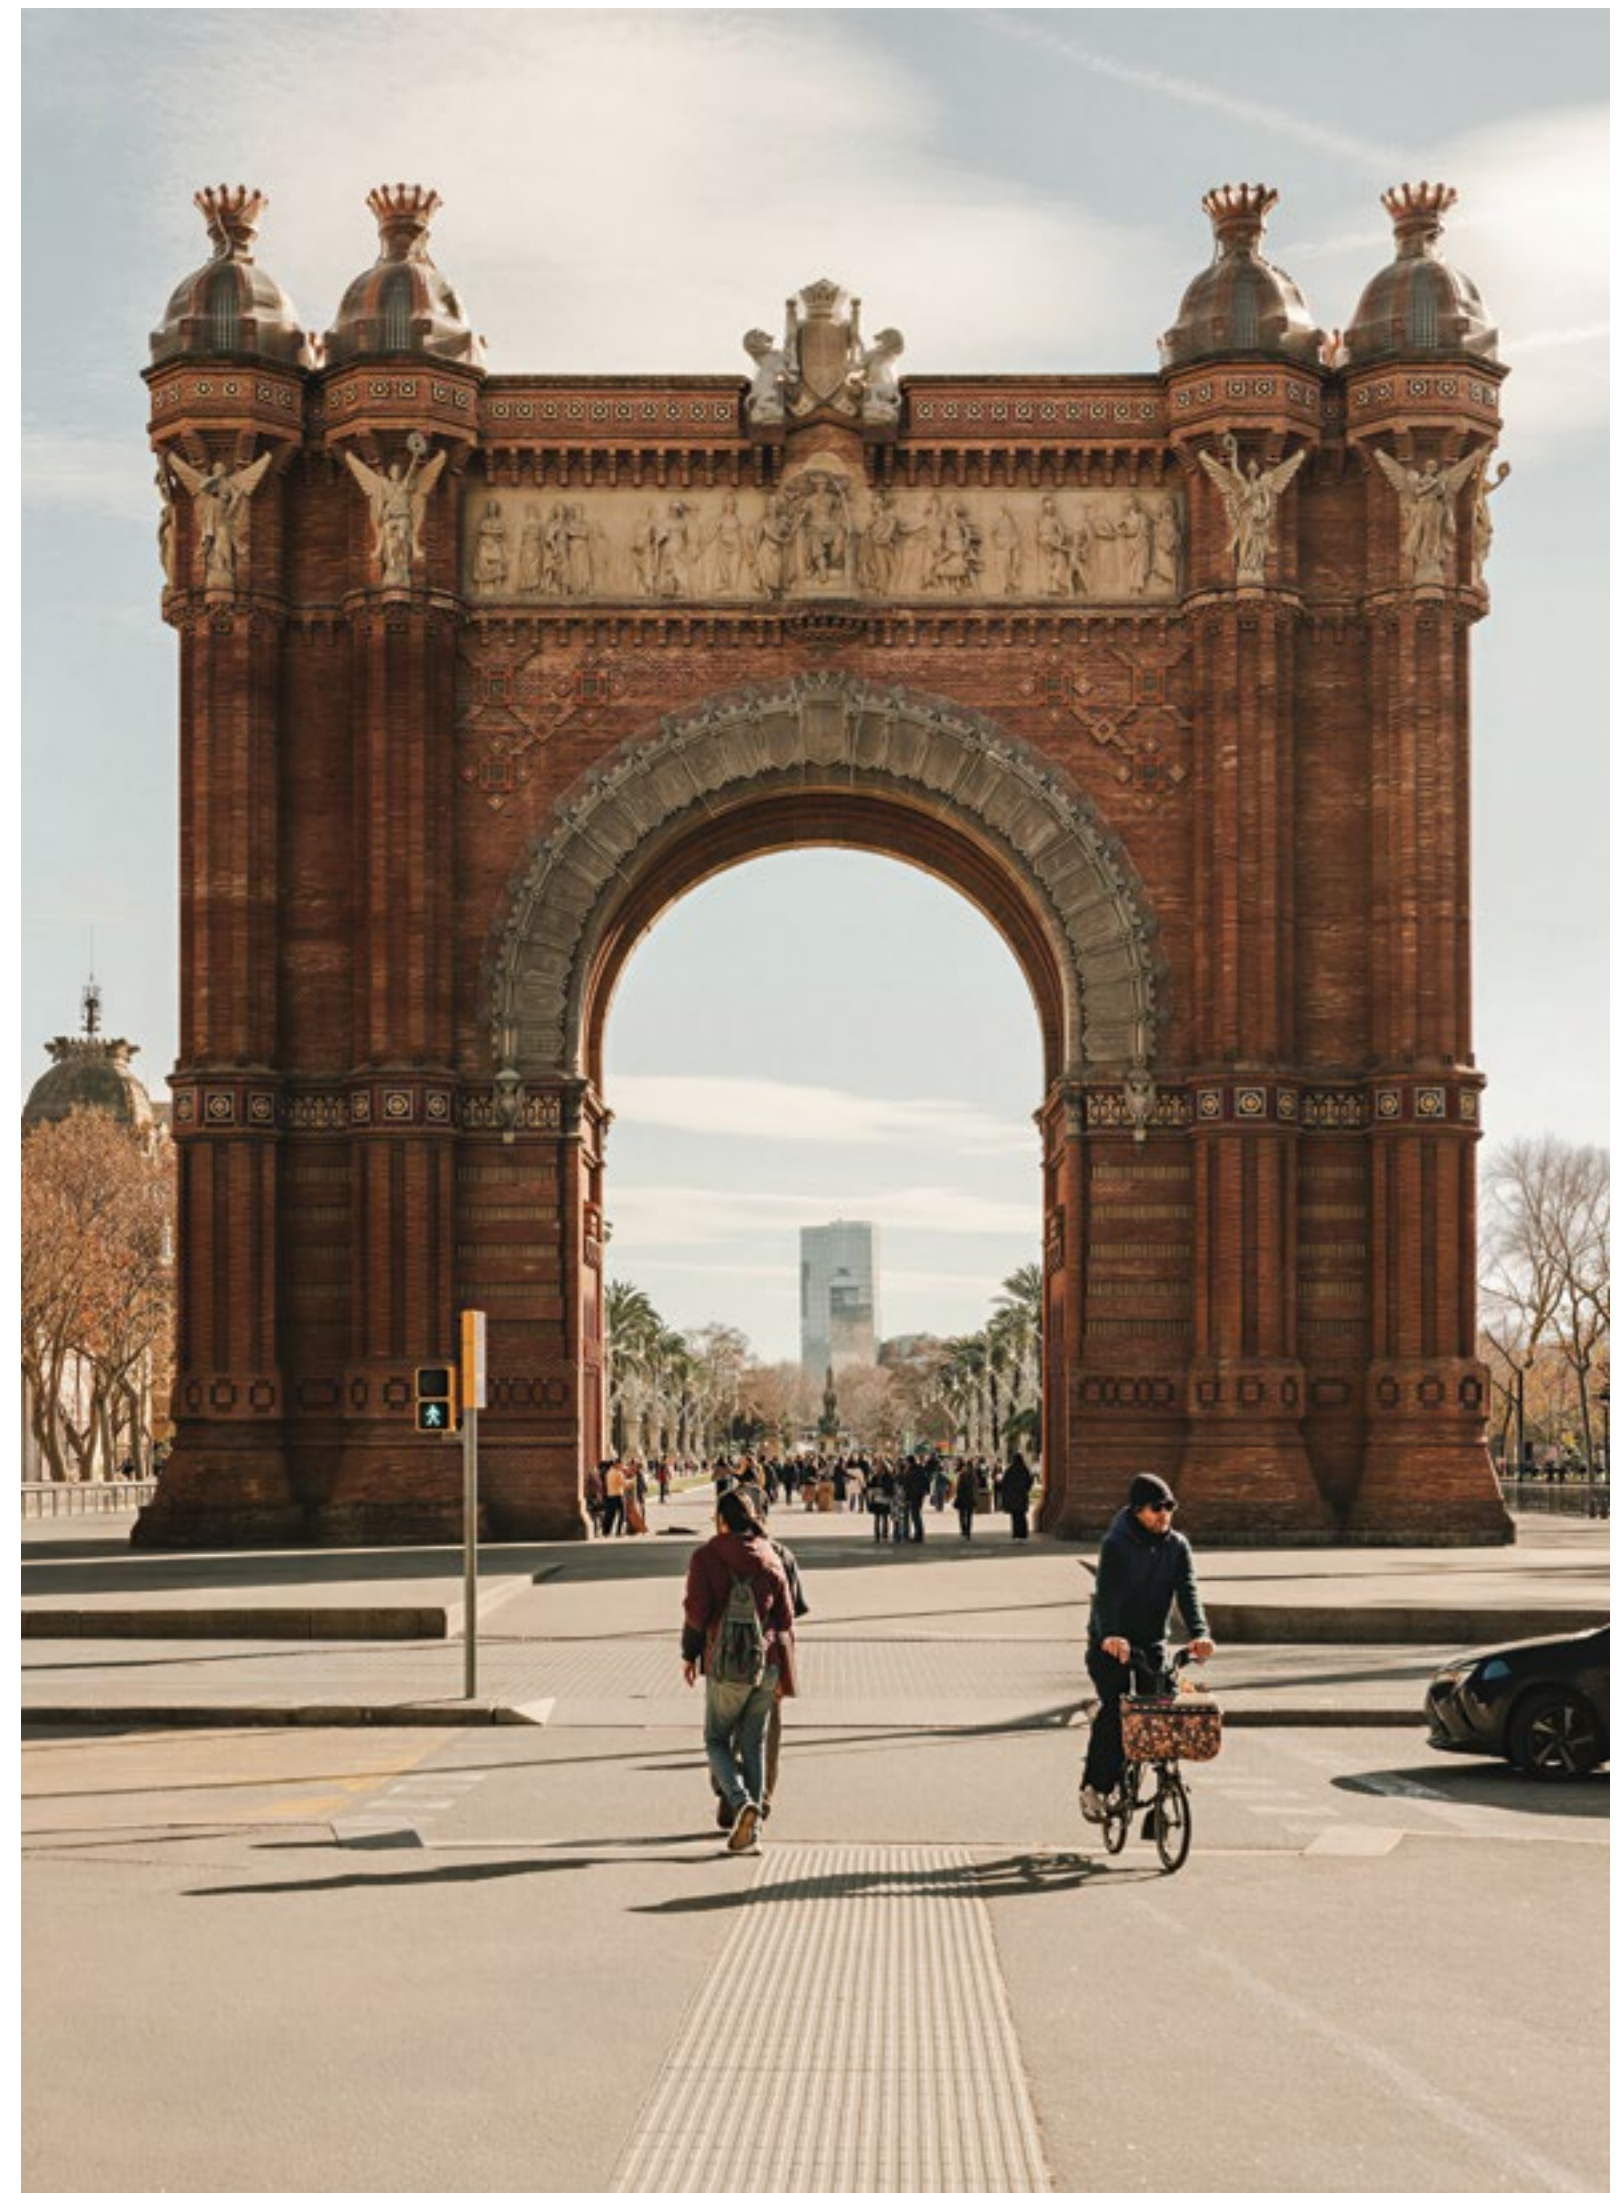

ENTRY REQUIREMENTS

- Enter via an authorized border-crossing point.
- Present proof of identity and a valid travel document.
- Present the corresponding visa, if required, according to nationality.
- Provide evidence of meeting the conditions for the proposed stay and of possessing sufficient financial means.
- Not be subject to a ban on entering Spain.

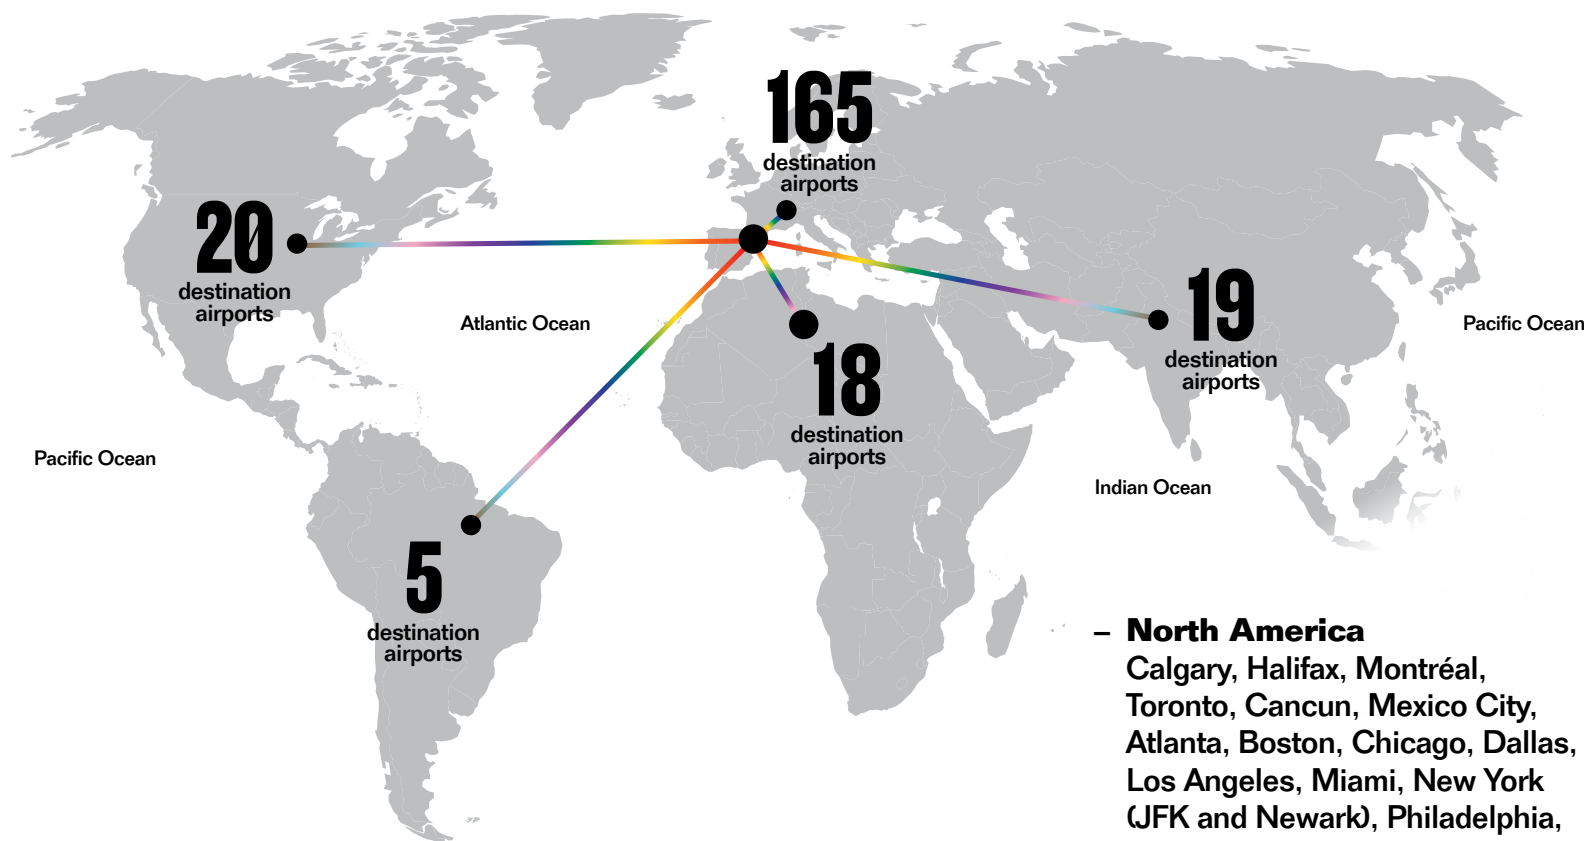

VAT REFUND

We recommend contacting specialized companies in this area to determine the most appropriate way to proceed.

CONNECTIVITY

CONNECTIVITY

Barcelona - El Prat Airport is one of Europe's most highly connected aviation hubs, handling 57.5 million passengers (2025) and offering connectivity to over 200 destinations worldwide, including a broad intercontinental network spanning more than 60 destinations outside European countries.

The airport combines strong European density with a continuously expanding long-haul network, positioning Barcelona as a strategic gateway between Europe and global markets and reinforcing its role as a highly competitive hub for international congresses and global events.

KEY CONNECTIVITY FACTS

- 57.5M passengers (2025)
- 229 destinations worldwide
- 100+ airlines flying from Barcelona
- 3h flight distance to most European cities

POSITIONING

Barcelona combines scale, accessibility, and network depth, with strong European connectivity and a clear trajectory towards expanded intercontinental relevance as a diversified global network across five world regions, with direct flights to:

– North America

Calgary, Halifax, Montréal, Toronto, Cancun, Mexico City, Atlanta, Boston, Chicago, Dallas, Los Angeles, Miami, New York (JFK and Newark), Philadelphia, San Francisco, Seattle, Washington

– Latin America

Buenos Aires, São Paulo, Santiago de Chile, Lima, Bogotá, Punta Cana, Palmerola, Santa Cruz de la Sierra, San Salvador, Rio de Janeiro

– Middle East

Abu Dhabi, Dubai, Doha, Riyadh, Jeddah, Tel Aviv, Amman, Kuwait City, Istanbul, Baku

– Asia

Beijing, Shanghai, Shenzhen, Hong Kong, Singapore, Seoul

– Africa

Algiers, Oran, Cairo, Luxor, Casablanca, Marrakech, Agadir, Essaouira, Fez, Nador, Oujda, Ouarzazate, Rabat, Tangier, Tetouan, Sal, Dakar, Banjul, Tunis

STRATEGIC OUTLOOK (2026–2030)

The 2026–2030 Strategic Plan will strengthen Barcelona's position as one of Europe's most competitive aviation hubs, focusing on long-haul expansion, increased network quality, and year-round connectivity. It will prioritise the development of intercontinental Markets (particularly Asia and other high-growth regions) while reinforcing North American and Latin American networks and enabling new opportunities through next-generation aircraft and enhanced airline partnerships.

Barcelona offers fast, reliable, and multimodal connections between the city centre and Josep Tarradellas Barcelona–El Prat Airport. Delegates and visitors can reach the airport through a wide range of transport options, including the Aerobús express service, RENFE commuter rail, metro (L9 Sud), regular and night bus services, as well as direct road access by car or taxi. Journey

times range from approximately 20 to 35 minutes, ensuring convenient access at all times of the day.

6.4.4

TRANSPORTATION WITHIN THE CITY

How to get around Barcelona? Mobility in Barcelona and its metropolitan area is easy as a result of an ever more sustainable public transport network metro, trams, buses and the Catalan government's city and suburban rail service (FGC) – which prioritises clean energy. The city also has a public bike hire scheme and more than 200 km of bike lanes, a fleet of taxis that includes hybrid and electric vehicles and cabs running on natural gas. It also provides environ-mentally friendly electric vehicles for hire.

- Integrated Fare System: The Integrated Fare System permits use of the different modes of transport on the same journey within the Metropolitan Region, extending to the limits of the local rail services, the regions of l'Anoia and el Bages.
- The city has a convenient and efficient public transport network, buses, metro, train, tram and suburban rail (FGC). Transports Metropolitans de Barcelona (TMB), Catalonia's main public transport operator.
- Urban mobility Barcelona has a diverse, dynamic and efficient

urban transport network which offers multiple means of transport and allows its citizens and visitors to reach any part of the city in a few minutes.

Barcelona is a city that is committed to preserving the environment. Indeed 75% of mobility flows are made by sustainable means of transport and a large variety of public initiatives are dedicated to promoting sustainable mobility in the city.

METRO

The city has 9 metro lines and 156 metro stations, covering 119 km across the city. Metro and FGC. The Barcelona metro network and the Catalan government's city and suburban rail service, the Ferrocarrils de la Generalitat de Catalunya, are among the most accessible and efficient transport systems in terms of energy and air pollutant emissions. They run more frequently than buses and on some routes you can transfer from one train to another with the same ticket. Barcelona currently has nine metro lines that can be identified by the number and colour of the line: L1 (red), L2 (lilac), L3 (green), L4 (yellow), L5 (blue), L9N and L9S (orange), L10N and L10S (light

blue), L11 (light green) and serve most of the city. It also has an urban and metropolitan rail network the Ferrocarrils de la Generalitat (FGC), run by the Catalan government, which supplements Barcelona's metro network. There are three urban lines: L6, L7 and L8.

BUSES

There are 99 bus lines which serve 2529 bus stations and 857 km of bus routes. Barcelona has a transport fleet of more than 1000 buses which operate on over 100 routes and connect all the city's districts and the metropolitan area. The city buses are single deckers and are adapted for people with reduced mobility. They are fitted with access ramps and designated seating. Buses are also adapted for people with functional disabilities. There are visual and sonic alert systems for blind or visually impaired passengers at the bus stops which are activated via the accessible information device. There is signage in braille by the ticket validating machine inside the bus to allow passengers to read the number of the bus they are travelling on. There are other metropolitan bus routes that connect Barcelona with neighbouring towns.

TRAM

The Tram has worked again in Barcelona from 2004. This means of public transport, an alternative to the metro, that had disappeared in 1971, is today an accessible, ecological, fast and comfortable system. The Tram route provides easy access to Barcelona's major shopping areas and residential zones, also connecting the city with the towns in the metropolitan area. Trams are accessible and adapted to people with reduced mobility.

RAILWAY NETWORK

There are 6918 km of railway and more than 200 stations spread across Barcelona. RENFE (national railway system) runs a large number of commuter trains within the city, departing from each station every 5–10 minutes. They provide fast and easy communication between the city centre and the outskirts.

TAXI

Barcelona has a service of 10,000 taxis which can be easily identified by their yellow and black livery. The taxi fleet has an increasing number of hybrid and electric vehicles, as well as cabs running on natural gas. The entire fleet of the Taxi Ecològic business is made up of silent hybrid and electric vehicles. Taxis are available for hire if the green light on their roof is lit. You can take a taxi from any of the 300 taxi ranks (including those at railway stations, the airport, bus stations and cruise terminals), book one by phoning any of the taxi firms, via the free app, or by flagging one down in the street. For specific services (languages, seven-seater vehicles...) we recommend you contact the taxi firm by phone. People with reduced mobility can book an adapted taxi.

More than 6000 publicly shared bicycles 460 docking stations and 180 km of cycle lanes. There are also 550 public vehicle charging points, as well as private sustainability initiatives.

BARCELONA, A GLOBAL CITY FOR GLOBAL EVENTS

Barcelona has a long established track record as a host city for major international events and is widely recognised as one of the world's leading destinations for congresses, cultural events, and large-scale international gatherings.

Over the past decades, the city has successfully hosted landmark events such as the 1992 Olympic Games, which positioned Barcelona as an international reference for urban transformation and event delivery, and the 2004 Universal Forum of Cultures, a pioneering global event that brought together cities, institutions, and civil society from around the world to address major contemporary challenges related to cultural diversity, sustainability, and dialogue between peoples.

This experience is reflected in the city's well-developed infrastructure, excellent international connectivity, extensive accommodation capacity, and a highly experienced events ecosystem that regularly delivers large-scale gatherings of global relevance.

International Congresses and Professional Events

Barcelona is one of the world's leading cities for international congresses, conventions, and trade fairs.

The city is the long-standing host of globally recognised events such as Mobile World Congress (MWC), one of the most important international gatherings in the technology and communications sector, as well as Smart City Expo World Congress, Integrated Systems Europe (ISE), and major medical and scientific congresses, including ESMO (European Society for Medical Oncology), the largest medical congress in Europe.

This sustained experience in hosting high-profile international events demonstrates the city's proven capacity to welcome large numbers of delegates, exhibitors, professionals, and visitors in an efficient and seamless manner.

City-Wide Events

Barcelona also has a strong tradition of hosting major cultural, sport and public events that attract international audiences and engage the wider community.

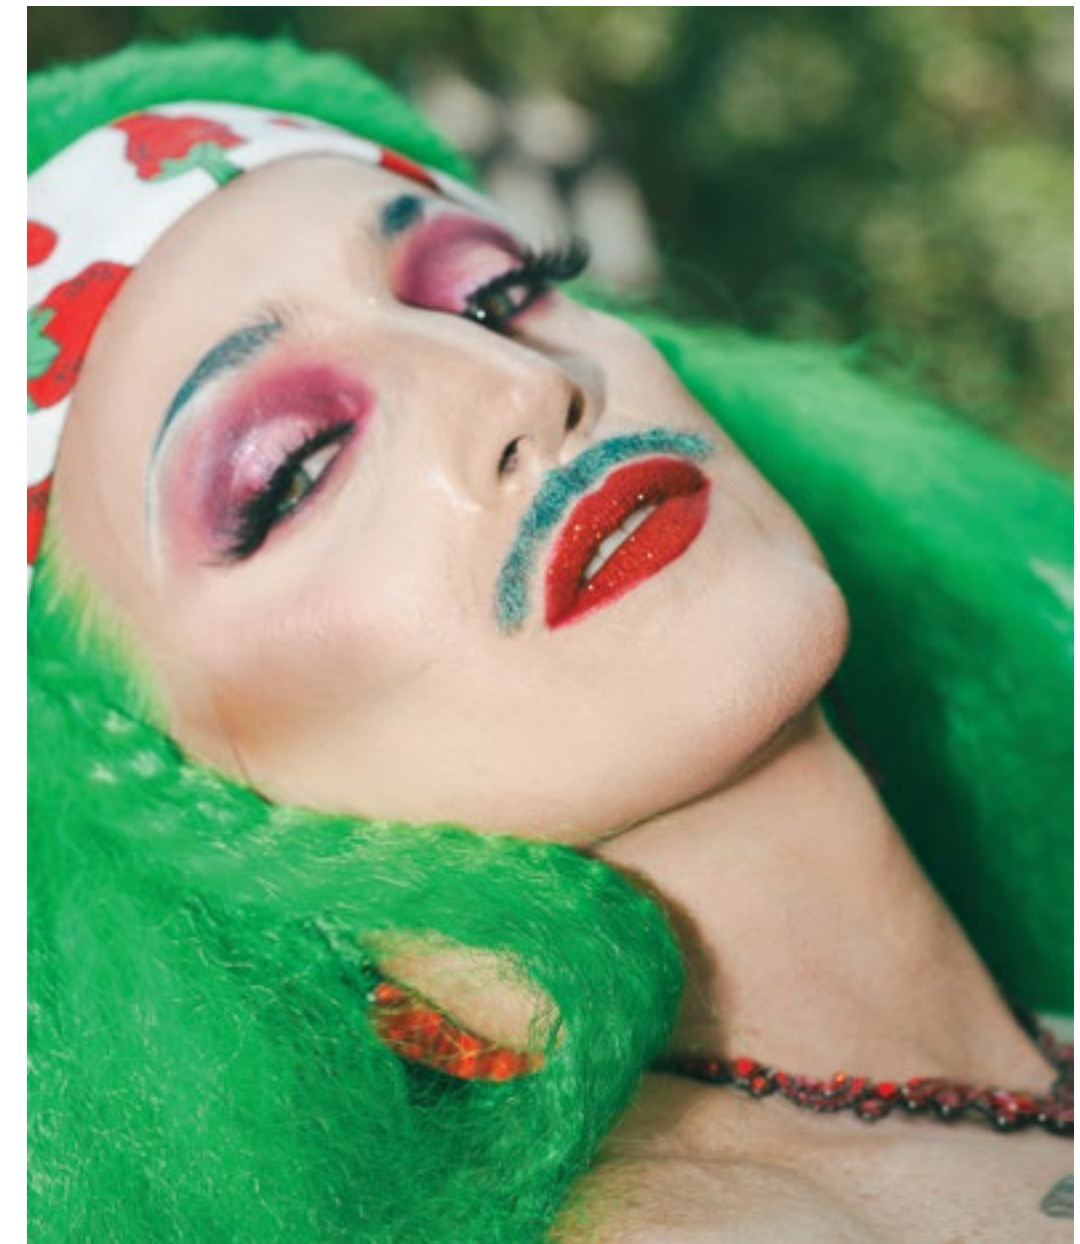

The city is home to internationally renowned festivals such as Primavera Sound and Sónar, alongside numerous city-wide celebrations, cultural programmes, and public events held throughout the year. Its ability to successfully deliver events across different scales and formats, from professional congresses to mass public celebrations, highlights Barcelona's versatility as a host city.

Taken together, this extensive experience, combined with Barcelona's values of diversity, openness, and inclusion, makes the city an exceptional and highly

credible host for WorldPride 2030, capable of delivering an event of global significance and lasting impact.

Leading cities in the promotion of diversity, inclusion, equality, and human rights

Over decades, the city has developed an extensive ecosystem of public policies, institutions, participatory bodies, and social initiatives that work together to ensure equal opportunities, social cohesion, and respect for all residents, regardless of gender, sexual orientation, gender identity, origin, ethnicity, religion, or socioeconomic background.

One example is the Global Progressive Mobilisation (GPM) held in Barcelona on 17–18 April 2026, it was arguably the largest international gathering of progressive forces in recent years. It brought together more than 5,000 participants from over 40 countries, including heads of government, political party leaders, trade union representatives, academics, and activists, with the aim of coordinating a global

response to the rise of the far right, authoritarianism, and the weakening of multilateralism.

– **A Feminist and Gender-Equal City:** Barcelona has made gender equality a cornerstone of its public policies. Through a transversal feminist approach, the City Council works to address structural inequalities affecting women while promoting their autonomy, participation, safety, and full political, social, and economic rights. The city recognizes the diversity of women's experiences and seeks to ensure that all policies reflect this plurality while actively combating sexism and discrimination.

– **Advancing Sexual and Gender Diversity:** The City Councillor's Office for Feminism and LGBTI Affairs plays a central role in promoting gender equity and protecting LGBTQIA+ rights. Its work focuses on eliminating homophobia, biphobia, and transphobia, while ensuring that sexual and gender diversity is incorporated across all sectors, including healthcare, education, employment, culture, communication, and public services. The office promotes an intersectional approach that seeks to end the exclusion of people whose bodies, identities, expressions, and desires fall

outside traditional gender norms. It also works across all municipal departments to mainstream LGBTQIA+ perspectives and strengthen Barcelona's reputation as a city that celebrates and respects diversity.

– **A Refuge and Welcoming City:** Barcelona has long positioned itself as a "City of Refuge." Through the Barcelona Refugee City initiative and the Directorate for Immigration and Refugee Services, the city supports migrants, refugees, and returning residents throughout their integration process. Services focus on facilitating access to housing, healthcare, education, employment, and legal rights while fostering social cohesion and preventing discrimination. This work is carried out in close collaboration with local organizations and community groups that contribute to building a welcoming, inclusive, and caring city where newcomers can fully participate in social life and pursue their personal and professional aspirations.

– **Protecting Human Rights and Combating Discrimination:** The Office for Non-Discrimination (OND), established in 1998, is one of the city's most important mechanisms for protecting human rights at the local level. The office provides information, legal guidance, mediation, and support to victims of discrimination, particularly in cases related to ethnicity, religion, nationality, sexual orientation, gender identity, disability, or other forms of inequality. Beyond individual casework, the OND develops awareness campaigns, promotes education on equality and rights, identifies structural causes of discrimination, and advocates for policy improvements. Special attention is given to combating hate speech, defending civil liberties, and ensuring equal access to public spaces and services.

The Human Rights Department of Barcelona City Council works to guarantee the “right to the city” and ensure that all residents enjoy real and effective access to human rights.

- **Promoting Religious Freedom and Interfaith Dialogue:** Barcelona also protects freedom of religion and belief through the Office of Religious Affairs (OAR). This municipal service supports religious and spiritual communities, promotes recognition of the city’s religious diversity, and facilitates dialogue between people of different faiths and convictions. The OAR works to guarantee equal access to religious rights, reduce barriers and inequalities, and foster mutual understanding through education, awareness-raising activities, public debates, and community engagement initiatives.
- **Fighting Racism Through the Anti-Rumour Network:** The Barcelona Anti-Rumour Network (Xarxa BCN Antirumors) is one of the city’s flagship initiatives for combating racism, prejudice, stereotypes, and discrimination. The network brings together more than 1,100 members, including civil society organizations, associations, informal groups, municipal services, public

facilities, and individual citizens. Working from an intercultural perspective, the network promotes positive narratives around diversity and develops educational and awareness-raising actions to challenge misinformation and foster respectful coexistence.

- **Barcelona: A City of Rights:** The Human Rights Department of Barcelona City Council works to guarantee the “right to the city” and ensure that all residents enjoy real and effective access to human rights. Inspired by the European Charter for the Safeguarding of Human Rights in the City, Barcelona views human rights as a local and practical reality that must be exercised in neighborhoods, public spaces, institutions, and everyday life. The city’s approach combines diversity, equality, non-discrimination, and interculturality, making Barcelona an international reference point for inclusive urban governance.
- **The Barcelona Interculturality Plan 2021–2030:** To consolidate this vision, Barcelona has adopted

the Barcelona Interculturality Plan 2021–2030, a long-term strategy designed to build a more inclusive city and reduce discrimination. Developed through a broad participatory process involving municipal departments, civil society organizations, and citizens, the plan identifies the city’s main challenges and priorities for the coming decade. The strategy establishes five major pillars, twenty six specific objectives, and more than one hundred concrete measures aimed at strengthening equality, participation, social cohesion, and intercultural dialogue throughout the city.

- **Participatory Governance and Community Representation:** Barcelona actively promotes the participation of diverse communities in public decision-making through specialized consultative bodies. The Municipal Immigration Council brings together migrant associations, host organizations, social actors, political representatives, and observers to promote full citizenship, social participation, and the inclusion

of immigrant communities in the city’s social, cultural, and political life. Similarly, the Municipal Council for Roma People serves as a permanent platform for dialogue and consultation with Roma organizations. The council promotes Roma culture, combats anti-Roma racism, encourages participation, and ensures that municipal policies address the needs and priorities of Roma communities. It also coordinates initiatives related to International Roma Day, Holocaust remembrance, and long-term strategies for Roma inclusion.

- **A Global Reference for Inclusive Cities:** Taken together, these initiatives demonstrate Barcelona’s holistic approach to diversity and human rights. Through its feminist policies, LGBTQIA+ programs, refugee and migration services, anti-discrimination mechanisms, religious diversity initiatives, anti-racism networks, intercultural strategies, and participatory councils, Barcelona has built a comprehensive model of inclusion that is recognized internationally.

This ecosystem of institutions and policies makes Barcelona not only a city that celebrates diversity, but also a city that actively protects rights, promotes social justice, and creates the conditions for all people to live with dignity, equality, and freedom.

BUDGET: A SUSTAINABLE AND LONG-TERM VISION

The WorldPride 2030 Barcelona project is built on a solid, sustainable and long-term financial vision, designed to ensure not only the viability of the event, but also its lasting impact. This economic model is underpinned by strong support from public institutions, providing institutional stability and reinforcing the city's commitment to hosting WorldPride. At the same time, it is strengthened by the involvement of the private sector through sponsorships and donations, creating a public-private partnership ecosystem that ensures a robust and diversified financial foundation.

WorldPride 2030 Barcelona aims not only to generate a significant economic impact for the city, but also to strengthen InterPride.

Although grants represent a significant portion of the projected income, it is important to note that part of this funding category consists of contributions derived from tax incentives and fiscal deductions, the allocation of which is not subject to discretionary political decisions.

Furthermore, the anticipated public funding will be secured through a multi-year agreement covering the period 2027–2030, carrying full legal commitment from the signatory administrations. This framework will provide a clear and reliable understanding of the level of funding committed well in advance and, where necessary, allow for appropriate planning and adjustment measures to ensure the project's viability and long-term sustainability.

This financial plan has been designed to be secure, balanced and responsible, capable of supporting the scale of the project without compromising its sustainability. In this regard, Pride Barcelona's experience is a key asset. The organisation has a well-established track record of delivering positive annual results, demonstrating efficient and transparent financial management. Despite all of our events being free to attend, revenue generated through on-site catering and bar services, public grants and

private investment consistently ensures positive financial outcomes, which are subsequently reinvested into future editions and social impact projects.

WorldPride 2030 Barcelona aims not only to generate a significant economic impact for the city, but also to strengthen the organisation's capacity to continue delivering meaningful projects in the years ahead. Our commitment is clear: social return.

Any surplus generated through grants, on-site consumption during the event and private sponsorship will be allocated to InterPride and international cooperation initiatives, helping to strengthen the global LGBTQIA+ movement.

In this way, the financial plan does more than guarantee the event's viability, it becomes a tool for redistributing resources, generating meaningful impact and building a lasting legacy beyond 2030.

*Positive results are allocated to reserves or a contingency fund

FINANCIAL
CONTINGENCY
PLAN

Should projected revenues not be fully achieved, a financial contingency plan will be activated based on regular budget reviews, expenditure prioritisation and the diversification of funding sources. The financial risk management strategy for WorldPride 2030 Barcelona is built upon a fundamental principle: identifying and addressing any budgetary deviation at the earliest stage. The four year period between

the designation of the host city in 2026 and the delivery of the event in 2030 provides sufficient time to implement gradual and proportionate measures that safeguard the project's financial viability without compromising its quality, safety or social impact.

The anticipated public funding is supported by the long-standing relationship between Pride Barcelona, the Cambra LGTBIQ+

de Catalunya and the various public administrations, demonstrated through years of institutional collaboration, recurring grant funding, explicit political support and official letters endorsing the bid.

Nevertheless, the organisation has developed a specific contingency framework to respond to potential scenarios involving reductions in, or delays to, either public or private funding.

PHASE 1

Monitoring and Early Warning (2026–2027)

Following the designation of Barcelona as host city, a Financial Monitoring Committee will be established to review, on a quarterly basis, the status of committed revenues and the evolution of projected expenditure.

Key actions during this phase will include:

- Biannual updates of public and private revenue forecasts.
- Assessment of formalised institutional commitments and those pending formalisation.
- Monitoring of budget approval processes across the different public administrations.
- Development of alternative financial scenarios (100%, 90%, 75% and 60% of projected funding).
- Classification of all expenditure into critical, important and complementary categories.

During this phase, no major structural expend.

PHASE 2

Activation of Preventive Measures (2027–2028)

Should projections indicate deviations exceeding 10% from expected revenues, preventive measures will be activated to strengthen available funding without altering the overall scope of the project.

These measures include:

- Intensifying corporate sponsorship acquisition efforts.
- Activating new collaboration opportunities with companies affiliated with the Cambra LGTBIQ+.
- Seeking complementary funding from European programmes, foundations and international organisations.
- Developing in-kind sponsorship agreements to reduce operational costs.
- Reviewing contracts and supplier agreements to optimize expenditure.

At this stage, the objective is to offset any financial shortfall without affecting the planned programme.

PHASE 3

Progressive Programme Adjustment (2028–2029)

Should significant deviations exceeding 20% of projected revenues persist, a second tier of measures focused on resource optimisation will be implemented.

The programme has been designed with a modular structure, allowing specific elements to be adapted without affecting the event’s core objectives. Potential measures may include:

- Scaling back scenographic elements and special productions.
- Reducing non-essential international marketing campaigns.
- Rescheduling selected complementary activities.
- Increasing collaboration with cultural and community organisations to share resources.
- Prioritising formats that deliver greater social impact with lower operational costs.

Under no circumstances will budget lines related to safety, universal accessibility, participant services, human rights programming, community support services or compliance with InterPride standards be affected.

PHASE 4

Activation of the Cambra LGTBIQ+ Support Ecosystem (2029)

In the event of a substantial reduction in anticipated private funding, the Cambra LGTBIQ+ will activate an extraordinary resource mobilisation plan across its business and associative network.

This plan includes:

- Launching extraordinary sponsorship rounds among member companies.
- Engaging new businesses committed to diversity, equity and inclusion.
- Expanding in-kind contributions through the provision of venues, professional services, equipment and technological resources.
- Strengthening the participation of partner organisations in programme delivery.
- Developing strategic partnerships with national and international organisations.

The Cambra’s extensive experience in managing business networks linked to diversity and inclusion represents a particularly strong and distinctive risk mitigation mechanism compared with other potential host cities.

PHASE 5

Maximum Contingency Scenario (2030)

Only in the unlikely event of an extraordinary and simultaneous reduction in both public and private funding would the organisation implement a plan of absolute prioritisation based on three core principles:

- Guaranteeing the safety and security of participants and attendees.
- Guaranteeing universal accessibility and community participation.
- Guaranteeing full compliance with all commitments made to InterPride and the international community.

The project’s modular structure ensures that WorldPride 2030 Barcelona can still be successfully delivered even under adverse financial circumstances, through the progressive adaptation of secondary elements while always preserving the event’s essence, impact and strategic objectives.

Additional Safeguards

This contingency framework is supported by four key factors:

- Institutional backing demonstrated through letters of support, public endorsements and a long-standing history of collaboration with public administrations.
- A four year planning horizon that allows corrective measures to be implemented gradually and effectively.
- The mobilisation capacity of the business and associative ecosystem of the Cambra LGTBIQ+ de Catalunya.
- Pride Barcelona’s proven experience in delivering large-scale events supported by a combination of public and private funding.

As a result, the organisation considers the risk of financial infeasibility to be very low and believes that sufficient mechanisms are in place to guarantee the successful delivery of WorldPride 2030 Barcelona under any reasonably foreseeable scenario.

MARKETING & COMMUNICATION PLAN: GLOBAL IMPACT

This plan stems from a clear vision: to amplify the voices of the LGBTQIA+ community and turn WorldPride into a global platform for influence, awareness, and social transformation.

WorldPride 2030 Barcelona is not designed only as an event, but as a unique opportunity to generate a global impact that is sustained over time. To achieve this, a long-term strategic marketing and communication plan has been designed and will be developed progressively through to 2030.

This plan stems from a clear vision: to amplify the voices of the LGBTQIA+ community and turn WorldPride into a global platform for influence, awareness, and social transformation.

Over the coming years, the strategy will combine local and international actions, integrating communication campaigns, strategic alliances, presence at major global events,

and a coherent narrative that evolves alongside the project. The goal is to build anticipation, generate community, and consolidate a shared narrative that resonates with diverse audiences worldwide.

The digital dimension will play a key role in the development of platforms such as WorldPride TV, which will allow the experience to extend beyond physical attendance, ensuring accessibility, global reach, and continuity of the message.

Ultimately, the marketing and communications department will be the engine that projects WorldPride 2030 Barcelona to the world, transforming an event into a shared global story, where all voices are included.

2026	2027	2028	2029	2030
After The Voting	Pride Month	Pride Month	Pride Month	World Pride

The marketing and communications strategy for 2026–2030 will be deployed through different waves, combining always-on activities with targeted amplification. Approximately 95% of the plan will rely on owned and earned media, capitalizing on Barcelona’s global reputation, Pride Barcelona’s organic visibility, and long-standing editorial partnerships to ensure continuous exposure at no direct

media cost. Partnerships with internationally recognized brands connected to Barcelona will help extend the event’s reach, reinforce its credibility, and generate impactful content that amplifies Pride Barcelona to new audiences worldwide.

The remaining 5% will be strategically invested in international media partnerships, branded

content, and highly targeted digital campaigns across different platforms and programmatic networks. This phased approach will deliver high-impact reach, strengthen awareness, expand qualified audiences, and maximize visibility at key milestones on the road to 2030.

Media Type

OWN MEDIA - ALWAYS ON CAMPAIGN

This represents approximately 95% of the Marketing and Communications Plan. The estimated cost is 0€, as it relies on Barcelona’s inherent media value, global reputation, and strong organic visibility. As a result, this activity can be delivered with no direct media expenditure.

Barcelona WorldPride 2030:

 - SEAT (Total IG Followers: 253k)
 - Tous (Total IG Followers: 2,1M)
 - Desigual (Total IG Followers: 1,7M)
 - Puig (Total IG Followers: 65k)

INTERNATIONAL MEDIA

The remaining 5% is allocated to strategic paid media investments. Rather than traditional advertising, these resources will be primarily invested in branded content and strategic editorial partnerships with influential mainstream media outlets, as well as specialized and LGBTQIA+ focused publications.

This approach will ensure authentic storytelling, enhanced credibility, and deeper engagement with key audiences across local, national, and international markets. Paid media will therefore serve as a targeted amplification tool, reinforcing earned media opportunities, extending the campaign's reach, and securing high-impact visibility at critical milestones throughout the journey to 2030.

 - The Advocate: Average annual audience (15,600.000), Total IG Followers (182.000)
 - Agencia Presentes: Average annual audience (Not audited), Total IG Followers (114.000)
 - MambaOnline: Average annual audience (480.000), Total IG Followers (5.550)
 - Prachatai: Average annual audience (Not audited), Total IG Followers (2.211)
 - Gay Star News: Average annual audience (Not audited), Total IG Followers (55.800)
 - Star Observer: Average annual audience (Not audited), Total IG Followers (10.900)

*Estimated annual audience data for the latest reporting period (Q1 2026), based on official sources such as EGM, Comscore, Mediakits, Similarweb and others.

In addition to strategic media partnerships and branded content initiatives, the campaign will include a targeted paid digital media strategy across social media platforms (Meta), Google, and programmatic advertising networks. This approach will enable highly efficient audience targeting within relevant environments, reaching users who actively engage with LGBTQIA+ content, human

rights issues, travel, culture, and related topics. By leveraging contextual targeting, behavioral insights, and interest-based segmentation, the campaign will maximize relevance and engagement while optimizing media investment. Furthermore, all paid activity will contribute to the development of permanent retargeting audiences, including website visitors, social

media engagers, video viewers, users who have interacted with campaign content, and lookalike audiences generated from these segments. This data-driven ecosystem will allow for continuous audience nurturing, increased campaign efficiency over time, and the progressive expansion of highly qualified communities throughout the journey to 2030.

7.2.1
**COMMUNICATIONS
STRATEGY**

COMMUNICATION GOALS

GLOBAL
Position WorldPride 2030 as:
A political and social turning point.
A global LGBTQIA+ summit + movement.
Build international legitimacy
(InterPride, NGOs, institutions).

COMUNITY:
Activate global LGBTQIA+ networks.
Empower grassroots activism.

LOCAL
Reinforce Barcelona as:
Safe space.
Activist city.
Rights pioneer.

Strategy Plan

1. DIGITAL PRESENCE

- LIVE WorldPride: We will establish a digital ecosystem that serves as a permanent archive and a real-time engagement tool. To bridge the digital divide, all primary content, including the Human Rights Conference, will be streamed live for free and archived permanently for those without reliable real-time access.
- WorldPride 2030 Barcelona’s Website: A centralized “hub” for event information, scholarship applications, and interactive map of Barcelona’s LGBTQIA+ neighborhood, business and local places, and many other relevant info.
- Social Media Strategy: Utilizing platforms like Instagram, TikTok, YouTube and X to share activist stories, promote the “Shape Tomorrow” report, and generate global excitement.

2. PUBLIC RELATIONS: THERE’S HOPE

- Our PR efforts are focused on Barcelona as “The Celebration of a Collective Action” to the global rise of hate agendas.
- Media Kits & Press Releases: Distributed to local, national, and international outlets, highlighting the 25th anniversary of equal marriage in Spain and the 50th anniversary of the FAGC.
 - Journalist & Influencer Relations: Nurturing partnerships with global LGBTQIA+ media to secure interviews with bid organizers and community leaders.

- Crisis Communication: Maintaining a proactive stance against reactionary discourses by highlighting Barcelona’s safety and institutional protection frameworks.

3. COMMUNITY ENGAGEMENT: ROOTED IN ACTIVISM

- Community begins at home, fueled by the almost 40 local social entities that power this bid.
- Town Hall Meetings & Forums: Hosting sessions to gather feedback and ensure the local community feels ownership of the 2030 vision.
 - Collaborative Fundraising: Partnering with local businesses in the “Gaixample” and venues like Sala Apolo to host “Road to 2030” events.
 - Influencer Alliances: Engaging with local and international LGBTQIA+ icons to build grassroots support.
 - Xarxa Catalana de Prides’ meetings: Meeting and helping the other Prides within Catalunya, making the territory part of this bid.

4. STAKEHOLDER COMMUNICATION: TRANSPARENCY & TRUST

- Open Channels: Maintaining transparent dialogue with the Ajuntament de Barcelona, Generalitat de Catalunya, Turisme de Barcelona, and the Ministry of Equality and the Ministry of Foreign Affairs of Spain, as the institutions backing this project.

- Regular Updates: Email newsletters and progress reports for donors, corporate sponsors, and InterPride members to ensure continued investment in the bid’s success.

5. INTERNATIONAL OUTREACH: BUILDING THE ALLIANCE

- Global Alliances: Direct outreach to international organizations to build the “Global Summit”, to make it as diverse as possible.
- Conference Participation: Promoting the bid at international Pride events and conferences to showcase Barcelona’s readiness and “Barcelona Ciutat Refugi” initiative.

6. BROADCAST & STREAMING MEDIASPECIAL PROGRAMMING

- Partnering with national and international broadcasters: To have the right partners to produce features on the history of Catalan activism, from the 1977 Ramblas demonstration to today.
- Streaming Partnerships: Exploring collaborations with global platforms to expand the reach of the “Queer Global Forum” to a worldwide audience.

MULTI-YEAR STRATEGY:

2026

Listen And Connect The Bidding Year

Building a global narrative: “The world needs a response. Barcelona is ready to host it.”

- Focus:
- Listening to global LGBTQIA+ communities
 - Expanding “Shape Tomorrow”

- Actions:
- Presence at WorldPride 2026

- “A WorldPride for the World”:
- Stakeholder mapping
 - Activate international consultations
 - Learning and gathering info about the different LGBTQIA+ global contexts

- Communication:
- International meetings
 - Behind the scenes of the process
 - “This bid is built with you”

2027

Global Launch: WorldPride 2030, here we go

Start of the promotion for WorldPride 2030: “This is not Barcelona’s WorldPride. This is yours.”

- Key Actions:
- Global Announcement Campaign
 - International press + LGBTQIA+ media
 - Launch of Global Governance
 - International Organising Committee
 - Regional representation (InterPride)

- Brand Launch:
- Visual identity
 - Website + platforms
 - Messaging pillars (Think / Answer / Change)

- Communication Approach:
- Emotional and inclusive message
 - Strong sense of ownership: “You are part of this”

2028

Building Together

Turning the audiences into active contributors: “Let’s build the answer together.”

- Key Actions:
- Programme Co-Creation
 - Human Rights Conference (early shaping)
 - Activism School rollout
 - Open calls for: NGOs, Speakers, Cultural creators

- Global Network Reactivation:
- Regional hubs
 - Partnerships with global Prides

- Communication Approach:
- Queer Global Forum pre-programming
 - Artist collaborations

- Communication Approach:
- Participatory
 - Community-led storytelling

2029

Global Mobilisation: “Join the answer”

Drive mass participation and attendance: “Be part of the global response.”

- Key Actions:
- Travel & Access Strategy
 - Scholarships programme activation
 - Airline + hospitality partnerships

- Global Campaign Rollout:
- Paid + earned media
 - Key cities activation

- Participation Push:
- Registrations
 - Conference + cultural programme

- Communication Approach:
- More visible, but still purpose-led
 - Emotional message of urgency and participation

2030

WorldPride year: “The answer happens”

Deliver maximum global impact and legacy: “This is where the world comes together to act.”

- Key Actions:
- LIVE WORLDPRIDE: Global streaming of all key content, Permanent archive
 - Human Rights Conference: Core communication pillar, Global summit outcome
 - Cultural & Social Activation: City-wide programming, city concerts
 - Media Center: Daily global storytelling, Political + cultural coverage
 - Learning space: “Escuela de Activismo”

- Communication Approach:
- Real-time storytelling
 - Global amplification
 - Focus on outcomes (not just celebration)

2030+

After 2030 – legacy: “The change continues”

Position WorldPride Barcelona as a turning point, not a moment: “This didn’t end. This started.”

- Key Elements:
- International Agreement on fundamental LGBTQIA+ Rights
 - Ongoing cooperation programmes
 - Barcelona Refuge City initiative
 - Strengthened global networks

Summary Plan

- 2026: Convince the world
2027: Launch the movement
2028: Build it together
2029: Mobilise the world
2030: Deliver the answer
2030+: Maintain the outcome

SWOT ANALYSIS

Strengths

A strong network of organisations. Involvement of over 40 LGBTQIA+ organisations and networks, such as the de Prides de Catalunya and the Red Estatal.

Solid institutional support. Backing from the City Council, the Catalan Government and the Ministry, which is key to securing resources, safety and legitimacy.

Historical and symbolic significance. Barcelona is the birthplace of LGBTQIA+ activism in Spain (1977 demonstration, FAGC, legislative advances).

Infrastructure and international experience. A city with logistical capacity, global connectivity, tourism and experience in hosting major events.

A political and transformative vision. Not just a celebration, but a focus on human rights, activism and a global response to the rise of hate.

Innovative and structured programme. Human Rights Conference, Global Summit, School of Activism, Queer Global Forum.

Global and inclusive vision. Scholarship programme (1M€) to ensure diverse international participation.

Capacity to create a legacy. Projects such as Barcelona City of Refuge, international cooperation and global agreements.

Opportunities

Hope in a global context of setbacks for rights. WorldPride2030 is positioning itself as an international response to the rise of the far right.

Strengthening InterPride's leadership. Transforming WorldPride into a global political tool.

Generating lasting impact. Establishing international agreements, networks and cooperation programmes.

Attracting talent and international visibility. Barcelona as a global LGBTQIA+ hub.

Innovation in formats. LIVE WorldPride, global digital access, democratisation of content.

Key anniversaries (2030). 25 years of equal marriage and 50 years of the FAGC.

Global alliances. International NGOs (Amnesty, ILGA, etc.) and public-private partnerships.

Weakness

Reliance on public-private funding. Although support is available, stability and sustained commitment are required.

Very high expectations. The positioning as "WorldPride for the world" raises the bar.

High organisational complexity. Global coordination, multiple stakeholders and high political ambition could make implementation difficult.

Threats

Hostile global political environment. Rise of anti-LGBTQIA+ governments and speeches.

Potential geopolitical tensions. International conflicts that could affect attendance or participation.

Competition among other candidates. The existence of different cities with different proposals.

Global economic instability. It could affect funding, attendance and sponsorship.

EPILOGUE: ADVOCACY-DRIVEN VISUAL IDENTITY

The visual identity of WorldPride Barcelona 2030 has been conceived as a tool for visibility, memory and activism. Far beyond a purely aesthetic function, the typographic system becomes a vehicle for connecting today's celebration with the struggles that made possible the rights and freedoms enjoyed by the LGBTQIA+ community today. For this reason, the identity incorporates typefaces developed by Vocal Type, an initiative founded by designer Tré Seals that creates type families inspired by historic movements for human rights and social justice. Each typeface is rooted in archival materials, banners, posters and original graphic elements used by communities fighting for equality, transforming typography into a means of preserving and sharing their legacy.

Marsha is inspired by the original vertical signage of the historic Stonewall Inn, the site of the events that sparked the modern LGBTQIA+ liberation movement.

The typeface takes its name from Marsha P. Johnson, the transgender activist and one of the most iconic figures associated with the 1969 Stonewall uprising.

Its presence within the visual identity of WorldPride Barcelona 2030 pays tribute to those who transformed resistance into a global movement for equality, dignity and human rights.

MARSHA

Martin draws inspiration from the graphic materials and visual communication associated with the Civil Rights Movement led by Dr Martin Luther King Jr. Its design evokes the strength and clarity of the messages that accompanied some of the most influential social movements of the twentieth century.

Within the visual identity of WorldPride Barcelona 2030, it represents the pursuit of equality, justice and the creation of more inclusive societies through collective action and civic engagement.

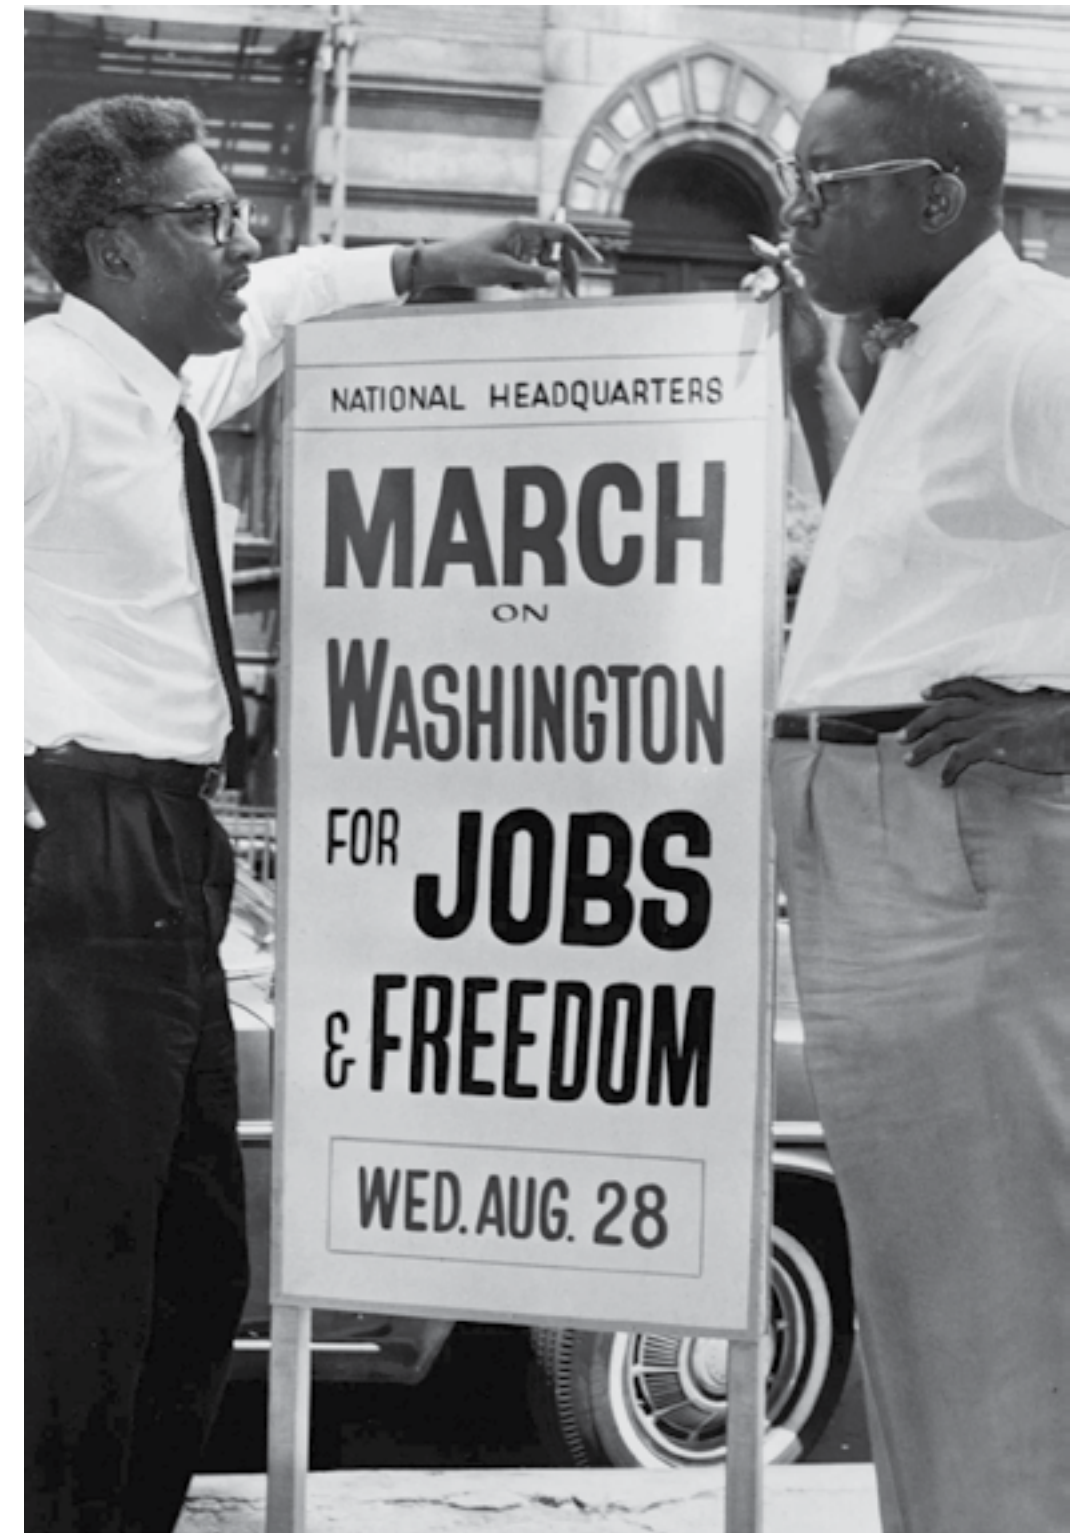

MARTIN

BAYARD

Bayard is a sans-serif typeface inspired by the banners carried during the historic 1963 March on Washington for Jobs and Freedom. It is named in honour of Bayard Rustin, a key strategist of the American Civil Rights Movement, principal organiser of the march and a lifelong advocate for both racial equality and LGBTQIA+ rights.

The typeface symbolises the power of collective mobilisation to drive lasting social change and advance justice through solidarity and civic action.

SOM

1977

Alongside these historically inspired typefaces, WorldPride Barcelona 2030 incorporates a bespoke typeface created by Barcelona-based creative agency PHANTASIA.

Named SOM 1977, this original typeface was developed specifically for the candidature and emerges from a process of recovering and celebrating the historical memory of Barcelona's LGBTQIA+ movement. Its design is directly inspired by the lettering used on the main

banner carried during the historic demonstration for LGBTQIA+ rights held on La Rambla on 26 June 1977, widely recognised as the first major demonstration for sexual and gender liberation in Spain.

SOM 1977 connects the legacy of those who initiated the struggle for LGBTQIA+ rights in Barcelona with present and future generations, becoming a visual bridge between memory, activism and celebration.

In doing so, it grounds the WorldPride Barcelona 2030 identity in the city's own history while projecting its message towards the future.

COLITA PHOTOGRAPHIC ARCHIVE

Special thanks to Francesc Polop and the Colita Photographic Archive for their generosity and trust in granting us the use of the historic images of the 1977 demonstration, a fundamental part of the memory and history of the LGBTQIA+ movement.

A TYPOGRAPHY OF MEMORY AND PROGRESS

Together, Marsha, Bayard, Martin and SOM 1977 transform the visual identity of WorldPride Barcelona 2030 into a graphic system deeply rooted in the history of human rights movements.

Each letter, every word and every message is built upon the legacy of those who fought for freedom, equality and dignity. Through typography, WorldPride Barcelona 2030 honours their struggles while inviting new generations to imagine and build a future that is more diverse, more inclusive and more just for all.

El Alcalde de Barcelona

27 October 2025

BARCELONA WORLDPRIDE 2030

Endorsement letter by the Mayor of Barcelona

Dear members of the WorldPride Committee,

As Mayor of Barcelona, I am pleased to express my full support for Barcelona's candidacy to host WorldPride in 2030. We firmly believe that our city stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGTBI+ community.

Barcelona holds a distinguished place in the history of the LGTBI+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGTBI+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGTBI+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGTBI+ social organization in Spain, the *Front d'Alliberament Gai de Catalunya* (FAGC).

Today, Barcelona is home to one of the most active and diverse LGTBI+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

J..

Jaume Collboni Cuadrado

El Alcalde de Barcelona

././.

We envision Barcelona WorldPride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected but deeply embraced and celebrated.

Yours sincerely,

Jaume Collboni Cuadrado

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTI+ community.

Barcelona holds a distinguished place in the history of the LGBTI+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTI+ demonstration in Spain took place. With full support and pride,

Salvador Illa i Roca

Barcelona, 11 th December 2025

EL PRESIDENTE DEL GOBIERNO

Madrid, 12 de junio de 2026

A los miembros de InterPride:

En nombre del Gobierno de España, me complace expresar nuestro firme apoyo a la candidatura de Barcelona para albergar WorldPride 2030.

España es un país comprometido con la igualdad, la dignidad y la protección de los derechos humanos. A lo largo de las últimas décadas, nuestra sociedad ha avanzado de manera decisiva en el reconocimiento de los derechos y libertades de las personas LGTBI+, desde la convicción de que toda persona debe poder vivir, amar y expresar libremente su identidad sin miedo a la discriminación o a la violencia.

Barcelona representa estos valores de una manera especialmente significativa. Es una ciudad cuya historia está estrechamente vinculada a la lucha por la libertad y la diversidad. Desde la histórica manifestación por los derechos LGTBI+ celebrada en Las Ramblas en 1977, un momento decisivo para el progreso democrático y social de nuestro país, hasta su consolidación actual como una ciudad abierta, inclusiva y conectada con el mundo, Barcelona ha estado a la vanguardia de la defensa de la igualdad.

La propuesta de Barcelona WorldPride 2030 trasciende la aspiración de organizar una gran celebración internacional. Se trata de un proyecto fundamentado en el activismo, la solidaridad y la cooperación global. Su propósito es convertir Barcelona en una plataforma desde la que personas LGTBI+, organizaciones sociales y defensores de los derechos humanos de todo el mundo puedan encontrarse, hacerse oír, compartir experiencias y continuar impulsando la igualdad.

Esta candidatura cuenta con la fortaleza de una sociedad civil comprometida y con la participación de una amplia red de entidades que trabajan por la diversidad, la educación, la visibilidad y la protección de derechos. Su esfuerzo colectivo refleja la esencia misma de WorldPride: un movimiento construido desde la participación, la resistencia, el apoyo mutuo y la esperanza.

EL PRESIDENTE DEL GOBIERNO

La celebración de WorldPride 2030 en Barcelona transmitiría al mundo un mensaje poderoso: que los derechos humanos nunca pueden darse por conquistados, que los avances alcanzados deben ser protegidos y ampliados, y que el movimiento global por la igualdad de las personas LGTBI+ permanece unido frente a la discriminación, el odio y la intolerancia.

Por todo ello, el Gobierno de España respalda la aspiración de Barcelona de convertirse en sede de WorldPride 2030. Estamos convencidos de que Barcelona ofrecería al mundo un WorldPride inspirador, inclusivo y transformador, capaz de dejar un legado duradero para la ciudad, para España y, sobre todo, para las comunidades LGTBI+ de todo el mundo.

Reciban el testimonio de mi más alta consideración.

Pedro Sánchez
Presidente del Gobierno de España

Madrid, a 03 de noviembre de 2025

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. ANA REDONDO GARCIA
Ministra de Igualdad

Nota de apoyo de Más Madrid y la senadora Carla Antonelli al World Pride Barcelona 2030

Como senadora de Más Madrid en las Cortes Generales de España, quiero expresar mi apoyo comprometido a la candidatura de Barcelona para acoger el WorldPride 2030.

Barcelona es historia y pionera en el activismo LGTBIQA+ de España, fue el escenario de la primera manifestación del Orgullo LGTBIQA+ en nuestro país en 1977, un hito fundacional que nos recuerda que los derechos que hoy defendemos nacen de la valentía colectiva frente a la injusticia. Hoy, 49 años después, esa misma ciudad vuelve a situarse en el centro de un momento decisivo para los derechos LGTBIQA+ a nivel global.

Vivimos un contexto internacional marcado por el avance de discursos de odio y el cuestionamiento de logros que creíamos consolidados. Estamos asistiendo a agresiones y políticas involucionistas que ponen en el centro de la diana los colectivos LGTBIQA+ y con especial saña hacia las personas trans. Por eso, el WorldPride no es solo una celebración: es una herramienta política, un espacio de visibilidad y una declaración colectiva de intenciones, en la conciencia de que no vamos a dar ni un paso atrás.

Barcelona tiene todo lo necesario en infraestructuras e historia para acoger este evento: es una ciudad hermosa abierta al mar, acogedora, tiene capacidad organizativa, experiencia, y sobre todo una sociedad diversa y comprometida con prestigio internacional. Recordemos, que también acogió la XXV Edición de los Juegos Olímpicos de Verano de 1992. Pero, más allá de eso, tiene la legitimidad que le da su historia y su compromiso real con los derechos y las libertades que han proyectado en el mundo.

Madrid ya fue anfitriona del World Pride en 2017 y ahora Barcelona elevará la apuesta para que en 2030 se celebre este evento global a favor de los derechos del colectivo LGTBIQA+ y de la diversidad. Alzaremos las voces para seguir reclamando espacios libres, seguros y de libertad. En este país hicimos un largo viaje desde la dictadura hasta la democracia, convirtiéndonos en referentes en materia de derechos LGTBIQA+. De lo vivido hemos aprendido que unidas, con tesón y perseverancia podemos hacer posible lo impensable.

Apoyar esta candidatura es una oportunidad para que España vuelva a enviar un mensaje claro al mundo: frente al odio y la invisibilidad, más democracia y más Orgullo.

Barcelona está preparada. Y desde Más Madrid y esta senadora vamos a estar a su lado.

Carla Antonelli, primera mujer trans senadora en las Cortes Generales de España

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

As Ambassador at Large for the Rights of LGBTI+ People of the Ministry of Foreign Affairs, European Union and Cooperation, it is a real pleasure for me to accompany and support Barcelona's candidacy to host World Pride in 2030.

The city of Barcelona has repeatedly demonstrated its capacity and professionalism in organizing major international sporting, cultural and professional events. Examples include the Olympic Games or the Mobile World Congress, the Sonar Festival, and the Formula 1 GP, all held annually. This year, for example, it will host the Gay Games 2026 next August.

We cannot forget, moreover, its open and cosmopolitan character, which is reflected in the thousands of visitors it receives each year and who enjoy the highest quality welcome from its inhabitants, as well as the infinite variety of cultural and leisure possibilities it offers.

Barcelona, it must also be remembered, is a pioneer and a model followed by the rest of Spain and Europe in the fight for diversity and the rights of LGBTI+ people, having been the site of the first LGBTI+ demonstration in Spain in 1977, which was later followed by the organization of the first Pride events in our country.

2030 will be an important year for Barcelona and for Spain, as we will celebrate 30 years since the approval of same-sex marriage (Spain was the 3rd country in the world to recognize it, and the first with full rights) and 50 years since the first legalized LGBTI+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

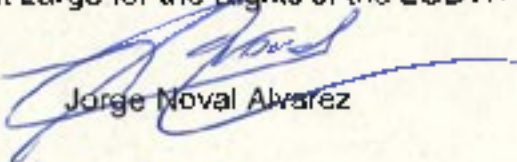

Spain currently holds the number one position in the ILGA Europe 2026 Rainbow Index ranking for the recognition of LGBTI+ rights, which irrefutably demonstrates the leadership and commitment of our country, its Government, its Civil Society and its citizens to diversity and the recognition of rights.

For all these reasons, Barcelona's candidacy guarantees not only organizational and celebratory success, but also serves as a safe and inclusive space for attendees and an excellent platform for disseminating the message of the importance and essential nature of LGBTI+ rights worldwide.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.

With full support and pride,

Ambassador at Large for the Rights of the LGBTI+ People

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTQIA+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

We envision Barcelona Worldpride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.

With full support and pride,

Il·lma. Sra. Raquel Albiol i Gilabert

Vicepresidenta 5a i presidenta delegada de l'Àrea de Feminismes i Igualtat-Diputació de Barcelona.

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTQIA+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

We envision Barcelona Worldpride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.

With full support and pride,

Il·lma. Sra. Eva Soler i Guallar
Diputada adjunta de l'Àrea de Feminismes i Igualtat-Diputació de Barcelona.

BACK TO INDEX

Mr. Jaume Collboni Cuadrado
Mayor of Barcelona

Budapest, 16 January 2026

Dear Mayor Collboni,

I am writing to express my strong support for Barcelona's candidacy to host WorldPride 2030.

Barcelona has long demonstrated exemplary leadership in promoting equality, diversity, and the rights of LGBTQ+ communities. Its inclusive urban policies, vibrant civil society, and consistent commitment to human dignity make the city an outstanding candidate to host an event of such global importance.

Beyond its local achievements, Barcelona has also shown a clear and courageous commitment to international solidarity. In critical moments, the city's leadership has stood with communities beyond its borders, including in Budapest, offering visible support and taking a principled stance in defense of human rights. Your presence at the 2025 Budapest Pride amidst the Hungarian government's attacks on the LGBTQ+ community and the freedom of assembly, sent a powerful message of solidarity, one that we deeply appreciate and remains highly meaningful to us.

Barcelona's dedication to human rights, its proven capacity to host major international events, and its active engagement with global LGBTQ+ communities reflect the core values that WorldPride represents. I am confident that Barcelona would not only be an excellent host, but also an inspiring example of how cities can advance equality, inclusion, and solidarity on the international stage.

For these reasons, I am pleased to express my support for Barcelona's WorldPride 2030 bid and wish you every success in this important endeavor.

Yours sincerely,

Gergely Karácsony
Mayor of Budapest

Your Worship, dear Mayor Collboni,

**RE: LETTER OF SUPPORT FOR THE CANDIDACY OF THE CITY OF BARCELONA TO HOST
 WORLDPRIDE 2030**

The purpose of this correspondence is to pledge the City of Cape Town's full support for the City of Barcelona's candidacy to host WorldPride in 2030.

As you are aware, Cape Town will be the proud hosts of WorldPride in 2028. This will be a historic first for Africa, marking a significant celebration of LGBTQIA+ pride, diversity, and human rights for the continent and the global community. This major event will promote equality and showcase Cape Town's inclusive spirit.

Your city's candidacy comes at a time when fundamental rights are under threat in many parts of the world and it sends a clear message of your conviction that freedom, diversity and dignity are non-negotiable. Coupled with this, Barcelona is a proven host of major international events in the recent past.

Bearing the above in mind, it is clear, and I know, that Barcelona would be an excellent host to such an auspicious global event, and that you are ready to welcome participating delegates in your beautiful, well-functioning city. Therefore, Cape Town wholeheartedly supports your candidacy to host WorldPride 2030, and I trust that your candidacy will be considered positively.

Yours sincerely,

ALD. GEORDIN HILL-LEWIS
EXECUTIVE MAYOR

Gobierno de
Guadalajara

La Ciudad que 
te cuida

Jaume Collboni Cuadrado
Alcalde de Barcelona

Estimado Alcalde:

Es un honor dirigir este mensaje desde el Gobierno de Guadalajara y agradecer la invitación para fortalecer la candidatura de Barcelona como sede del WorldPride 2030. Desde nuestra ciudad reconocemos el camino ejemplar que Barcelona ha construido durante décadas para consolidarse como un referente global en la defensa de los derechos, la visibilidad y la dignidad de las personas LGBTQ+. Barcelona ha demostrado que cuando una ciudad abraza la diversidad y la libertad, se convierte en un espacio más justo, más humano y más fuerte.

En Guadalajara, la inclusión es un principio irrenunciable. Creemos firmemente en la construcción de comunidades donde todas las personas puedan vivir con libertad, respeto y orgullo. Por ello, valoramos profundamente el significado del WorldPride como una plataforma global para celebrar la diversidad, avanzar en la conquista de derechos y enviar un mensaje claro y poderoso sobre el respeto y la igualdad para todas las personas.

Estoy convencida de que Barcelona cuenta con la capacidad institucional, la experiencia internacional y compromiso social necesarios para albergar un evento de esta magnitud. Su trayectoria como anfitriona de grandes encuentros mundiales, su vibrante vida cultural y su liderazgo en políticas públicas inclusivas fortalecen una candidatura de enorme relevancia ante la comunidad internacional.

Por tal motivo, me complace expresar formalmente como Presidenta Municipal de Guadalajara, mi respaldo a la candidatura de Barcelona para ser sede del WorldPride 2030. Tengo la certeza de que su ciudad honrará este encuentro con responsabilidad, sensibilidad y visión, contribuyendo a que miles de personas de todo el mundo se sientan reconocidas, celebradas y seguras.

Le deseo el mayor de los éxitos para dicho proyecto y reitero en mi nombre y en el de Guadalajara los sólidos lazos de compromiso y amistad que unen a nuestras ciudades.

Sin otro particular, reciba un cordial saludo.

ATENTAMENTE:

Guadalajara

La Maire de Paris

Paris, le 20 JAN. 2026

Dear Members of the WorldPride Committee,

On behalf of the City of Paris, I am pleased to express our full and unequivocal support for Barcelona's candidacy to host WorldPride 2030.

Paris and Barcelona share a deep and longstanding commitment to human rights, equality, and the defense of LGBTQIA+ rights. As cities that have long served as safe havens and platforms for visibility, we recognize in Barcelona a partner city whose values, history, and civic engagement resonate strongly with our own.

Barcelona's commitment to diversity and inclusion is rooted in both history and action. From hosting Spain's first LGBTQIA+ demonstration in 1977 to fostering one of the most active LGBTQIA+ civil society ecosystems in Europe, the city has consistently played a leading role in advancing equality and dignity for all. The year 2030 will also mark two important milestones: 25 years since the legalization of same-sex marriage in Spain and 50 years since the establishment of the Front d'Alliberament Gai de Catalunya (FAGC), the country's first legalized LGBTQIA+ social organization.

As a fellow city dedicated to the promotion and protection of human rights, Paris recognizes Barcelona as a vibrant, safe, and welcoming space. Our cities work closely together within the Rainbow Cities Network, an international coalition of cities committed to advancing LGBTQIA+ equality at the local level through the exchange of best practices and inclusive public policies. This cooperation illustrates the shared commitment of our cities to place LGBTQIA+ rights at the heart of public action, culture, and international cooperation.

We firmly believe that WorldPride 2030 in Barcelona would be far more than a celebration. It would be a powerful global platform to amplify diverse voices and strengthen international solidarity for LGBTQIA+ rights at a time when these rights remain under threat in many parts of the world.

For these reasons, the City of Paris is proud to endorse Barcelona's candidacy and warmly supports its ambition to host WorldPride 2030.

Please accept, Dear Members of the Committee, the assurance of my highest consideration.

Montevideo, 2 de diciembre de 2025.-

BARCELONA WORLDPRIDE 2030 ENDORSEMENT LETTER

Dear WorldPride Committee,

CITY OF KOBE
JAPAN

January 8, 2026

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

To the WorldPride Committee,

We wholeheartedly support Barcelona, which has been our sister city for more than 30 years now, in its bid to host WorldPride 2030.

The City of Barcelona is celebrated for its vibrant culture, global outlook, and unwavering commitment to the LGBTQIA+ community. Having hosted Spain's first LGBTQIA+ demonstration back in 1977, it has a remarkable history in this regard. Furthermore, the year 2030 will mark two additional milestones, namely 25 years since the legalization of same-sex marriage in Spain, and 50 years since the founding of the Catalan Gay Liberation Front (FAGC).

Today, Barcelona continues to be home to one of the world's most diverse and active LGBTQIA+ networks, offering a safe space and inclusive support. The municipal government has championed equality through the implementation of its "Measures for LGBTI Equality for 2016-2020" and other initiatives, and its LGBTI Center provides a visible, welcoming space for dialogue and community engagement. These efforts strongly resonate with Kobe's own vision of a society, where diversity is embraced and celebrated.

Our cities also share a close partnership in smart city development. Barcelona hosts the Smart City Expo World Congress every year, drawing tens of thousands of participants from around the globe, including over 27,000 attendees from 143 countries last year alone. This success reflects Barcelona's proven ability to organize world-class international events. WorldPride 2030 in Barcelona will be more than a celebration. It will be a global platform for voices to be heard and a powerful statement for inclusion, pride, and justice.

We look forward to seeing WorldPride 2030 take place in our sister city, Barcelona.

Best regards,

Hisamoto Kizo
Mayor of Kobe

BACK TO INDEX

Montpellier, 2nd of December 2025

Le Maire de Montpellier

Président de Montpellier Méditerranée Métropole

Mr Jaume COLBONI CUADRADO
Mayor of Barcelona
Pl. de Sant Jaume, 1
E-08002 Barcelona

Esteemed Mayor,

Barcelona has recently submitted its candidacy to host WorldPride 2030 by January 15th, 2026, an initiative that I would strongly support and welcome.

For many decades, Barcelona and Montpellier have been united through their twinning, allowing them to work hand in hand on many topics, always guided by shared values and hopes for our two communities, and by defending human rights in our local and international policy. These beliefs and aspirations foster our joint actions within international frameworks such as the Rainbow Cities Network, of which we are both active members.

As the Mayor of Montpellier – the city that celebrated the first same-sex marriage in France in 2013 - I would like to extend my full support for your candidacy to host this major international event. Hosting WorldPride 2030 would not only highlight the continuity of your committed policies but also represent a meaningful milestone for your city. Montpellier would therefore be very proud to stand by your side in encouraging this application.

Please accept, esteemed Mayor, my most respectful regards and wishes of success in this endeavor.

Yours sincerely,

Michaël DELAFOSSE

Mayor of Montpellier
President of Montpellier Méditerranée Métropole

BARCELONA WORLDPRIDE 2030

Madrid, 19 November 2025

To Whom It May Concern,

I am writing on behalf of Instituto de Turismo de España - Turespaña to express our strongest support for Barcelona's candidacy to host *World Pride 2030*. Barcelona is not only a city of extraordinary cultural vibrancy and openness, but also a historic beacon in the global advancement of LGBTQ+ rights and inclusion.

Spain has long been at the forefront of social and legal progress for the LGBTQ+ community. As one of the first countries in the world to legalize same-sex marriage in 2005, Spain has consistently upheld equality, dignity and freedom for all people, regardless of sexual orientation or gender identity. These achievements are not mere legislative milestones; they reflect a profound societal commitment to diversity, human rights, and social justice that continues to this day.

Barcelona, in particular, holds a special place in this journey. For decades, it has been home to a resilient and visible LGBTQ+ community, a pioneer in activism, cultural expression, and public advocacy. From the early grassroots movements in the 70s to the vibrant Pride celebrations that bring together people from every continent, Barcelona has become an international reference for inclusion, creativity, and respect. It is a city where rights are not only protected, but celebrated; where diversity is not only accepted, but embraced as a defining strength.

Barcelona will mark in 2030 an important milestone in the history of the LGBTQ+ movement in Spain with the celebration of the 50th anniversary of the legalization of the first social organization committed with the fight for LGBTQ+ rights.

At Turespaña, we firmly believe that Spain's global presence must reflect the values that define our society today: openness, equality and freedom. The progress made in LGBTQ+ rights represents one of Spain's most powerful narratives on the international stage. These advancements are, without question, one of the strongest forms of national branding we can share with the world — a testament to a modern, democratic, and socially committed country. We believe that this is also a responsibility, for Spain to be a platform in every possible form, for visibility of LGBTQ+ rights and the LGBTQ+ community.

Hosting *World Pride 2030* in Barcelona would not only honor the legacy of those who have fought for these freedoms, but would also project a message of hope and solidarity to the world and to future generations. We are sure that the commitment of Spain and Barcelona to *World Pride 2030* will ensure that it becomes the strongest possible platform for the advancement of LGBTQ+ rights around the world.

For all these reasons, Turespaña wholeheartedly endorses Barcelona's candidacy. We are confident that Barcelona will offer an unforgettable World Pride — one that embodies the spirit of progress, diversity and unity that the world needs today.

To Whom it May Concern,

The board and staff of IGLTA fully support Barcelona's bid to host WorldPride 2030.

Turisme de Barcelona (The Barcelona Tourist Board) is a consistent and strong IGLTA member, recognized globally for its leadership in creating an inclusive and welcoming environment for LGBTQ+ travelers. They fully appreciate the significance that WorldPride holds for our global community.

The city's world-class infrastructure and its proven ability to regularly manage global events of immense scale and complexity provide the required logistical expertise. Their progressive commitment ensures a safe space dedicated to amplifying our community's message of visibility and advocacy worldwide.

Barcelona's diverse identity guarantees a WorldPride 2030 that will build a strong legacy centered on connection, visibility, and mutual progress that lasts long after the event ends.

If you require any additional information, feel free to contact my executive assistant at kristin.gershengorn@iglta.org.

Yours in travel,

John Tanzella
IGLTA President/CEO

SUPPORT FOR WORLDPRIDE 2030 BID

18th April 2026

Dear Roger Presseguer and the WorldPride Barcelona 2030 Bid Team,
On behalf of our small, community-led Mardi Gras initiatives on Norfolk Island, we would like to warmly acknowledge Barcelona's bid to host WorldPride 2030.

We appreciate the thoughtful and inclusive vision you have shared, and your commitment to centering human rights, global LGBTQIA+ solidarity, and meaningful international connection.

As a small, community-led Pride on Norfolk Island, we are encouraged by your commitment to strengthening visibility, safety, and celebration for LGBTQIA+ communities worldwide.

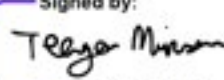

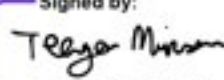

We are pleased to offer our goodwill support for Barcelona's WorldPride 2030 bid and wish you every success in your continued efforts to advance dignity, equality, and celebration for LGBTQIA+ people worldwide.

Warm Regards,

Teagan Murison

L'HORGULL, associació en defensa dels drets LGTBI+
Endorsement letter – Barcelona WorldPride 2030

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTQIA+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Furthermore, Barcelona is a truly welcoming city-one that embraces its role as the capital of Catalunya while also opening its doors to projects from other municipalities. A clear example is L'Hospitalet de Llobregat, where our organization is based, and which, along with other cities and towns across the territory, actively collaborates in shaping the WorldPride Barcelona 2030 project. This metropolitan and cooperative spirit strengthens the reach and significance of the bid, ensuring it reflects a diverse, open, and deeply committed country.

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation,

Endorsement letter – Barcelona WorldPride 2030

or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

We envision Barcelona WorldPride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.

With full support and pride,

BARCELONA WORLDPRIDE 2030

CARTA DE SUPORT

Benvolgut Comitè de WorldPride,

Des de l'Associació Ohana LGTBIQ+ Prades, ens adrecem a vosaltres amb una profunda il·lusió i un ferm compromís per expressar el nostre suport total a la candidatura de Barcelona per acollir el WorldPride l'any 2030.

Com a entitat arrelada al territori i compromesa amb la defensa dels drets, la visibilitat i la dignitat de les persones LGTBIQ+, creiem plenament que Barcelona representa els valors essencials que defineixen aquest esdeveniment global. La seva trajectòria històrica, la seva riquesa cultural i, sobretot, el seu compromís real amb la diversitat i la inclusió, la converteixen en una candidata excepcional.

Barcelona ha estat i continua sent un referent en la lluita pels drets del col·lectiu LGTBIQ+ a casa nostra. Des de la històrica manifestació de 1977 fins a les conquestes socials i legals que avui formen part de la nostra realitat, la ciutat ha estat motor de canvi, esperança i llibertat. Aquest llegat és clau per entendre el present i construir un futur més just i igualitari.

L'any 2030, a més, coincideix amb commemoracions significatives que reforcen encara més aquesta candidatura: els 25 anys del matrimoni igualitari i els 50 anys de la creació del Front d'Alliberament Gai de Catalunya (FAGC), fites que simbolitzen la força i la persistència del moviment.

Des de la nostra realitat com a associació d'un entorn rural com Prades, valorem especialment la importància de generar espais segurs, visibles i inclusius per a totes les persones, visquin on visquin. Barcelona, amb la seva àmplia xarxa d'entitats, projectes i iniciatives, és un exemple de com la comunitat pot créixer des de la diversitat, el suport mutu i la solidaritat.

Considerem que acollir el WorldPride 2030 a Barcelona no només seria una celebració, sinó també una oportunitat única per donar veu a realitats diverses, especialment a aquelles que sovint queden invisibilitzades, com les del món rural o de comunitats més petites. Seria un espai de trobada global on compartir lluites, experiències i esperances.

Imaginem un WorldPride obert, inclusiu i transformador, capaç de connectar territoris, generacions i identitats, i de reforçar el missatge que la diversitat és una riquesa que ens uneix.

Per tot això, des de l'Associació Ohana LGTBIQ+ Prades donem el nostre suport ferm i decidit a la candidatura de Barcelona per acollir el WorldPride 2030.

Amb orgull, compromís i esperança,

Associació Ohana LGTBIQ+ Prades

Isaac Sosa, president.

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

On behalf of Ohana LGTBIQ+ Prades Association, we are writing to you with great enthusiasm and a strong sense of commitment to express our full support for Barcelona's candidacy to host WorldPride in 2030.

As an organization rooted in our local territory and dedicated to defending the rights, visibility, and dignity of LGTBIQ+ people, we firmly believe that Barcelona embodies the essential values that define this global event. Its historical trajectory, cultural richness, and above all, its genuine commitment to diversity and inclusion make it an outstanding candidate.

Barcelona has long been, and continues to be, a key reference in the fight for LGTBIQ+ rights in our country. From the historic 1977 demonstration to the social and legal achievements that shape our present, the city has been a driving force for change, hope, and freedom. This legacy is essential to understanding our present and building a more just and equal future.

The year 2030 will also mark significant milestones that further strengthen this candidacy: the 25th anniversary of marriage equality and the 50th anniversary of the founding of the Front d'Alliberament Gai de Catalunya (FAGC), milestones that symbolize the strength and perseverance of the movement.

From our perspective as an association based in a rural environment like Prades, we especially value the importance of creating safe, visible, and inclusive spaces for all people, regardless of where they live. Barcelona, with its extensive network of organizations, projects, and initiatives, stands as a powerful example of how community can grow through diversity, mutual support, and solidarity.

We believe that hosting WorldPride 2030 in Barcelona would be much more than a celebration; it would be a unique opportunity to amplify diverse realities, especially those that are often overlooked, such as rural communities or smaller territories. It would become a global meeting point to share struggles, experiences, and hopes.

We envision a WorldPride that is open, inclusive, and transformative, capable of connecting territories, generations, and identities, while reinforcing the message that diversity is a strength that unites us.

For all these reasons, Ohana LGTBIQ+ Prades Association proudly and firmly endorses Barcelona's bid to host WorldPride 2030.

With pride, commitment, and hope,

Ohana LGTBIQ+ Prades Association

November, 2025

Dear WorldPride Committee,

As Vice President of Sitges Pride, I am honoured to express our full support for Barcelona's bid to host WorldPride 2030.

Sitges Pride exists today thanks to the path opened by Barcelona. Our first edition took place one year after Pride Barcelona began, and our team marched in their very first parade. That moment shaped our own journey. It showed us how a Pride celebration can bring together joy, protest, visibility, and cultural impact in a single shared experience. This spirit has guided Sitges ever since.

Barcelona has long shown how an inclusive Pride can thrive. The city's history, its community networks, and its long-standing role in advancing LGBTQIA+ rights make it a natural home for a global gathering of this scale. Few places combine celebration, activism, community work, and international reach with such consistency.

Sitges sees Barcelona as the right location for WorldPride 2030. The city continues to inspire others across the country, including our own event, and stands as a reference point for equality, creativity and progress. Its Pride model places people first, amplifying the voices of those who still face barriers, and creating space for expression, safety and connection.

Sitges welcomes visitors from every part of the world each Summer, and we are proud of our reputation as the LGBTQ+ capital of Europe during the season. We look forward to joining Barcelona in 2030 by offering our town as a friendly home for visitors who travel to the region for WorldPride. Our community is ready to support, contribute and celebrate alongside our neighbours.

For these reasons, Sitges Pride gives its full endorsement to Barcelona's candidature for WorldPride 2030. We remain committed to standing with Barcelona and with the wider community in this historic moment.

With full support,

Keith O'Reilly
Vice President, Sitges Pride

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. As an organization, we will actively support this bid for reasons that are both obvious and absolutely necessary: Barcelona continues to stand as a space of resistance and vindication — not only within the Spanish state, but also across Europe and the world.

We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTQIA+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the *Front d'Alliberament Gai de Catalunya (FAGC)*.

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and member of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

Moreover, the Pride Barcelona project itself recognizes and integrates all the organizations that make up the associative and activist fabric of our country from the perspective of LGTBI activism. This inclusiveness gives us even more reasons to believe that Pride Barcelona can and should become a worldwide reference and the rightful host for this historic celebration.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational — it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who

face persecution and threats for just being who they are and for fighting for their rights — as well as those from historically underrepresented communities.

We envision Barcelona WorldPride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse and will actively support Barcelona's bid to host WorldPride 2030, looking forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear members of the WorldPride Committee,

On behalf of Atlantic Pride (A Coruña), it is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. As a non-profit, community-driven festival dedicated to visibility, equality, and cultural impact, we know firsthand what it takes to build safe, joyful spaces for everyone. Barcelona stands uniquely qualified to host this iconic global event—not only for its vibrant international culture and reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the LGBTQIA+ rights movement in Spain and across Europe. In 1977, the city saw Spain's first LGBTQIA+ demonstration—an act of courage and resistance that helped launch a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid foundations for decades of progress and continues to inspire new generations of activists and allies.

The year 2030 also brings powerful milestones in Spain's equality journey: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC). These anniversaries resonate far beyond Catalonia; they are markers of collective resilience that make Barcelona a profoundly meaningful host city for WorldPride.

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society ecosystems in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city—providing health and legal assistance, cultural and sports programming, trans and youth support, and initiatives for migrants, refugees, and people living with HIV. This living social fabric is a testament to shared strength, solidarity, and care.

Crucially, the city's institutions, civil society, and residents share a genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This vision is not merely aspirational; it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be more than a celebration. It would be both a safe space and a powerful platform to amplify voices from around the world—especially those who face persecution for who they are, and those from historically underrepresented communities. We envision Barcelona WorldPride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, Atlantic Pride fully endorses Barcelona's bid to host WorldPride 2030. We stand ready to collaborate, share learnings from our own LGTBI+ cultural festival, and help welcome the world to a city where diversity is not only respected, but deeply embraced and celebrated.

With our warmest solidarity,

Luis Pazos

That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

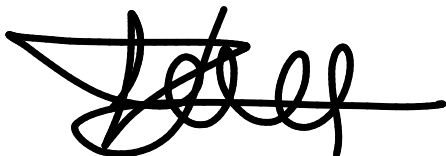

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

We envision Barcelona Worldpride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.

With full support and pride,

Pablo Trapero Salguero

BARCELONA WORLDPRIDE 2030 ENDORSEMENT LETTER

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTQIA+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

We envision Barcelona WorldPride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

Carta de apoyo del Orgullo Chestano

a la candidatura del Pride Barcelona como Sede del Pride Europeo+

Valencia, a 10 de abril de 2026.

A la atención del comité organizador del Pride Barcelona:

Desde la Asociación **Orgullo Chestano** (Cheste, Valencia), queremos expresar nuestro firme y entusiasta apoyo a vuestra candidatura para convertir a **Barcelona en la próxima Sede del Pride Europeo**.

Barcelona ha demostrado, año tras año, un compromiso real con los derechos LGTBIQ+, con la visibilidad, la diversidad y la defensa de nuestras identidades. Su Pride es un espacio donde la reivindicación convive con la celebración, donde las personas encuentran comunidad, seguridad y un altavoz que amplifica nuestras luchas. Para quienes trabajamos desde municipios más pequeños, vuestra labor es también una referencia y un impulso.

Creemos sinceramente que Barcelona reúne la fuerza social, la trayectoria y la sensibilidad necesarias para acoger un evento europeo de esta magnitud. Sería un doble orgullo ver cómo una ciudad tan viva y plural se convierte en epicentro de nuestras voces y nuestras conquistas.

Desde Cheste, os enviamos todo nuestro apoyo, cariño y admiración.

Que esta candidatura avance con la misma energía transformadora que caracteriza vuestro trabajo.

Con cariño y compromiso

Orgullo Chestano

A la atención del Comité de Selección de InterPride
Organizadores de WorldPride

Estimados y estimadas miembros del Comité,

Desde Winter Pride en Maspalomas, Gran Canaria, uno de los principales eventos del Orgullo LGTBQ+ en Europa, nos dirigimos a ustedes con el firme propósito de expresar nuestro más entusiasta apoyo a la candidatura de Pride Barcelona para acoger WorldPride 2030.

Durante más de una década, Winter Pride ha trabajado intensamente para promover la visibilidad, la inclusión y los derechos de las personas lesbianas, gais, bisexuales, trans, intersexuales y queer, tanto a nivel local como internacional. Consideramos que eventos como WorldPride son fundamentales no solo para celebrar la diversidad, sino también para fortalecer alianzas, intercambiar experiencias culturales y articular un mensaje global de igualdad y justicia.

La candidatura de Barcelona cuenta con una visión sólida y bien articulada para posicionar la ciudad como un referente mundial en derechos LGTBQ+, apoyada por el tejido asociativo, las instituciones públicas y una sociedad civil vibrante.

Además, la iniciativa liderada por Pride Barcelona cuenta con respaldo político e institucional amplio, incluyendo el Ayuntamiento de Barcelona, la Generalitat de Catalunya y el Gobierno de España, lo que demuestra la fuerza y el alcance de este proyecto para generar impacto social, cultural y humano más allá de las fronteras de España.

Desde nuestra experiencia organizativa, hemos observado que la celebración de grandes eventos LGTBQ+ no solo fortalece el orgullo y la autoestima de las personas de nuestra comunidad, sino que también fomenta el diálogo intercultural, el turismo inclusivo y el avance de políticas públicas orientadas a la igualdad. Creemos que Barcelona tiene el carácter, la trayectoria y la infraestructura humana y social necesarios para ser anfitriona de WorldPride 2030, transformando esta cita en un hito global para los derechos humanos.

Por ello, desde Winter Pride, apoyamos con total convicción la candidatura de Pride Barcelona y recomendamos al Comité de InterPride que considere esta postulación con el mismo entusiasmo con el que nosotros abrazamos la diversidad, la visibilidad y la justicia social.

Quedamos a su disposición para cualquier información adicional o colaboración que consideren pertinente.

Con todo nuestro respeto y solidaridad,

BARCELONA WORLDPRIDE 2030 ENDORSEMENT LETTER

Dear WorldPride Committee,

The Colombian Diversity Chamber is pleased to express our full support for Barcelona's candidacy to **host WorldPride 2030**. We believe that Barcelona stands qualified to host proudly this iconic global event.

Barcelona is a city with a long-standing and meaningful commitment to diversity, inclusion, and LGBTQIA+ rights. From hosting Spain's first LGBTQIA+ demonstration in 1977 to nurturing one of the most active and diverse LGBTQIA+ civil society communities in Europe, the city has consistently stood at the forefront of the global movement for equality.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona continues to serve as a vibrant, safe, and welcoming space for LGBTQIA+ individuals and organizations. Its network of grassroots groups, community initiatives, and supportive public institutions work tirelessly to promote visibility, protection, and human rights.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

We believe that Barcelona WorldPride 2030 would be far more than a celebration. It would be a global platform to amplify diverse voices, especially from communities facing persecution or discrimination, and a space to strengthen international collaboration for LGBTQIA+ rights.

For these reasons, we are proud to endorse Barcelona's bid and look forward to the possibility of seeing the world come together in a city that embraces equality.

With full support,

On behalf of The Colombian Diversity Chamber – Cámara de la Diversidad

FELIPE CARDENAS GONZALEZ
President & CEO

BARCELONA WORLDPRIDE 2030 ENDORSEMENT LETTER

Dear WorldPride Committee,

I am writing to you as President of [EPBN \(European Pride Business Network\)](#), the politically independent European umbrella organisation for LGBTQIA+ professionals and managers, dedicated to the inclusion of LGBTQIA+ persons in the workplace, founded in 2022, that now gathers 27 organisations from 25 EU Member States.

Our organisations share values and actions to promote participation of LGBTQIA+ people in economic and social life, with a focus on business and workplaces, counteracting disadvantage and discrimination against LGBTQIA+ persons in the professional and business sphere and promoting cross-border and inter-professional visibility and career exchanges for our members.

Our mission is to demonstrate that recognizing the social and economic rights of LGBTQIA+ people is essential for Europe, not only to defend fundamental rights but also to preserve democracy and, above all, to embrace a solid, long-lasting, and sustainable model of economic development and growth.

For all these reasons We are pleased to express our support for Barcelona's candidacy to host WorldPride 2030.

We believe that Barcelona stands qualified to host proudly this iconic global event. Barcelona is a city with a long-standing and meaningful commitment to diversity, inclusion, and LGBTQIA+ rights. From hosting Spain's first LGBTQIA+ demonstration in 1977 to nurturing one of the most active and diverse LGBTQIA+ civil society communities in Europe, the city has consistently stood at the forefront of the global movement for equality.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona continues to serve as a vibrant, safe, and welcoming space for LGBTQIA+ individuals and organizations. Its network of grassroots groups, community initiatives, and supportive public institutions work tirelessly to promote visibility, protection, and human rights.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

We believe that Barcelona WorldPride 2030 would be far more than a celebration. It would be a global platform to amplify diverse voices, especially from communities facing discrimination, and a space to strengthen international collaboration for LGBTQIA+ rights.

For these reasons, we are proud to endorse Barcelona's bid and look forward to the possibility of seeing the world come together in a city that embraces equality. At the same time, we will be happy to evaluate with you further opportunities for meeting or exchange and collaboration along the path.

Our contact person with your staff will be Ms Lucia Urciuoli (lucia@epbn.eu +39.339.2364427, Vice President, appointed by the EPBN Board to follow the Institutional Relations) to arrange the agenda and all needed formalities.

Looking forward to hearing from you

Matthias Weber

EPBN President

Brussels, 2 June 2026

Letter of Support for Pride Barcelona's Bid for WorldPride 2030

To whom it may concern,

On behalf of the European Pride Organisers Association (EPOA), I am pleased to express our full support for Pride Barcelona's bid to host WorldPride 2030.

Pride Barcelona has long been a leading force within the European Pride movement. Through its consistent commitment to visibility, inclusion, community engagement, and human rights advocacy, the organisation has demonstrated both vision and the capacity required to deliver an event of the scale and significance of WorldPride.

EPOA has had the privilege of working closely with Pride Barcelona over many years and has witnessed first-hand the professionalism, dedication, and competence of its team. We are confident that Pride Barcelona possesses the experience, infrastructure, partnerships, and community support necessary to organise a successful, impactful, and truly global WorldPride that would celebrate diversity while advancing the rights and visibility of LGBTIQ+ people worldwide.

We would also like to reaffirm the longstanding understanding between EPOA and InterPride that, should WorldPride be awarded to an organisation in Europe, the hosting of EuroPride and WorldPride will continue to take place jointly. EPOA remains committed to this arrangement and looks forward to continued cooperation with InterPride in ensuring the success of both events.

We wish Pride Barcelona every success in its bid and wholeheartedly recommend its candidacy for WorldPride 2030.

Yours sincerely,

Patrick Orth
President

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

We are pleased to express our support for Barcelona's candidacy to host WorldPride 2030.

We believe that Barcelona stands qualified to host proudly this iconic global event.

Barcelona is a city with a long-standing and meaningful commitment to diversity, inclusion, and LGBTQIA+ rights. From hosting Spain's first LGBTQIA+ demonstration in 1977 to nurturing one of the most active and diverse LGBTQIA+ civil society communities in Europe, the city has consistently stood at the forefront of the global movement for equality.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona continues to serve as a vibrant, safe, and welcoming space for LGBTQIA+ individuals and organizations. Its network of grassroots groups, community initiatives, and supportive public institutions work tirelessly to promote visibility, protection, and human rights.

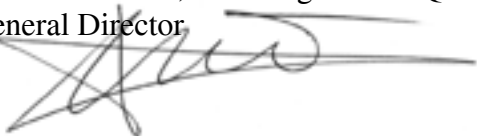

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

We believe that Barcelona WorldPride 2030 would be far more than a celebration. It would be a global platform to amplify diverse voices, especially from communities facing persecution or discrimination, and a space to strengthen international collaboration for LGBTQIA+ rights.

For these reasons, we are proud to endorse Barcelona's bid and look forward to the possibility of seeing the world come together in a city that embraces equality.

With full support,

Dimitri Lemaire, Le Refuge LGBTQIA+
General Director

Pacôme Rupin, Fondation Le Refuge

Managing Director,

BARCELONA WORLDPRIDE 2030

BARCELONA WORLDPRIDE 2030

Letter of support by the LGBTI Stakeholder Group

Dear WorldPride Committee,

We write to share our support for the ambition and principles reflected in Barcelona's candidature to host WorldPride 2030. We look forward to participating in the discussions and exploring opportunities to contribute in a constructive way.

Our engagement is grounded in a human rights-based commitment to dignity, equality and non-discrimination for all people, in all our diversity. In that spirit, we recognise that the WorldPride 2030 selection process may include multiple strong candidate cities. We welcome and encourage all candidatures that demonstrably advance inclusion, safety and meaningful participation for LGBTI people, particularly those facing intersecting forms of discrimination and exclusion.

We acknowledge Barcelona's historical and ongoing contributions to advancing LGBTI rights, including its role in movements for visibility, equality and dignity, as well as the strength of its civil society ecosystem. We recognise the importance of such local contexts in shaping inclusive approaches across health, legal support, cultural life and social inclusion.

At the same time, we emphasise that any WorldPride host city carries a shared opportunity and responsibility to ensure that WorldPride is not only a celebration, but also a platform that protects and amplifies voices too often marginalised, including trans and non-binary people, intersex people, migrants and refugees, people living with HIV, people with disabilities and others experiencing discrimination on multiple grounds.

We would welcome continued dialogue on how WorldPride 2030, regardless of the host city, can align with the 2030 Agenda for Sustainable Development, including through concrete commitments on accessibility, safeguarding, civic space, and participation of underrepresented communities, so that "pride" is matched by measurable progress and accountability.

We note that our participation in this engagement does not constitute endorsement of any specific WorldPride bid, and we remain committed to maintaining neutrality with respect to all candidatures.

Please also note that any public reference to this letter (including use of our name and/or logo) should be made only with our prior consent.

With respect,

Tania Sanchis on behalf of the LGBTI Stakeholder Group.

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Rocha, Departamento de Rocha, Uruguay

22nd January 2025

Dear WorldPride Committee,

To whom it may concern,

Through this letter, we wish to express our firm and enthusiastic support for Barcelona's candidacy to host WorldPride 2030, an international event that represents far more than a celebration: it is a space for visibility, advocacy, diversity, human rights, and pride.

Barcelona has consistently demonstrated a strong and enduring commitment to the values of inclusion, equality, and respect for sexual and gender diversity. The city is an international reference in the defense of LGBTIQ+ rights, the promotion of inclusive public policies, and the creation of safe spaces where all people can live and express themselves freely.

In addition to its well-established social and cultural track record, Barcelona has the infrastructure, organizational experience, and international standing required to host an event of the scale of WorldPride. Its proven ability to organize major global events, combined with its service network, connectivity, and diverse and engaged civil society, ensures a successful, inclusive celebration with a positive impact at both local and global levels.

Hosting WorldPride 2030 in Barcelona would be a historic opportunity to strengthen messages of equality and dignity, especially in an international context where LGBTIQ+ rights continue to face significant challenges. Celebrating WorldPride in Barcelona would send a clear message of hope, resilience, and commitment to a more just and diverse future.

For all these reasons, we express our full support for Barcelona's candidacy as host city of WorldPride 2030 and trust that the city will once again rise to the occasion and embody the values this event represents.

Sincerely,

With full support,

BARCELONA WORLDPRIDE 2030 ENDORSEMENT LETTER

Seville, 27 de enero de 2026

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTQIA+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community.

From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It

would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

We envision Barcelona Worldpride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.

Dear WorldPride Committee,

It is with profound conviction and enthusiasm that we, **ACATHI – Associació Catalana per a la Integració de Persones LGTBIQ+ Migrades i Refugiades**, express our full support for Barcelona's candidacy to host WorldPride 2030.

Our organisation works with people every day who have been forced to flee their homes due to persecution, violence, discrimination and systemic exclusion based on their sexual orientation, gender identity, gender expression and sex characteristics. To us, Barcelona is more than just a city with a vibrant culture and international influence — it is a place where thousands of LGTBIQ+ people from around the world can find safety and dignity and rebuild their lives. This spirit puts Barcelona in a unique position to host WorldPride in a manner that is both proudly celebratory and deeply transformative.

Barcelona occupies a historic and symbolic place in the struggle for LGTBIQ+ rights in Spain and Europe. The first LGBTQIA+ demonstration in Spain took place here in 1977, at a time when visibility meant courage, risk and collective defiance against repression. This act of resistance paved the way for subsequent progress and remains an inspiration for those who continue to fight for equality and human rights.

The year 2030 will mark several significant milestones:

- 25 years of marriage equality in Spain,
- 50 years since the first legalised LGBTQIA+ organisation in the country, the Front d'Alliberament Gai de Catalunya (FAGC).

These anniversaries highlight Barcelona's long-standing commitment to advancing rights and freedoms.

Today, Barcelona is home to one of the most diverse and active networks of LGTBIQ+ civil society organisations in the world. These organisations, including ACATHI, work tirelessly to provide support, services, advocacy, community spaces and pathways to safety for all members of our community, including trans and non-binary people, young people, older people, migrants, refugees and people living with HIV. This interconnected network of solidarity is one of the things that makes Barcelona an exceptional candidate for WorldPride.

For ACATHI, hosting WorldPride in Barcelona would mean much more than just an international celebration. It would provide an opportunity to shine a spotlight on global issues that are often marginalised, particularly the experiences of individuals facing criminalisation, displacement, and life-threatening discrimination. Barcelona's hosting of WorldPride 2030 could provide a global platform to amplify these voices, reaffirm the universality of rights, and demonstrate that cities can lead with compassion, justice, and inclusion.

We envisage a Barcelona WorldPride 2030 rooted in dignity, joy and intersectionality — an event open to all, where visibility and celebration coexist with global awareness, human rights advocacy and a commitment to the most vulnerable.

For all these reasons, we wholeheartedly endorse Barcelona's bid to host WorldPride 2030 and would be proud to welcome the world to a city that not only respects diversity, but actively protects and celebrates it.

With full support and pride,

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTQIA+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

We envision Barcelona Worldpride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.

With full support and pride,

Asoc. De Familias Contra la Intolerancia X Género (AMPGYL)

An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

We envision Barcelona WorldPride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTQIA+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Barcelona, December 1st, 2025

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. We firmly believe that Barcelona is uniquely qualified to host this iconic global event, not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. In 1977, the city was the site of the very first LGBTQIA+ demonstration in Spain, an act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies.

In 2030, Barcelona will commemorate two key milestones in LGBTQIA+ history: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, advocacy, visibility, and spaces of belonging for every member of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees, and people living with HIV, Barcelona's social fabric is a living testament to collective strength, resilience, and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world,

[BACK TO INDEX](#)

especially those who face persecution and threats for simply being who they are and fighting for their rights, as well as those from historically underrepresented communities.

We envision Barcelona WorldPride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected but deeply embraced and celebrated.

BARCELONA WORLDPRIDE 2030

Carta de suport

Benvolgut Comitè del WorldPride,

És amb gran entusiasme i un compromís ferm que expressem el nostre total suport a la candidatura de Barcelona per acollir el **WorldPride 2030**. Estem convençudes que Barcelona reuneix unes qualitats úniques per acollir amb orgull aquest esdeveniment global tan emblemàtic. No només per la seva cultura vibrant i projecció internacional, sinó sobretot pel seu profund compromís amb la **diversitat, la inclusió i la comunitat LGBTQIA+**.

Barcelona ocupa un lloc destacat en la història del moviment pels drets LGBTQIA+ a l'Estat espanyol i a tot Europa. Va ser aquí, l'any 1977, on va tenir lloc la **primera manifestació LGBTQIA+** a l'Estat espanyol —un acte de valentia i resistència que va marcar l'inici d'un moviment estatal per la **visibilitat, la igualtat i la dignitat**. Aquella marxa, celebrada sota l'amenaça de la repressió, va establir les bases de dècades de progressos i continua inspirant, encara avui, noves generacions d'activistes i aliades.

L'any 2030 també marcarà fites clau en la història LGBTQIA+ de Barcelona: **25 anys de la legalització del matrimoni entre persones del mateix sexe i 50 anys de la primera organització social LGBTQIA+ legalitzada a l'Estat espanyol**, el *Front d'Alliberament Gai de Catalunya (FAGC)*.

Actualment, Barcelona acull una de les xarxes de **societat civil LGBTQIA+ més actives i diverses del món**. Dotzenes d'entitats i iniciatives de base treballen incansablement arreu de la ciutat per oferir serveis essencials, suport, incidència, visibilitat i espais de pertinença per a totes les persones de la comunitat. Des de l'assistència sanitària i legal fins a la programació cultural i esportiva; des del suport a la joventut i a les persones trans fins a iniciatives per a migrants, persones refugiades i persones que viuen amb VIH: el teixit social de Barcelona és un **testimoni viu i poderós de la força col·lectiva, la resiliència i la solidaritat**.

Les institucions, la societat civil i la ciutadania de Barcelona comparteixen un profund compromís amb la construcció d'un món on tothom pugui viure **lliurement i amb seguretat**, independentment de la seva identitat de gènere, orientació sexual o origen. Aquesta visió compartida no és només aspiracional, sinó que està integrada en les polítiques públiques, l'educació, la vida urbana i els valors comunitaris.

Acollir el **WorldPride 2030 a Barcelona** seria molt més que una celebració. Seria **un espai segur i una plataforma poderosa** per amplificar veus d'arreu del món —especialment aquelles que encara pateixen persecució o amenaces per ser qui són i per defensar els seus drets, així com les de comunitats històricament infrarepresentades.

Imaginem el **Barcelona WorldPride 2030** com una trobada veritablement **inclusiva i oberta a tothom**: un punt de trobada global arrelat en l'orgull i el propòsit, en l'alegria i la justícia, i obert al món en tota la seva diversitat.

Per tots aquests motius, **donem el nostre suport total** a la candidatura de Barcelona per acollir el WorldPride 2030 i esperem amb il·lusió donar la benvinguda al món en una ciutat on la diversitat no només és respectada, sinó **profundament estimada i celebrada**.

Amb tot el nostre suport i orgull,
Associació Inclusium, creant espais segurs per a les persones trans

BARCELONA WORLDPRIDE 2030

Carta de apoyo

Estimado Comité del WorldPride,

Es con gran entusiasmo y un firme compromiso que expresamos nuestro total apoyo a la candidatura de Barcelona para acoger el **WorldPride 2030**. Creemos firmemente que Barcelona posee unas cualidades únicas para ser la anfitriona de este evento global tan emblemático. No solo por su vibrante cultura y proyección internacional, sino, sobre todo, por su profundo compromiso con la **diversidad, la inclusión y la comunidad LGBTQIA+**.

Barcelona ocupa un lugar destacado en la historia del movimiento por los derechos LGBTQIA+ en España y en toda Europa. Fue aquí, en 1977, donde tuvo lugar la **primera manifestación LGBTQIA+** en España —un acto de valentía y resistencia que marcó el inicio de un movimiento nacional por la **visibilidad, la igualdad y la dignidad**. Aquella marcha, celebrada bajo la amenaza de la represión, sentó las bases de décadas de avances y continúa inspirando hoy a nuevas generaciones de activistas y aliades.

El año 2030 también marcará hitos importantes en la historia LGBTQIA+ de Barcelona: **25 años desde la legalización del matrimonio igualitario y 50 años desde la primera organización social LGBTQIA+ legalizada en España**, el *Front d'Alliberament Gai de Catalunya (FAGC)*.

Hoy en día, Barcelona alberga una de las **redes de sociedad civil LGBTQIA+ más activas y diversas del mundo**. Decenas de entidades e iniciativas de base trabajan incansablemente en toda la ciudad para ofrecer servicios esenciales, apoyo, incidencia, visibilidad y espacios de pertenencia para todas las personas de la comunidad. Desde la asistencia sanitaria y legal hasta la programación cultural y deportiva; desde el apoyo a jóvenes y personas trans hasta las iniciativas para migrantes, personas refugiadas y personas que viven con VIH: el tejido social de Barcelona es un **testimonio vivo y poderoso de fuerza colectiva, resiliencia y solidaridad**.

Las instituciones, la sociedad civil y la ciudadanía de Barcelona comparten un compromiso profundo y genuino con la construcción de un mundo donde todas las personas puedan vivir **libre y seguras**, sin importar su identidad de género, orientación sexual u origen. Esta visión compartida no es solo aspiracional, sino que está integrada en las políticas públicas, la educación, la vida urbana y los valores comunitarios.

Alojar el **WorldPride 2030 en Barcelona** sería mucho más que una celebración. Sería **un espacio seguro y una plataforma poderosa** para amplificar las voces de todo el mundo —especialmente aquellas que aún sufren persecución o amenazas por ser quienes son y por defender sus derechos, así como las de comunidades históricamente infrarrepresentadas.

Imaginamos el **Barcelona WorldPride 2030** como un encuentro verdaderamente **inclusivo y abierto a todas las personas**: un punto de encuentro global basado en el orgullo y el propósito, en la alegría y la justicia, y abierto al mundo en toda su diversidad.

Por todos estos motivos, **expresamos nuestro total apoyo** a la candidatura de Barcelona para acoger el WorldPride 2030 y esperamos con ilusión dar la bienvenida al mundo en una ciudad donde la diversidad no solo se respeta, sino que se **abrazo y celebra profundamente**.

Con todo nuestro apoyo y orgullo,
Associació Inclusium, creant espais segurs per a les persones trans

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTQIA+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

We envision Barcelona Worldpride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.

With full support and pride,

BARCELONA WORLD PRIDE 2030

Carta de suport

Benvolgut Comitè del WorldPride,

És amb gran entusiasme i un compromís ferm que expressem el nostre total suport a la candidatura de Barcelona per acollir el **World Pride 2030**. Estem convençudes que Barcelona reuneix unes qualitats úniques per acollir amb orgull aquest esdeveniment global tan emblemàtic. No només per la seva cultura vibrant i projecció internacional, sinó sobretot pel seu profund compromís amb la **diversitat, la inclusió i la comunitat LGBTQIA+**.

Barcelona ocupa un lloc destacat en la història del moviment pels drets LGBTQIA+ a l'Estat espanyol i a tot Europa. Va a ser aquí, l'any 1977, on va tenir lloc la **primera manifestació LGBTQIA+** a l'Estat espanyol —un acte de valentia i resistència que va marcar l'inici d'un moviment estatal per la **visibilitat, la igualtat i la dignitat**. Aquella marxa, celebrada sota l'amenaça de la repressió, va establir les bases de dècades de progressos i continua inspirant, encara avui, noves generacions d'activistes i aliades.

L'any 2030 també marcarà fites clau en la història LGBTQIA+ de Barcelona: **25 anys de la legalització del matrimoni entre persones del mateix sexe i 50 anys de la primera organització social LGBTQIA+ legalitzada a l'Estat espanyol**, el *Front d'Alliberament Gai de Catalunya (FAGC)*.

Actualment, Barcelona acull una de les xarxes de **societat civil LGBTQIA+ més actives i diverses del món**. Dotzenes d'entitats i iniciatives de base treballen incansablement arreu de la ciutat per oferir serveis essencials, suport, incidència, visibilitat i espais de pertinença per a totes les persones de la comunitat. Des de l'assistència sanitària i legal fins a la programació cultural i esportiva; des del suport a la joventut i a les persones trans fins a iniciatives per a migrants, persones refugiades i persones que viuen amb VIH: el teixit social de Barcelona és un **testimoni viu i poderós de la força col·lectiva, la resiliència i la solidaritat**.

Les institucions, la societat civil i la ciutadania de Barcelona comparteixen un profund compromís amb la construcció d'un món on tothom pugui viure **lliurement i amb seguretat**, independentment de la seva identitat de gènere, orientació sexual o origen. Aquesta visió compartida no és només aspiracional, sinó que està integrada en les polítiques públiques, l'educació, la vida urbana i els valors comunitaris.

Acollir el **World Pride 2030 a Barcelona** seria molt més que una celebració. Seria **un espai segur i una plataforma poderosa** per amplificar veus d'arreu del món —especialment aquelles que encara pateixen persecució o amenaces per ser qui són i per defensar els seus drets, així com les de comunitats històricament infrarepresentades.

Imaginem el **Barcelona WorldPride 2030** com una trobada veritablement **inclusiva i oberta a tothom**: un punt de trobada global arrelat en l'orgull i el propòsit, en l'alegria i la justícia, i obert al món en tota la seva diversitat.

Per tots aquests motius, **donem el nostre suport total** a la candidatura de Barcelona per acollir el World Pride 2030 i esperem amb il·lusió donar la benvinguda al món en una ciutat on la diversitat no només és respectada, sinó **profundament estimada i celebrada**.

Amb tot el nostre suport i orgull,

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our support for Barcelona's candidacy to host WorldPride in 2030. We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTQIA+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, we try to integrate it into public policies, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

We envision Barcelona Worldpride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

Barcelona + Sevilla

From our base at Sitges, Catalonia, and as an established social volunteers' entity that has actively advocated for equity in diversity, **Associació SVS (Sitges Voluntaris Socials) – Acció en Blau** wishes to express its unwavering commitment and full support for Barcelona's candidacy to host World Pride in 2030.

In my capacity as Secretary of SVS – Acció en Blau and Coordinator of Catalonia's Observatory of Equal Rights and Opportunities, I hereby certify that said support has been approved in an extraordinary board meeting of our Association, wherein we have evaluated Barcelona's candidacy and its track record in the organisation of this prestigious LGBTIQ+ event since 1977 as the first Pride celebration in Spain, even prior to the approval of our country's Constitution in 1978.

As pacesetters of citizens' rights in diversity of our gender identity, the actual Barcelona organiser that sprouted from that first Barcelona Pride, **Cambra LGTBIQ+ de Catalunya**, has marked the route that others have followed with a number of relevant internationally recognised LGBTIQ+ celebrations such as Sitges Pride in which our Barcelona colleagues have been our beacon.

We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTQIA+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting World Pride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

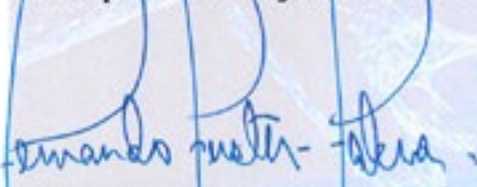

We envision Barcelona World Pride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse Barcelona's bid to host World Pride 2030 and look forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.

With full support and pride, we endorse Barcelona's candidacy without hesitation as the best social inclusion LGBTIQ+ celebrations proposal, so necessary to guarantee interseccional diversity the world over. Far beyond the economic factor of World Pride celebrations, the World Pride Committee must be capable to put people in the centre of all, with advocacy of each person's fundamental rights as the main goal of each Pride celebration in the world.

We hope to meet you in Barcelona for the 2030 World Pride !!!!

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTQIA+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This

shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. BARCELONA WORLDPRIDE 2030

Carta de suport

Benvolgut Comitè del WorldPride,

És amb gran entusiasme i un compromís ferm que expressem el nostre total suport a la candidatura de Barcelona per acollir el WorldPride 2030. Estem convençudes que Barcelona reuneix unes qualitats úniques per acollir amb orgull aquest esdeveniment global tan emblemàtic. No només per la seva cultura vibrant i projecció internacional, sinó sobretot pel seu profund compromís amb la diversitat, la inclusió i la comunitat LGBTQIA+.

Barcelona ocupa un lloc destacat en la història del moviment pels drets LGBTQIA+ a l'Estat espanyol i a tot Europa. Va ser aquí, l'any 1977, on va tenir lloc la primera manifestació LGBTQIA+ a l'Estat espanyol —un acte de valentia i resistència que va marcar l'inici d'un moviment estatal per la visibilitat, la igualtat i la dignitat. Aquella marxa, celebrada sota l'amenaça de la repressió, va establir les bases de dècades de progressos i continua inspirant, encara avui, noves generacions d'activistes i aliades.

L'any 2030 també marcarà fites clau en la història LGBTQIA+ de Barcelona: 25 anys de la legalització del matrimoni entre persones del mateix sexe i 50 anys de la primera organització social LGBTQIA+ legalitzada a l'Estat espanyol, el *Front d'Alliberament Gai de Catalunya (FAGC)*.

Actualment, Barcelona acull una de les xarxes de societat civil LGBTQIA+ més actives i diverses del món. Dotzenes d'entitats i iniciatives de base treballen incansablement arreu de la ciutat per oferir serveis essencials, suport, incidència, visibilitat i espais de pertinença per a totes les persones de la comunitat. Des de l'assistència sanitària i legal fins a la programació cultural i esportiva; des del suport a la joventut i a les persones trans fins a iniciatives per a migrants, persones refugiades i persones que viuen amb VIH: el teixit social de Barcelona és un testimoni viu i poderós de la força col·lectiva, la resiliència i la solidaritat.

Les institucions, la societat civil i la ciutadania de Barcelona comparteixen un profund compromís amb la construcció d'un món on tothom pugui viure lliurement i amb seguretat, independentment de la seva identitat de gènere, orientació sexual o origen. Aquesta visió compartida no és només aspiracional, sinó que està integrada en les polítiques públiques, l'educació, la vida urbana i els valors comunitaris.

Acollir el WorldPride 2030 a Barcelona seria molt més que una celebració. Seria un espai segur i una plataforma poderosa per amplificar veus d'arreu del món —especialment aquelles que encara pateixen persecució o amenaces per ser qui són i per defensar els seus drets, així com les de comunitats històricament infrarepresentades.

Imaginem el Barcelona WorldPride 2030 com una trobada veritablement inclusiva i oberta a tothom: un punt de trobada global arrelat en l'orgull i el propòsit, en l'alegria i la justícia, i obert al món en tota la seva diversitat.

Per tots aquests motius, donem el nostre suport total a la candidatura de Barcelona per acollir el WorldPride 2030 i esperem amb il·lusió donar la benvinguda al món en una ciutat on la diversitat no només és respectada, sinó profundament estimada i celebrada.

Amb tot el nostre suport i orgull,

Gemm276 S.L.

BARCELONA WORLDPRIDE 2030

Carta de apoyo

Estimado Comité del WorldPride,

Es con gran entusiasmo y un firme compromiso que expresamos nuestro total apoyo a la candidatura de Barcelona para acoger el WorldPride 2030. Creemos firmemente que Barcelona posee unas cualidades únicas para ser la anfitriona de este evento global tan emblemático. No solo por su vibrante cultura y proyección internacional, sino, sobre todo, por su profundo compromiso con la diversidad, la inclusión y la comunidad LGBTQIA+.

Barcelona ocupa un lugar destacado en la historia del movimiento por los derechos LGBTQIA+ en España y en toda Europa. Fue aquí, en 1977, donde tuvo lugar la primera manifestación LGBTQIA+ en España —un acto de valentía y resistencia que marcó el inicio de un movimiento nacional por la visibilidad, la igualdad y la dignidad. Aquella marcha, celebrada bajo la amenaza de la represión, sentó las bases de décadas de avances y continúa inspirando hoy a nuevas generaciones de activistas y aliados.

El año 2030 también marcará hitos importantes en la historia LGBTQIA+ de Barcelona: 25 años desde la legalización del matrimonio igualitario y 50 años desde la primera organización social LGBTQIA+ legalizada en España, el *Front d'Alliberament Gai de Catalunya (FAGC)*.

Hoy en día, Barcelona alberga una de las redes de sociedad civil LGBTQIA+ más activas y diversas del mundo. Decenas de entidades e iniciativas de base trabajan incansablemente en toda la ciudad para ofrecer servicios esenciales, apoyo, incidencia, visibilidad y espacios de pertenencia para todas las personas de la comunidad. Desde la asistencia sanitaria y legal hasta la programación cultural y deportiva; desde el apoyo a jóvenes y personas trans hasta las iniciativas para migrantes, personas refugiadas y personas que viven con VIH: el tejido social de Barcelona es un testimonio vivo y poderoso de fuerza colectiva, resiliencia y solidaridad.

Las instituciones, la sociedad civil y la ciudadanía de Barcelona comparten un compromiso profundo y genuino con la construcción de un mundo donde todas las personas puedan vivir libre y seguras, sin importar su identidad de género, orientación sexual u origen. Esta visión compartida no es solo aspiracional, sino que está integrada en las políticas públicas, la educación, la vida urbana y los valores comunitarios.

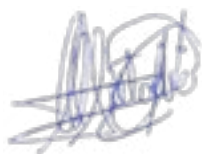

Alojar el WorldPride 2030 en Barcelona sería mucho más que una celebración. Sería un espacio seguro y una plataforma poderosa para amplificar las voces de todo el mundo —especialmente aquellas que aún sufren persecución o amenazas por ser quienes son y por defender sus derechos, así como las de comunidades históricamente infrarrepresentadas.

Imaginamos el Barcelona WorldPride 2030 como un encuentro verdaderamente inclusivo y abierto a todas las personas: un punto de encuentro global basado en el orgullo y el propósito, en la alegría y la justicia, y abierto al mundo en toda su diversidad.

Por todos estos motivos, expresamos nuestro total apoyo a la candidatura de Barcelona para acoger el WorldPride 2030 y esperamos con ilusión dar la bienvenida al mundo en una ciudad donde la diversidad no solo se respeta, sino que se abraza y celebra profundamente.

Con todo nuestro apoyo y orgullo,

Gemm276 S.L.

Barcelona ocupa un lugar destacado en la historia del movimiento por los derechos LGBTQIA+ en España y en toda Europa. Fue aquí, en 1977, donde tuvo lugar la primera manifestación LGBTQIA+ en España —un acto de valentía y resistencia que marcó el inicio de un movimiento nacional por la visibilidad, la igualdad y la dignidad. Aquella marcha, celebrada bajo la amenaza de la represión, sentó las bases de décadas de avances y continúa inspirando hoy a nuevas generaciones de activistas y aliados.

El año 2030 también marcará hitos importantes en la historia LGBTQIA+ de Barcelona: 25 años desde la legalización del matrimonio igualitario y 50 años desde la primera organización social LGBTQIA+ legalizada en España, el *Front d'Alliberament Gai de Catalunya (FAGC)*.

Hoy en día, Barcelona alberga una de las redes de sociedad civil LGBTQIA+ más activas y diversas del mundo. Decenas de entidades e iniciativas de base trabajan incansablemente en toda la ciudad para ofrecer servicios esenciales, apoyo, incidencia, visibilidad y espacios de pertenencia para todas las personas de la comunidad. Desde la asistencia sanitaria y legal hasta la programación cultural y deportiva; desde el apoyo a jóvenes y personas trans hasta las iniciativas para migrantes, personas refugiadas y personas que viven con VIH: el tejido social de Barcelona es un testimonio vivo y poderoso de fuerza colectiva, resiliencia y solidaridad.

Las instituciones, la sociedad civil y la ciudadanía de Barcelona comparten un compromiso profundo y genuino con la construcción de un mundo donde todas las personas puedan vivir libre y seguras, sin importar su identidad de género, orientación sexual u origen. Esta visión compartida no es solo aspiracional, sino que está integrada en las políticas públicas, la educación, la vida urbana y los valores comunitarios.

Alojar el WorldPride 2030 en Barcelona sería mucho más que una celebración. Sería un espacio seguro y una plataforma poderosa para amplificar las voces de todo el mundo —especialmente aquellas que aún sufren persecución o amenazas por ser quienes son y por defender sus derechos, así como las de comunidades históricamente infrarrepresentadas.

Imaginamos el Barcelona WorldPride 2030 como un encuentro verdaderamente inclusivo y abierto a todas las personas: un punto de encuentro global basado en el orgullo y el propósito, en la alegría y la justicia, y abierto al mundo en toda su diversidad.

Por todos estos motivos, expresamos nuestro total apoyo a la candidatura de Barcelona para acoger el WorldPride 2030 y esperamos con ilusión dar la bienvenida al mundo en una ciudad donde la diversidad no solo se respeta, sino que se abraza y celebra profundamente.

Con todo nuestro apoyo y orgullo,

Arena Experience S.L.

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

It is with great enthusiasm and unwavering commitment that we express our full support for Barcelona's candidacy to host WorldPride in 2030. We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTQIA+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

We envision Barcelona WorldPride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.

With full support and pride,

BARCELONA WORLDPRIDE 2030

Carta de suport

Benvolgut Comitè del WorldPride,

És amb gran entusiasme i un compromís ferm que expressem el nostre total suport a la candidatura de Barcelona per acollir el WorldPride 2030. Estem convençudes que Barcelona reuneix unes qualitats úniques per acollir amb orgull aquest esdeveniment global tan emblemàtic. No només per la seva cultura vibrant i projecció internacional, sinó sobretot pel seu profund compromís amb la diversitat, la inclusió i la comunitat LGBTQIA+.

Barcelona ocupa un lloc destacat en la història del moviment pels drets LGBTQIA+ a l'Estat espanyol i a tot Europa. Va ser aquí, l'any 1977, on va tenir lloc la primera manifestació LGBTQIA+ a l'Estat espanyol —un acte de valentia i resistència que va marcar l'inici d'un moviment estatal per la visibilitat, la igualtat i la dignitat. Aquella marxa, celebrada sota l'amenaça de la repressió, va establir les bases de dècades de progressos i continua inspirant, encara avui, noves generacions d'activistes i aliades.

L'any 2030 també marcarà fites clau en la història LGBTQIA+ de Barcelona: 25 anys de la legalització del matrimoni entre persones del mateix sexe i 50 anys de la primera organització social LGBTQIA+ legalitzada a l'Estat espanyol, el *Front d'Alliberament Gai de Catalunya (FAGC)*.

Actualment, Barcelona acull una de les xarxes de societat civil LGBTQIA+ més actives i diverses del món. Dotzenes d'entitats i iniciatives de base treballen incansablement arreu de la ciutat per oferir serveis essencials, suport, incidència, visibilitat i espais de pertinença per a totes les persones de la comunitat. Des de l'assistència sanitària i legal fins a la programació cultural i esportiva; des del suport a la joventut i a les persones trans fins a iniciatives per a migrants, persones refugiades i persones que viuen amb VIH: el teixit social de Barcelona és un testimoni viu i poderós de la força col·lectiva, la resiliència i la solidaritat.

Les institucions, la societat civil i la ciutadania de Barcelona comparteixen un profund compromís amb la construcció d'un món on tothom pugui viure lliurement i amb seguretat, independentment de la seva identitat de gènere, orientació sexual o origen. Aquesta visió compartida no és només aspiracional, sinó que està integrada en les polítiques públiques, l'educació, la vida urbana i els valors comunitaris.

Acollir el WorldPride 2030 a Barcelona seria molt més que una celebració. Seria un espai segur i una plataforma poderosa per amplificar veus d'arreu del món —especialment aquelles que encara pateixen persecució o amenaces per ser qui són i per defensar els seus drets, així com les de comunitats històricament infrarepresentades.

Imaginem el Barcelona WorldPride 2030 com una trobada veritablement inclusiva i oberta a tothom: un punt de trobada global arrelat en l'orgull i el propòsit, en l'alegria i la justícia, i obert al món en tota la seva diversitat.

Per tots aquests motius, donem el nostre suport total a la candidatura de Barcelona per acollir el WorldPride 2030 i esperem amb il·lusió donar la benvinguda al món en una ciutat on la diversitat no només és respectada, sinó profundament estimada i celebrada.

Amb tot el nostre suport i orgull,

Extremo Opuesto, S.L.

BARCELONA WORLDPRIDE 2030

Carta de apoyo

Estimado Comité del WorldPride,

Es con gran entusiasmo y un firme compromiso que expresamos nuestro total apoyo a la candidatura de Barcelona para acoger el WorldPride 2030. Creemos firmemente que Barcelona posee unas cualidades únicas para ser la anfitriona de este evento global tan emblemático. No solo por su vibrante cultura y proyección internacional, sino, sobre todo, por su profundo compromiso con la diversidad, la inclusión y la comunidad LGBTQIA+.

Barcelona ocupa un lugar destacado en la historia del movimiento por los derechos LGBTQIA+ en España y en toda Europa. Fue aquí, en 1977, donde tuvo lugar la primera manifestación LGBTQIA+ en España —un acto de valentía y resistencia que marcó el inicio de un movimiento nacional por la visibilidad, la igualdad y la dignidad. Aquella marcha, celebrada bajo la amenaza de la represión, sentó las bases de décadas de avances y continúa inspirando hoy a nuevas generaciones de activistas y aliados.

El año 2030 también marcará hitos importantes en la historia LGBTQIA+ de Barcelona: 25 años desde la legalización del matrimonio igualitario y 50 años desde la primera organización social LGBTQIA+ legalizada en España, el *Front d'Alliberament Gai de Catalunya (FAGC)*.

Hoy en día, Barcelona alberga una de las redes de sociedad civil LGBTQIA+ más activas y diversas del mundo. Decenas de entidades e iniciativas de base trabajan incansablemente en toda la ciudad para ofrecer servicios esenciales, apoyo, incidencia, visibilidad y espacios de pertenencia para todas las personas de la comunidad. Desde la asistencia sanitaria y legal hasta la programación cultural y deportiva; desde el apoyo a jóvenes y personas trans hasta las iniciativas para migrantes, personas refugiadas y personas que viven con VIH: el tejido social de Barcelona es un testimonio vivo y poderoso de fuerza colectiva, resiliencia y solidaridad.

Las instituciones, la sociedad civil y la ciudadanía de Barcelona comparten un compromiso profundo y genuino con la construcción de un mundo donde todas las personas puedan vivir libre y seguras, sin importar su identidad de género, orientación sexual u origen. Esta visión compartida no es solo aspiracional, sino que está integrada en las políticas públicas, la educación, la vida urbana y los valores comunitarios.

Alojar el WorldPride 2030 en Barcelona sería mucho más que una celebración. Sería un espacio seguro y una plataforma poderosa para amplificar las voces de todo el mundo —especialmente aquellas que aún sufren persecución o amenazas por ser quienes son y por defender sus derechos, así como las de comunidades históricamente infrarrepresentadas.

Imaginamos el Barcelona WorldPride 2030 como un encuentro verdaderamente inclusivo y abierto a todas las personas: un punto de encuentro global basado en el orgullo y el propósito, en la alegría y la justicia, y abierto al mundo en toda su diversidad.

Por todos estos motivos, expresamos nuestro total apoyo a la candidatura de Barcelona para acoger el WorldPride 2030 y esperamos con ilusión dar la bienvenida al mundo en una ciudad donde la diversidad no solo se respeta, sino que se abraza y celebra profundamente.

Con todo nuestro apoyo y orgullo,

Extremo Opuesto, S.L.

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

We are pleased to express our support for Barcelona's candidacy to host WorldPride 2030.

Barcelona is widely recognised for its international outlook, cultural vibrancy, and longstanding commitment to diversity, equity and inclusion. The city brings together a strong network of institutions, organisations and community groups that contribute to an environment where the LGBTQIA+ community is supported and visible.

We believe that hosting WorldPride in Barcelona would provide an opportunity to bring people together from across the world to celebrate progress and promote greater understanding and inclusion. The city's experience in hosting global events, combined with its inclusive spirit, positions it well to deliver a meaningful and impactful WorldPride.

We are proud to support Barcelona's bid and wish the committee every success in the selection process.

Yours sincerely,

King

Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

We envision Barcelona WorldPride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.

With full support and pride,

Ana Ochoa, as representative of the Company NESTLÉ GLOBAL SERVICES, S.L.

BARCELONA WORLDPRIDE 2030

Endorsement Letter

Dear WorldPride Committee,

We are proud to express our strong support for Barcelona's candidacy to host WorldPride 2030. Barcelona is a city shaped by a long-standing commitment to diversity, equality, and inclusion, and it has played a historic role in advancing LGBTQIA+ rights in Spain and Europe since the first demonstration in 1977.

Today, Barcelona is home to one of the most vibrant LGBTQIA+ civil society networks in the world, supported by institutions, communities, and a deeply engaged social fabric. In 2030, the city will also commemorate key milestones: 25 years of marriage equality and 50 years since the legalization of the first LGBTQIA+ organization in Spain, the Front d'Alliberament Gai de Catalunya.

Barcelona's economic ecosystem stands firmly behind these values. Businesses across all sectors actively promote inclusive workplaces, support LGBTQIA+ talent, and invest in initiatives that foster equal opportunities. The city also hosts a thriving LGBTQIA+-focused economy -including shops, bars, restaurants, cultural venues, nightlife, and leisure spaces- that not only enriches Barcelona's social life but also demonstrates a strong, long-term commitment to visibility, safety, and community wellbeing.

Hosting WorldPride 2030 in Barcelona would offer a powerful platform to amplify diverse voices worldwide, especially those facing discrimination or underrepresentation. We envision a truly inclusive gathering that unites pride with purpose and welcomes the world to a city where diversity is embraced as a core value.

For these reasons, we wholeheartedly endorse Barcelona's bid for WorldPride 2030.

With full support and pride,

David Martí / Nightbarcelona

BARCELONA WORLDPRIDE 2030

Carta de suport

Benvolgut Comitè del WorldPride,

És amb gran entusiasme i un compromís ferm que expressem el nostre total suport a la candidatura de Barcelona per acollir el WorldPride 2030. Estem convençudes que Barcelona reuneix unes qualitats úniques per acollir amb orgull aquest esdeveniment global tan emblemàtic. No només per la seva cultura vibrant i projecció internacional, sinó sobretot pel seu profund compromís amb la diversitat, la inclusió i la comunitat LGBTQIA+.

Barcelona ocupa un lloc destacat en la història del moviment pels drets LGBTQIA+ a l'Estat espanyol i a tot Europa. Va ser aquí, l'any 1977, on va tenir lloc la primera manifestació LGBTQIA+ a l'Estat espanyol —un acte de valentia i resistència que va marcar l'inici d'un moviment estatal per la visibilitat, la igualtat i la dignitat. Aquella marxa, celebrada sota l'amenaça de la repressió, va establir les bases de dècades de progressos i continua inspirant, encara avui, noves generacions d'activistes i aliades.

L'any 2030 també marcarà fites clau en la història LGBTQIA+ de Barcelona: 25 anys de la legalització del matrimoni entre persones del mateix sexe i 50 anys de la primera organització social LGBTQIA+ legalitzada a l'Estat espanyol, el *Front d'Alliberament Gai de Catalunya (FAGC)*.

Actualment, Barcelona acull una de les xarxes de societat civil LGBTQIA+ més actives i diverses del món. Dotzenes d'entitats i iniciatives de base treballen incansablement arreu de la ciutat per oferir serveis essencials, suport, incidència, visibilitat i espais de pertinença per a totes les persones de la comunitat. Des de l'assistència sanitària i legal fins a la programació cultural i esportiva; des del suport a la joventut i a les persones trans fins a iniciatives per a migrants, persones refugiades i persones que viuen amb VIH: el teixit social de Barcelona és un testimoni viu i poderós de la força col·lectiva, la resiliència i la solidaritat.

Les institucions, la societat civil i la ciutadania de Barcelona comparteixen un profund compromís amb la construcció d'un món on tothom pugui viure lliurement i amb seguretat, independentment de la seva identitat de gènere, orientació sexual o origen. Aquesta visió compartida no és només aspiracional, sinó que està integrada en les polítiques públiques, l'educació, la vida urbana i els valors comunitaris.

Acollir el WorldPride 2030 a Barcelona seria molt més que una celebració. Seria un espai segur i una plataforma poderosa per amplificar veus d'arreu del món —especialment aquelles que encara pateixen persecució o amenaces per ser qui són i per defensar els seus drets, així com les de comunitats històricament infrarepresentades.

Imaginem el Barcelona WorldPride 2030 com una trobada veritablement inclusiva i oberta a tothom: un punt de trobada global arrelat en l'orgull i el propòsit, en l'alegria i la justícia, i obert al món en tota la seva diversitat.

Per tots aquests motius, donem el nostre suport total a la candidatura de Barcelona per acollir el WorldPride 2030 i esperem amb il·lusió donar la benvinguda al món en una ciutat on la diversitat no només és respectada, sinó profundament estimada i celebrada.

Amb tot el nostre suport i orgull,

BARCELONA WORLDPRIDE 2030

Carta de apoyo

Estimado Comité del WorldPride,

Es con gran entusiasmo y un firme compromiso que expresamos nuestro total apoyo a la candidatura de Barcelona para acoger el WorldPride 2030. Creemos firmemente que Barcelona posee unas cualidades únicas para ser la anfitriona de este evento global tan emblemático. No solo por su vibrante cultura y proyección internacional, sino, sobre todo, por su profundo compromiso con la diversidad, la inclusión y la comunidad LGBTQIA+.

Barcelona ocupa un lugar destacado en la historia del movimiento por los derechos LGBTQIA+ en España y en toda Europa. Fue aquí, en 1977, donde tuvo lugar la primera manifestación LGBTQIA+ en España —un acto de valentía y resistencia que marcó el inicio de un movimiento nacional por la visibilidad, la igualdad y la dignidad. Aquella marcha, celebrada bajo la amenaza de la represión, sentó las bases de décadas de avances y continúa inspirando hoy a nuevas generaciones de activistas y aliados.

El año 2030 también marcará hitos importantes en la historia LGBTQIA+ de Barcelona: 25 años desde la legalización del matrimonio igualitario y 50 años desde la primera organización social LGBTQIA+ legalizada en España, el *Front d'Alliberament Gai de Catalunya (FAGC)*.

Hoy en día, Barcelona alberga una de las redes de sociedad civil LGBTQIA+ más activas y diversas del mundo. Decenas de entidades e iniciativas de base trabajan incansablemente en toda la ciudad para ofrecer servicios esenciales, apoyo, incidencia, visibilidad y espacios de pertenencia para todas las personas de la comunidad. Desde la asistencia sanitaria y legal hasta la programación cultural y deportiva; desde el apoyo a jóvenes y personas trans hasta las iniciativas para migrantes, personas refugiadas y personas que viven con VIH: el tejido social de Barcelona es un testimonio vivo y poderoso de fuerza colectiva, resiliencia y solidaridad.

Las instituciones, la sociedad civil y la ciudadanía de Barcelona comparten un compromiso profundo y genuino con la construcción de un mundo donde todas las personas puedan vivir libre y seguras, sin importar su identidad de género, orientación sexual u origen. Esta visión compartida no es solo aspiracional, sino que está integrada en las políticas públicas, la educación, la vida urbana y los valores comunitarios.

Alojar el WorldPride 2030 en Barcelona sería mucho más que una celebración. Sería un espacio seguro y una plataforma poderosa para amplificar las voces de todo el mundo —especialmente aquellas que aún sufren persecución o amenazas por ser quienes son y por defender sus derechos, así como las de comunidades históricamente infrarrepresentadas.

Imaginamos el Barcelona WorldPride 2030 como un encuentro verdaderamente inclusivo y abierto a todas las personas: un punto de encuentro global basado en el orgullo y el propósito, en la alegría y la justicia, y abierto al mundo en toda su diversidad.

Por todos estos motivos, expresamos nuestro total apoyo a la candidatura de Barcelona para acoger el WorldPride 2030 y esperamos con ilusión dar la bienvenida al mundo en una ciudad donde la diversidad no solo se respeta, sino que se abraza y celebra profundamente.

Con todo nuestro apoyo y orgullo,

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

On behalf of Respira Comunicació, an agency specialized in strategy, communication, and socially impactful projects related to diversity and the LGTBIQ+ community, we wish to express our strong support for Barcelona's candidacy to host WorldPride 2030.

We believe that this candidacy represents a historic opportunity to position Barcelona as an international benchmark not only in celebration, but also in rights, culture, critical thinking, and social innovation linked to diversity.

WorldPride 2030 has the potential to generate a positive impact in three key dimensions:

- **Social**, by reinforcing institutional and business commitment to equality and inclusion.
- **Cultural**, by consolidating the city as a space for the production and projection of diverse narratives.
- **Economic**, by stimulating the business ecosystem and attracting talent, investment, and responsible tourism.

From our professional perspective, we view communication as a tool for transformation. Therefore, we believe that an event of this magnitude not only projects a city's image, but also builds narrative, cohesion, and real impact.

Barcelona has the institutional, associative, and business capacity to lead this project with competence, rigor, and international ambition.

For all these reasons, we express our support for the candidacy and make ourselves available to contribute, from our field of expertise, to making WorldPride 2030 a transformative and exemplary event.

With pride,

Roberto Regal Quilez con DNI 20474086S

CEO de Respira Comunicació con CIF B12999025

We firmly believe that Barcelona stands uniquely qualified to host proudly this iconic global event. Not only for its vibrant culture and international reach, but above all for its deep-rooted commitment to diversity, inclusion, and the LGBTQIA+ community.

Barcelona holds a distinguished place in the history of the LGBTQIA+ rights movement in Spain and across Europe. It was here, in 1977, that the very first LGBTQIA+ demonstration in Spain took place. An act of courage and resistance that marked the beginning of a nationwide movement for visibility, equality, and dignity. That march, held under the threat of repression, laid the foundation for decades of progress and continues to inspire future generations of activists and allies to this day.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona is home to one of the most active and diverse LGBTQIA+ civil society networks in the world. Dozens of organizations and grassroots initiatives work tirelessly across the city to provide essential services, support, advocacy, visibility and spaces of belonging for every part and members of our community. From health and legal assistance to cultural and sports programming, from youth and trans support to initiatives for migrants, refugees and people living with HIV; Barcelona's social fabric is a living and powerful testament to collective strength, resilience and solidarity.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

Hosting WorldPride 2030 in Barcelona would be far more than a celebration. It would serve as both a safe space and a powerful platform to amplify voices from around the world, especially those who face persecution and threats for just being who they are and for fighting for their rights. As well as those from historically underrepresented communities.

We envision Barcelona WorldPride 2030 as a truly inclusive gathering for everyone: a global meeting point rooted in both pride and purpose, joy and justice, and open to the world in all its diversity.

For all these reasons, we fully endorse Barcelona's bid to host WorldPride 2030 and look forward to welcoming the world to a city where diversity is not only respected, but deeply embraced and celebrated.

With full support and pride,

Jesús M. Garrote

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

We are pleased to express our support for Barcelona's candidacy to host WorldPride 2030.

We believe that Barcelona stands qualified to host proudly this iconic global event.

Barcelona is a city with a long-standing and meaningful commitment to diversity, inclusion, and LGBTQIA+ rights. From hosting Spain's first LGBTQIA+ demonstration in 1977 to nurturing one of the most active and diverse LGBTQIA+ civil society communities in Europe, the city has consistently stood at the forefront of the global movement for equality.

Barcelona also marks key milestones in LGBTQIA+ history in 2030: 25 years since the legalization of same-sex marriage, and 50 years since the first legalized LGBTQIA+ social organization in Spain, the Front d'Alliberament Gai de Catalunya (FAGC).

Today, Barcelona continues to serve as a vibrant, safe, and welcoming space for LGBTQIA+ individuals and organizations. Its network of grassroots groups, community initiatives, and supportive public institutions work tirelessly to promote visibility, protection, and human rights.

The city's institutions, civil society, and residents share a deep and genuine commitment to building a world where everyone can live freely and safely, regardless of gender identity, sexual orientation, or background. This shared vision is not merely aspirational, it is embedded in public policy, education, urban life, and community values.

We believe that Barcelona WorldPride 2030 would be far more than a celebration. It would be a global platform to amplify diverse voices, especially from communities facing persecution or discrimination, and a space to strengthen international collaboration for LGBTQIA+ rights.

For these reasons, we are proud to endorse Barcelona's bid and look forward to the possibility of seeing the world come together in a city that embraces equality.

With full support,

Matt Skallerud, Pink Media
President

BARCELONA WORLDPRIDE 2030

CARTA DE SUPORT

Benvolgut Comitè de WorldPride,

El meu nom és Gal·la Rouge, i m'adreço a vosaltres com a veu, referent i activista del col·lectiu LGTBIQ+ al Camp de Tarragona.

És amb profunda emoció, convicció i sentit de responsabilitat que expresso el meu suport total i ferm a la candidatura de Barcelona per acollir el WorldPride 2030.

Barcelona no és només una ciutat; és un símbol. Un símbol de resistència, visibilitat i progrés. Des de la valenta manifestació de 1977 fins als drets que avui continuem defensant, Barcelona ha estat un far d'esperança per a moltes de nosaltres que hem crescut, lluitat i ens hem trobat dins d'aquest moviment.

Com a persona que prové d'un territori més enllà dels grans nuclis urbans, sé de primera mà com n'és d'important sentir-se representada, reconeguda i connectada. El WorldPride 2030 a Barcelona no només pertanyeria a la ciutat, sinó a totes nosaltres: a cada persona de cada poble, de cada espai rural, de cada racó on ser una mateixa no sempre ha estat fàcil.

És per això que aquesta candidatura és tan important.

Acollir el WorldPride a Barcelona seria un acte de reconeixement, no només dels avenços assolits, sinó també de les lluites que encara avui marquen les nostres vides. Donaria visibilitat a veus massa sovint silenciades, i força a aquelles persones que continuen lluitant cada dia per la dignitat, el respecte i la igualtat.

Però, sobretot, seria una demostració poderosa d'unitat.

Unitat entre territoris.

Unitat entre generacions.

Unitat dins de la diversitat que ens defineix.

Perquè la nostra força sempre ha nascut de caminar juntes, de transformar el dolor en orgull, i de convertir la visibilitat en canvi.

Barcelona WorldPride 2030 té el poder d'inspirar el món, de protegir aquelles persones que encara són vulnerables, i de celebrar qui som amb honestedat, coratge i amor.

Per tots aquests motius, dono el meu suport ferm i sincer a la candidatura de Barcelona.

Amb orgull, força i unitat,

Gal·la Rouge, Activista i referent LGTBIQ+ del Camp de Tarragona

BARCELONA WORLDPRIDE 2030

ENDORSEMENT LETTER

Dear WorldPride Committee,

My name is Gal·la Rouge, and I write to you as a proud voice, representative, and activist of the LGTBIQ+ community in the Camp de Tarragona.

It is with deep emotion, conviction, and responsibility that I express my full and unwavering support for Barcelona's candidacy to host WorldPride 2030.

Barcelona is not just a city; it is a symbol. A symbol of resistance, visibility, and progress. From the first brave demonstration in 1977 to the rights we continue to defend today, Barcelona has been a beacon of hope for many of us who have grown, struggled, and found ourselves within this movement.

As someone who comes from a territory beyond the big urban centers, I know firsthand how important it is to feel represented, recognized, and connected. WorldPride 2030 in Barcelona would not only belong to the city, it would belong to all of us: to every person in every town, every rural space, every corner where being yourself has not always been easy.

This is why this candidacy matters so deeply.

Hosting WorldPride in Barcelona would be an act of recognition, not only of past achievements, but of the ongoing struggles that still shape our lives. It would give visibility to voices that are too often silenced, and strength to those who continue to fight every day for dignity, respect, and equality.

But above all, it would be a powerful demonstration of unity.

Unity between territories.

Unity between generations.

Unity within the diversity that defines us.

Because our strength has always come from standing together, from transforming pain into pride, and from turning visibility into change.

Barcelona WorldPride 2030 has the power to inspire the world, to protect those who are still vulnerable, and to celebrate who we are with honesty, courage, and love.

For all these reasons, I proudly and wholeheartedly support Barcelona's candidacy.

With pride, strength, and unity,

Gal·la Rouge, LGTBIQ+ Activist and Representative of Camp de Tarragona

TOGETHER

“Let's not allow fear to shape our strategy. When fear dictates our decisions, the rollback has already begun. If we show fear in the face of the possible loss of our rights, we are already losing them.” Maria Giralt, 2026
